Ken Nolan,Steve Zaillian

Black Hawk Down Mark Bowden, 2010-04-01 #1 New York Times Bestseller: The “riveting” account of the 1993 operation in Mogadishu—the longest sustained firefight involving US troops since Vietnam (The Wall Street Journal). On October 3, 1993, about a hundred elite US soldiers were dropped by helicopter into the teeming market in the heart of Mogadishu, Somalia. Their mission was to abduct two top lieutenants of a Somali warlord and return to base. It was supposed to take an hour. Instead, they found themselves pinned down through a long and terrible night fighting against thousands of heavily armed Somalis. The following morning, eighteen Americans were dead and more than seventy had been badly wounded. Drawing on interviews from both sides, army records, audiotapes, and videos (some of the material is still classified), Bowden’s minute-by-minute narrative is one of the most exciting accounts of modern combat ever written—a true story that captures the heroism, courage, and brutality of battle. “One of the most gripping and authoritative accounts of combat ever written.” —USA Today “Journalistic writing at its best.” —The Boston Globe “Vivid, immediate, and unsparing.” —The Washington Post Includes a new afterword

Black Hawk Down Ken Nolan, Steve Zaillian, 2002-03-25 New in the acclaimed series—based on the bestselling book by Mark Bowden, the new movie from acclaimed director Ridley Scott (Gladiator), and renowned producer Jerry Bruckheimer (Pearl Harbor) starring Josh Hartnett, coming from Revolution Studios and distributed by Columbia Pictures in January 2002. Based on actual events, Black Hawk Down is the heroic account of a group of elite US soldiers sent into Mogadishu, Somalia in 1993 as part of a UN peacekeeping operation to quell the civil war and famine ravaging the country. Young Rangers and veteran Delta Force soldiers fight side by side against overwhelming odds. For eighteen harrowing hours, outnumbered and surrounded, tensions flare, friends are lost, alliances are formed and soldiers learn the true nature of war and heroism. The cast also includes: Eric Bana, Ewan McGregor, Tom Sizemore, William Fichtner, and Sam Shepard. 20 b/w photos. credits.

In the Company of Heroes Michael J. Durant, Steven Hartov, 2004-05-04 Revealing never-before-told stories with the incisive thought and emotion of one who was there. The author does not pull any punches...his story, is one of great bravery, of going to hell and making it back. —Indianapolis Star His battered face appeared on the cover of Time, Newsweek, and U.S. News & World Report to the shock and horror of all Americans. Black Hawk pilot Mike Durant was shot down and taken prisoner during America's biggest firefight since the Vietnam War. Published in the tenth anniversary year of the Somali conflict, this gripping personal account at last tells the world about Durant's harrowing captivity and the heroic deeds of his doomed comrades. And, as readers will discover, Durant proves himself to be nothing less than a hero.

The Battle of Mogadishu Matt Eversmann, Dan Schilling, 2005-07-26 “No matter how skilled the writer of nonfiction, you are always getting the story secondhand. Here’s a chance to go right to the source. . . . These men were there.” —MARK BOWDEN (from the Foreword) It started as a mission to capture a Somali warlord. It turned into a disastrous urban firefight and death-defying rescue operation that shocked the world and rattled a great nation. Now the 1993 battle for Mogadishu, Somalia—the incident that was the basis of the book and film Black Hawk Down—is remembered by the men who fought and survived it. Six of the best in our military recall their brutal experiences and brave contributions in these never-before-published, firstperson accounts. “Operation Gothic Serpent,” by Matt Eversmann: As a “chalk” leader, Eversmann was part of the first group of Rangers to “fast rope” from the Black Hawk helicopters. It was his chalk that suffered the first casualty of the battle. “Sua Sponte: Of Their Own Accord,” by Raleigh Cash: Responsible for controlling and directing fire support for the platoon, Cash entered the raging battle in the ground convoy sent to rescue his besieged brothers in arms. “Through My Eyes,” by Mike Kurth: One of only two African Americans in the battle, Kurth confronted his buddies’ deaths, realizing that “the only people whom I had let get anywhere near me since I was a child were gone.” “What Was Left Behind,” by John Belman: He roped into the biggest firefight of the battle and considers some of the mistakes that were made, such as using Black Hawk helicopters to provide sniper cover. “Be Careful What You Wish For,” by Tim Wilkinson: He was one of the Air Force pararescuemen or PJs—the highly trained specialists for whom “That Others May Live” is no catchphrase but a credo—and sums up his incomprehensible courage as “just holding up my end of the deal on a bad day.” “On Friendship and Firefights,” by Dan Schilling: As a combat controller, he was one of the original planners for the deployment of SOF forces to Mogadishu in the spring of 1993. During the battle, he survived the initial assault and carnage of the vehicle convoys only to return to the city to rescue his two closest friends, becoming, literally, “Last Out.” With America’s withdrawal from Somalia an oft-cited incitement to Osama bin Laden, it is imperative to revisit this seminal military mission and learn its lessons from the men who were there and, amazingly, are still here.

