

Blade Runner

Philip K. Dick

The Blade Runner Experience Will Brooker, 2006-02-21 Since its release in 1982, Ridley Scott's Blade Runner, based on Philip K. Dick's novel Do Androids Dream of Electric Sheep?, has remained a cult classic through its depiction of a futuristic Los Angeles; its complex, enigmatic plot; and its underlying questions about the nature of human identity. The Blade Runner Experience: The Legacy of a Science Fiction Classic examines the film in a broad context, examining its relationship to the original novel, the PC game, the series of sequels, and the many films influenced by its style and themes. It investigates Blade Runner online fandom and asks how the film's future city compares to the present-day Los Angeles, and it revisits the film to pose surprising new questions about its characters and their world.

The Bladerunner Alan E Nourse, 2013-04-12 Billy Gimp was a bladerunner . . . one of the shadowy procurers of illegal medical supplies for the rapidly expanding, nightmare world of the medical black market. Doc was a skilled surgeon at a government-operated hospital by day . . . and an underground physician by night, providing health care for the multitudes who could not - or would not - qualify for legal medical assistance. Trapped by Health Control Police, Billy Gimp knew he had to warn Doc that they were closing in on him. But something even more deadly than the law had already made its first move . . . a new plague that Health Control could not handle!

Blade Runner Scott Bukatman, 2017-10-26 Ridley Scott's dystopian classic Blade Runner, an adaptation of Philip K. Dick's novel, Do Androids Dream of Electric Sheep?, combines noir with science fiction to create a groundbreaking cyberpunk vision of urban life in the twenty-first century. With replicants on the run, the rain-drenched Los Angeles which Blade Runner imagines is a city of oppression and enclosure, but a city in which transgression and disorder can always erupt. Graced by stunning sets, lighting, effects, costumes and photography, Blade Runner succeeds brilliantly in depicting a world at once uncannily familiar and startlingly new. In his innovative and nuanced reading, Scott Bukatman details the making of Blade Runner and its steadily improving fortunes following its release in 1982. He situates the film in terms of debates about postmodernism, which have informed much of the criticism devoted to it, but argues that its tensions derive also from the quintessentially twentieth-century, modernist experience of the city – as a space both imprisoning and liberating. In his foreword to this special edition, published to celebrate the 20th anniversary of the BFI Film Classics series, Bukatman suggests that Blade Runner's visual complexity allows it to translate successfully to the world of high definition and on-demand home cinema. He looks back to the science fiction tradition of the early 1980s, and on to the key changes in the 'final' version of the film in 2007, which risk diminishing the sense of instability created in the original.

Future Noir: The Making of Blade Runner Paul M. Sammon, 1996-05-01 The 1992 release of the Director's Cut only confirmed what the international film cognoscenti have known all along: Ridley Scott's Blade Runner, based on Philip K. Dick's brilliant and troubling SF novel Do Androids Dream of Electric Sheep, still rules as the most visually dense, thematically challenging, and influential SF film ever made. Future Noir is the story of that triumph. The making of Blade Runner was a seven-year odyssey that would test the stamina and the imagination of writers, producers, special effects wizards, and the

most innovative art directors and set designers in the industry. A fascinating look at the ever-shifting interface between commerce and the art that is modern Hollywood, *Future Noir* is the intense, intimate, anything-but-glamorous inside account of how the work of SF's most uncompromising author was transformed into a critical sensation, a commercial success, and a cult classic.

Blade Runner Philip K. Dick, 1982 Captures the strange world of twenty-first-century Earth, a devastated planet in which sophisticated androids, banned from the planet, fight back against their potential destroyers, while bounty hunter Rick Deckard sets out to track down the replicants. Reissue. (Tie-in to the Fall 2007 release of the deluxe twenty-fifth anniversary DVD of the Warner Bros. film, directed by Ridley Scott, starring Harrison Ford, Rutger Hauer, Sean Young, and others) (Science Fiction)

Blade Runner Matt Hills, 2011 More than just a box office flop which entered the midnight movie circuit, Ridley Scott's 'Blade Runner' has gone on to become a cult classic which continues to inspire and influence the latest cinema releases. This book studies the legacy of the film.

Blade Runner 2 K. W. Jeter, 2000-10-10 In 1982 the brilliant science fiction movie *Blade Runner* was released, and a phenomenon was born. Set in the steel-and-microchip jungle of twenty-first century Los Angeles, this masterpiece re-created our vision of the future, telling the story of Rick Deckard, a 'blade runner' who tracks down and executes renegade androids. Now, for the millions of fans of the movie, as well as those coming to the saga for the first time, K. W. Jeter's stylish and sophisticated new novel reenters that seedy, high-tech world and opens a new chapter of thrilling, nonstop, futuristic suspense. This time Deckard himself becomes both hunter and hunted in a race to prove his own humanity by tracking down the most elusive and dangerous android of all . . .

