Hugh Pendexter

*Shawnee Heritage II* Don Greene,2014-12-02 This is the second volume in the series of Shawnee Heritage books by Don Greene. In this volume, Don traces the lineages of some prominent Shawnee, including Cornstalk, Tecumseh and many others. His research reveals relationships by intermarriage and adoption of the Shawnee with a number of other Native American nations, such as the Powhatan, Cherokee and Creek. This work pulls together the entries from Shawnee Heritage I, updates them, and puts them in a coherent genealogical framework. This is a valuable book for those with Native American roots, an interest in all things Shawnee or as an aid in scholarly research. Several appendices provide a linguistic, cultural and historical context and present Don's view of the rich Heritage of the Shawnee.

**Tecumseh** John Sugden,2013-07-02 If Sitting Bull is the most famous Indian, Tecumseh is the most revered. Although Tecumseh literature exceeds that devoted to any other Native American, this is the first reliable biography--thirty years in the making--of the shadowy figure who created a loose confederacy of diverse Indian tribes that extended from the Ohio territory northeast to New York, south into the Florida peninsula, westward to Nebraska, and north into Canada. A warrior as well as a diplomat, the great Shawnee chief was a man of passionate ambitions. Spurred by commitment and served by a formidable battery of personal qualities that made him the principal organizer and the driving force of confederacy, Tecumseh kept the embers of resistance alive against a federal government that talked cooperation but practiced genocide following the Revolutionary War. Tecumseh does not stand for one tribe or nation, but for all Native Americans. Despite his failed attempt at solidarity, he remains the ultimate symbol of effort and courage, unity and fraternity.

*The Eastern Shawnee Tribe of Oklahoma* Stephen Warren,2017-10-16 Non-Indians have amassed extensive records of Shawnee leaders dating back to the era between the French and Indian War and the War of 1812. But academia has largely ignored the stories of these leaders' descendants—including accounts from the Shawnees' own perspectives. The Eastern Shawnee Tribe of Oklahoma focuses on the nineteenth- and twentieth-century experiences of the Eastern Shawnee Tribe, presenting a new brand of tribal history made possible by the emergence of tribal communities' own research centers and the resources afforded by the digital age. Offering various perspectives on the history of the Eastern Shawnees, this volume combines essays by leading and emerging scholars of Shawnee history with contributions by Eastern Shawnee citizens and interviews with tribal elders. Editor Stephen Warren introduces the collection, acknowledging that the questions and concerns of colonizers have dominated the themes of American Indian history for far too long. The essays that follow introduce readers to the story of the Eastern Shawnees and consider treaties with the U.S. government, laws impacting the tribe, and tribal leadership. They analyze the Eastern Shawnees' ways of telling the tribe's stories, detail Shawnee experiences of federal boarding schools, and recount stories of their chiefs. The book concludes with five tribal members' life histories, told in their own words. The Eastern Shawnee Tribe of Oklahoma is the culmination of years of collaboration between tribal citizens and Native as well as non-Native scholars. Providing a fuller, more nuanced, and more complete portrayal of Native American historical experiences, this book serves as a resource for both future scholars and tribal members to reconstruct the Eastern Shawnee past and thereby better understand the present. This book was made possible through generous funding from the Administration for Native Americans.

*The American Shetland Club Stud Book* American Shetland Pony Club,1913

**Race, Removal, and the Right to Remain** Samantha Seeley,2021-08-05 Who had the right to live within the newly united states of America? In the country's founding decades, federal and state politicians debated which categories of people could remain and

which should be subject to removal. The result was a white Republic, purposefully constructed through contentious legal, political, and diplomatic negotiation. But, as Samantha Seeley demonstrates, removal, like the right to remain, was a battle fought on multiple fronts. It encompassed tribal leaders' fierce determination to expel white settlers from Native lands and free African Americans' legal maneuvers both to remain within the states that sought to drive them out and to carve out new lives in the West. Never losing sight of the national implications of regional conflicts, Seeley brings us directly to the battlefield, to middle states poised between the edges of slavery and freedom where removal was both warmly embraced and hotly contested. Reorienting the history of U.S. expansion around Native American and African American histories, Seeley provides a much-needed reconsideration of early nation building.

**The Land of the Miamis** Elmore Barce, 1922

**Horse Hoof Care** Cherry Hill, Richard Klimesh, 2009-01-01 Cherry Hill, America's most trusted equine expert, teams up with Richard Klimesh, a professional farrier and her frequent writing partner, to address the twin topics of hoof care and horseshoeing. Proper hoof care is one of the most important contributors to a horse's health and well-being. Without sound, well-maintained hooves, an otherwise healthy horse can become lethargic, grouchy, and sullen. With healthy hooves, a horse's noble personality shines. Horse Hoof Care covers what every horse owner needs to know about this critical key to a horse's overall health and performance. Hill and Klimesh explain the anatomy of the hoof, the role of the farrier, and all the principles of good care and maintenance. They also address the ongoing debate on whether or not to shoe and how to proceed with either choice. From addressing gait problems to training a horse for shoeing, and from feeding a balanced diet to performing daily hoof checks, if it affects horse foot health, it's covered here. As with many aspects of horse care, daily routines and consistent treatment can prevent future problems, but even with the best care, horses may develop foot ailments. Readers will find comprehensive coverage of lost shoes, hoof cracks, thrush, clubfoot, contracted heels, and many other common problems, along with advice on treatment. A complete chapter on issues that require a veterinarian tells readers exactly what to look for and how to proceed. Horse Hoof Care is the fifth book in Cherry Hill's Horsekeeping Skills Library, dedicated to giving horse owners the information they need to care for horses in every situation.

**Life of Tecumseh** Benjamin Drake, 2020-07-29 Reproduction of the original: Life of Tecumseh by Benjamin Drake

**Life of Tecumseh and of His Brother the Prophet** Benjamin Drake, 1841

Prophets of the Great Spirit Alfred A. Cave, 2006-01-01 Prophets of the Great Spirit offers an in-depth look at the work of a diverse group of Native American visionaries who forged new, syncretic religious movements that provided their peoples with the ideological means to resist white domination. By blending ideas borrowed from Christianity with traditional beliefs, they transformed ?high? gods or a distant and aloof creator into a powerful, activist deity that came to be called the Great Spirit. These revitalization leaders sought to regain the favor of the Great Spirit through reforms within their societies and the inauguration of new ritual practices. Among the prophets included in this study are the Delaware Neolin, the Shawnee Tenkwatawa, the Creek ?Red Stick? prophets, the Seneca Handsome Lake, and the Kickapoo Kenekuk. Covering more than a century, from the early 1700s through the Kickapoo Indian removal of the Jacksonian Era, the prophets of the Great Spirit sometimes preached armed resistance but more often used nonviolent strategies to resist white cultural domination. Some prophets rejected virtually all aspects of Euro-

American culture. Others sought to assure the survival of their culture through selective adaptation. Alfred A. Cave explains the conditions giving rise to the millenarian movements in detail and skillfully illuminates the key histories, personalities, and legacies of the movement. Weaving an array of sources into a compelling narrative, he captures the diversity of these prophets and their commitment to the common goal of Native American survival.