Madness in Mogadishu Lt. Col. Michael Whetstone, USA (Ret.), 2015-05-15 On the afternoon of October 3, 1993, two Black Hawk helicopters were shot down over the Somali capital of Mogadishu, leaving a handful of U.S. Army Rangers and Delta Force operators at the mercy of several thousand approaching militants. Ordered to go find the glow—the burning wreckage—hard-charging Capt. Mike Whetstone, commander of a Quick Reaction Company in the 10th Mountain Division, led part of the convoy sent to rescue the survivors. This powerfully vivid story of modern war is the intense firsthand account of the mission to find the crash site and retrieve the downed soldiers. • Raw descriptions of urban combat in the labyrinthine streets and shantytowns of Mogadishu • Complements the bestselling book and Oscar-winning movie Black Hawk Down, which recounts these events primarily

from the perspective of the Rangers and Delta Force • Presents battle-tested lessons for young leaders

Hue 1968 Mark Bowden,2017-06-06 The author of *Black Hawk Down* vividly recounts a pivotal Vietnam War battle in this New York Times bestseller: “An extraordinary feat of journalism”. —Karl Marlantes, *Wall Street Journal* In Hue 1968, Mark Bowden presents a detailed, day-by-day reconstruction of the most critical battle of the Tet Offensive. In the early hours of January 31, 1968, the North Vietnamese launched attacks across South Vietnam. The lynchpin of this campaign was the capture of Hue, Vietnam’s intellectual and cultural capital. 10,000 troops descended from hidden camps and surged across the city, taking everything but two small military outposts. American commanders refused to believe the size and scope of the siege, ordering small companies of marines against thousands of entrenched enemy troops. After several futile and deadly days, Lieutenant Colonel Ernie Cheatham would finally come up with a strategy to retake the city block by block, in some of the most intense urban combat since World War II. With unprecedented access to war archives in the United States and Vietnam and interviews with participants from both sides, Bowden narrates each stage of this crucial battle through multiple viewpoints. Played out over 24 days and ultimately costing 10,000 lives, the Battle of Hue was by far the bloodiest of the entire war. When it ended, the American debate was never again about winning, only about how to leave. The Road to Unafraid Jeff Struecker,Dean Merrill,2009-08-24 Jeff Struecker, a *Black Hawk Down* hero, the Army's Top Ranger, now an Army Chaplain, relates his own tales from the frontlines of every U.S. initiative since Panama, and tells how God taught him faith from the front in fear-soaked times. As readers go on-mission with Struecker through his harrowing tales, they will learn how to face their own fears with faith in a mighty God. Just as he told one of his charges in Mogadishu: The difference between being a coward and a hero is not whether you're scared, it's what you do while you're scared.

Gothic Serpent Clayton K. S. Chun,2012-05-20 This book tells the story of Task Force Ranger – a unit of US Rangers and Special Forces – and their attempt to capture the lieutenants of the Somali warlord Muhamed Farrah Aideed, during the 1993 United Nations' humanitarian relief mission. What started as a simple snatch-and-grab mission quickly degenerated into a desperate battle for survival when US Black Hawk helicopters were struck by rocket-propelled grenades and crashed into the streets of Mogadishu. Racing to save the crew, Task Force Ranger was surrounded by mobs of hostile Somali gunmen. The battle in the city raged all night as the better-equipped and better-trained US forces kept the nearly overwhelming numbers of Somalis at bay. Finally, battered, bloodied, and low on ammunition, the Task Force was rescued by a combined UN and US relief force and extracted to safety. Containing detailed maps and declassified information, this is a dramatic retelling of a brutal battle that had a far-reaching impact on US military policy.

Day of the Rangers Leigh Neville,2018-09-20 A story of equipment failures, bad luck, poor planning and unbelievable courage written 25 years after the battle, this new book by Leigh Neville reveals the hard-hitting truth of what happened minute by minute in the dusty streets of Mogadishu. On October 3, 1993, Task Force Ranger was dispatched to seize two high-profile lieutenants of a Somali warlord. Special Forces troops were transported by ground vehicles and helicopters, and the mission was meant to be over within the hour. They quickly found themselves under heavy fire, and two Black Hawk helicopters were shot down. With a hastily organized relief column many hours away, the American troops faced a desperate battle for survival. Focusing on the stories of the soldiers on the ground, and in the air, *Day of the Rangers* reveals the experiences and recollections of the Special Forces units, including the Rangers, Delta operators and Nightstalker crews who fought in the battle of Mogadishu. Published to mark the

battle's 25th anniversary and using recently declassified documents and new interviews with many of the participants, Day of the Rangers is a fascinating and revealing new history of a battle that would influence American Special Forces for decades to come.