Blade Runner 2 K. W. Jeter, 1995 In this sequel, blade runner Rick Deckard becomes involved in a race to prove he is human before an android can hunt him down.

Philosophy and Blade Runner Timothy Shanahan, 2016-04-30 *Philosophy and Blade Runner* explores philosophical issues in the film *Blade Runner*, including human nature, personhood, identity, consciousness, free will, morality, God, death, and the meaning of life. The result is a novel analysis of the greatest science fiction film of all time and a unique contribution to the philosophy of film.

Retrofitting Blade Runner Judith Kerman, 1991 This book of essays looks at the multitude of texts and influences which converge in Ridley Scott's film *Blade Runner*, especially the film's relationship to its source novel, Philip K. Dick's *Do Androids Dream of Electric Sheep?* The film's implications as a thought experiment provide a starting point for important thinking about the moral issues implicit in a hypertechnological society. Yet its importance in the history of science fiction and science fiction film rests equally on its mythically and psychologically resonant creation of compelling characters and an exciting story within a credible science fiction setting. These essays consider political, moral and technological issues raised by the film, as well as literary, filmic, technical and aesthetic questions. Contributors discuss the film's psychological and mythic patterns, important political issues and the roots of the film in *Paradise Lost*, *Frankenstein*, detective fiction, and previous science fiction cinema.

Replicant Night K. W. Jeter, 1997 Acclaimed author K.W. Jeter adds another chapter to the adventures of Rick Deckard, the android-hunter hero created by SF legend Philip K. Dick and brought to life in the 1982 Ridley Scott movie. In the Los Angeles of the future, Deckard is in dire need of cash. To earn money, he consults on a movie adaptation of his hunt for the original replicants as seen in the film Blade Runner. But when a living replicant and Deckard's former LAPD partner are slain, the movie fantasy becomes grimly real.

Blade Runner 2049 and Philosophy Robin Bunce, Trip McCrossin, 2019-08-20 Blade Runner 2049 is a 2017 sequel to the 1982 movie Blade Runner, about a world in which some human-looking replicants have become dangerous, so that other human-looking replicants, as well as humans, have the job of hunting down the dangerous models and "retiring" (destroying) them. Both films have been widely hailed as among the greatest science-fiction movies of all time, and Ridley Scott, director of the original Blade Runner, has announced that there will be a third Blade Runner movie. Blade Runner 2049 and Philosophy is a collection of entertaining articles on both Blade Runner movies (and on the spin-off short films and Blade Runner novels) by twenty philosophers representing diverse backgrounds and philosophical perspectives. Among the issues addressed in the book: What does Blade Runner 2049 tell us about the interactions of state power and corporate power? Can machines ever become truly conscious, or will they always lack some essential human qualities? The most popular theory of personhood says that a person is defined by their memories, so what happens when memories can be manufactured and inserted at will? We already interact with non-human decision-makers via the Internet. When embodied AI becomes reality, how can we know what is human and what is simulation? Does it matter? Do AI-endowed human-looking replicants have civil and political rights, or can they be destroyed whenever "real" humans decide they are inconvenient? The blade runner Deckard (Harrison Ford) appears in both movies, and is generally assumed to be human, but some claim he may be a replicant. What's the evidence on both sides? Is Niander Wallace (the mad-scientist-cum-evil-corporate-CEO in Blade Runner 2049) himself a replicant? What motivates him? What are the impacts of decision-making AI entities on the world of business? Both Blade Runner and Blade Runner 2049 have been praised for their hauntingly beautiful depictions of a bleak future, but the two futures are very different (and the 2019 future imagined in the original Blade Runner is considerably different from the actual world of 2019). How have our expectations and visions of the future changed between the two movies? The "dream maker" character Ana Stelline in Blade Runner 2049 has a small but pivotal role. What are the implications of a person whose dedicated mission and task is to invent and install false memories? What are the social and psychological implications of human-AI sexual relations?

Studying Blade Runner Sean Redmond, 2008 Ridley Scott's Blade Runner is now widely recognised as a masterwork of science fiction cinema, and one of the most influential of any films released in the last twenty-five years. In Studying Blade Runner, Sean Redmond uses the key concepts of media and film studies--film language, representation, institutions, and audiences--to explore the significance of the film: its breakthrough use of special effects as a narrative tool; the film's revolutionary representation of the future city; its treatment of racial and sexual politics; its unique status as a text whose meaning was fundamentally altered in its rereleased Director's Cut

form--and what this means in an institutional context.

Blade Runner 2029 #12 Mike Johnson,2022-02-09 Early in the 21st Century, the Tyrell Corporation advanced Robot evolution into the Nexus phase – a being virtually identical to a human – known as a Replicant. Replicants were used Off-world as slave labor. Those who escaped to Earth were hunted by Blade Runner Units, ordered to kill any trespassing Replicant upon detection. In 2022, a Replicant attack on the Tyrell Corporation forced the company into bankruptcy and erased all records of existing Replicants. The surviving Nexus 8 models disappeared with the help of the Replicant Underground. Many Replicants remained in servitude, In 2027, Aahna “Ash” Ashina, rejoined the Blade Runner department, although her superiors are unaware that her lover, Freysa, is a leader in the Replicant Underground. The Replicant rebellion instigated by Yotun, a Nexus 6 Replicant who somehow lived beyond his four-year lifespan, has failed. The rejuvenating elixir that Yotun used to enhance his followers has failed too, resulting in their mass deaths. Now Yotun himself has started to succumb to the ravages of time, and even the regular blood transfusions from his loyal supporters no longer work. Convinced that an old diary of Eldon Tyrell holds the key to his survival, Yotun has set off to Eldon’s birthplace in search of a mysterious box that he believes holds the secret to extending his life. Meanwhile, Ash has been outed as a double-agent working for the Replicant Underground by Blade Runner Marlowe and arrested by the LAPD.

Blade Runner Amy Coplan,David Davies,2015-05-08 Ridley Scott’s Blade Runner is widely regarded as a masterpiece of modern cinema and is regularly ranked as one of the great films of all time. Set in a dystopian future where the line between human beings and ‘replicants’ is blurred, the film raises a host of philosophical questions about what it is to be human, the possibility of moral agency and freedom in ‘created’ life forms, and the capacity of cinema to make a genuine contribution to our engagement with these kinds of questions. This volume of specially commissioned chapters systematically explores and addresses these issues from a philosophical point of view. Beginning with a helpful introduction, the seven chapters examine the following questions: How is the theme of death explored in Blade Runner and with what implications for our understanding of the human condition? What can we learn about the relationship between emotion and reason from the depiction of the ‘replicants’ in Blade Runner? How are memory, empathy, and moral agency related in Blade Runner? How does the style and ‘mood’ of Blade Runner bear upon its thematic and philosophical significance? Is Blade Runner a meditation on the nature of film itself? Including a brief biography of the director and a detailed list of references to other writings on the film, Blade Runner is essential reading for students – indeed anyone - interested in philosophy and film studies. Contributors: Colin Allen, Peter Atterton, Amy Coplan, David Davies, Berys Gaut, Stephen Mulhall, C. D. C. Reeve.

Blade Runner 2029 #1 Michael Green,Mike Johnson,2020-12-16 Early in the 21 Century, the Tyrell Corporation advanced Robot evolution to the Nexus phase – a being virtually identical to a human – known as a Replicant. Replicants were used Off-World as slave labor, in the hazardous exploration and colonization of other planets. Replicants who escaped and returned to Earth were hunted by special police squads – Blade Runner Units – with orders to kill any trespassing Replicant upon detection. In 2022, radical elements with the Replicant Underground detonate an EMP device over Los Angeles, destroying

Tyrell Corporation's Nexus databases, and making it easier for escaped Replicants to resettle on Earth. Soon, all Replicants are banned and the Tyrell Corporation declares bankruptcy. In 2027, Aahna 'Ash' Ashina, a former Blade Runner rejoined the department to hunt down fugitive Replicants. Her superiors are unaware that her loyalties are divided.

Future Noir Paul M. Sammon, 2017-11-14 The ultimate guide to Ridley Scott's transformative sci-fi classic Blade Runner Ridley Scott's 2007 "Final Cut" confirmed the international film cognoscenti's judgment: Blade Runner, based on Philip K. Dick's brilliant and troubling science fiction masterpiece Do Androids Dream of Electric Sheep?, is among the most visually dense, thematically challenging, and influential science fiction films ever made. Future Noir Revised & Updated Edition offers a deeper understanding of this cinematic phenomenon that is storytelling and visual filmmaking at its best. In this intensive, intimate, and anything-but-glamorous behind-the-scenes account, film insider and cinephile Paul M. Sammon explores how Ridley Scott purposefully used his creative genius to transform the work of science fiction's most uncompromising author into a critical sensation and cult classic that would reinvent the genre. Sammon reveals how the making of the original Blade Runner was a seven-year odyssey that would test the stamina and the imagination of writers, producers, special effects wizards, and the most innovative art directors and set designers in the industry at the time it was made. This revised and expanded edition of Future Noir includes: An overview of Blade Runner's impact on moviemaking and its acknowledged significance in popular culture since the book's original 1996 publication An exploration of the history of Blade Runner: The Final Cut and its theatrical release in 2007 A look at its long-awaited sequel, Blade Runner 2049 The longest interview Harrison Ford has ever granted about Blade Runner Exclusive new interviews with Rutger Hauer and Sean Young A fascinating look at the ever-shifting interface between commerce and art, illustrated with production photos and stills, Future Noir provides an eye-opening and enduring look at modern moviemaking, the business of Hollywood, and one of the greatest films of all time.

Blade Runner Origins #10 K. Perkins, Mellow Brown, 2022-03-16 Early in the 21st Century, the Tyrell Corporation advanced Robot evolution into the Nexus phase – a being virtually identical to a human – known as a Replicant. Replicants were used Off-world as slave labor, in the hazardous exploration and colonization of other planets. On Earth, Tyrell continued to experiment with further enhancements – because progress stops for no man. LAPD Detective Cal Moreaux has discovered that the suicide of Dr. Lydia Kine was actually an elaborate ruse constructed by the Tyrell Corp engineer so she could live freely as a Replicant named Asa. Dr. Kine's latest experiment – the escaped Nexus 5 prototype – initially received the blame for her death, however Cal has discovered the truth – the identity of the Nexus 5's host consciousness: his sister, Nia Moreaux. More existentially advanced than others, Nia has been "awakening" some Replicants in the slums of Los Angeles, causing them to leave their positions of servitude in pursuit of autonomy. Tyrell Corp executive, Ilora Stahl has been charged with the Nexus 5's capture, and she will stop at nothing to protect her job and the company's brand in spite of growing chaos. In desperation, Ilora launched an all-out attack against the Sektore-6B slums. Cal, Asa, and Nia raced to save the residents and together with Desiree, Marcus, and the survivors of Nia's "awakened" Replicant

followers sought refuge with Divina in the safe haven of La Plum Sauvage, only to find that it too had been destroyed by Ilora's henchmen. Nia realized what she has to do to put a stop to all of this...

Blade Runner Origins #7 Mellow Brown, K. Perkins, 2021-10-13 Early in the 21st Century, the Tyrell Corporation advanced Robot evolution into the Nexus phase – a being virtually identical to a human – known as a Replicant. Replicants were used Off-world as slave labor, in the hazardous exploration and colonization of other planets. Now, on Earth, the Nexus 4 Replicants have been adapted for societal elites to own for industry and service work. But Tyrell continues to experiment with further enhancements – because progress stops for no man. After the apparent suicide of Dr. Lydia Kine – a Tyrell Corporation bioengineer – was determined to be a murder committed by a Replicant, LAPD Detective Cal Moreaux is tracking the presumed killer: a Nexus 5 prototype. The Nexus 5 has been “awakening” some Replicants, causing them to leave their positions of servitude in pursuit of autonomy. Cal has followed this trail of rebellion to Sector-6b, the slums of Los Angeles – a home from which his badge has exiled him – where he learned of the true identity of the escaped Nexus 5... his sister: Nia Moreaux.

Blade Runner Origins #5 K. Perkins, Mellow Brown, 2021-08-18 Early in the 21st Century, the Tyrell Corporation advanced Robot evolution into the Nexus phase – a being virtually identical to a human – known as a Replicant. Replicants were used Off-world as slave labor, in the hazardous exploration and colonization of other planets. Now, on Earth, the Nexus 4 Replicants have been adapted for societal elites to own for industry and service work. But Tyrell continues to experiment with further enhancements. Because progress stops for no man. Recently, the dangerous escaped Nexus5 has appeared in The Slums – Det. Cal Moreaux's old neighborhood. Tyrell Corp executive Ilora Stahl shot and killed Effie, a junior bioengineer, for withholding information on the Nexus 5 program. In an attempt to control Cal, Ilora threatened to burn down The Slums in one week if Cal didn't recover the rogue Replicant. Fully understanding how deep the rot goes, Cal left the force in protest over the corrupt relationship between the LAPD and the Tyrell Corporation. Now a rogue agent himself, but still tethered to the Nexus 5 mission, Cal has requested the help of Asa, a Replicant with the simulated consciousness of senior bioengineer Dr. Lydia Kine, because time on Ilora's threat is running out...

The Top Books of the Year Blade Runner The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Blade Runner : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a

world of glamour, ambition, and self-discovery. Blade Runner : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
