Without age, culture or gender, they enable the individual to focus on feelings and body language. In this book, the Blobs explore bullying. From Blob Trees to Bingo games, cards and emotional scales, the Blobs provide a visual structure that allows children, teenagers and adults to open up about being bullied. Blob School Pip Wilson,2018-10-24 Blob School is an educational resource designed specifically for one of the main purchasers of the Blobs - teachers! This practical resource aims to cover all the key areas of school life so that teachers, assistants, school workers, pupils and parents can reflect upon a wide range of contexts and issues which occur throughout the school year. The book includes 47 images which can be projected upon an Interactive White Board or photocopied for whole class or small group discussion. The Blobs The Blobs are simple. They deal with deep issues using the primary languages we learn from infancy - feelings and body language. This is why they are used with children as young as 4, all the way through to the elderly. Without words, the Blobs can be interpreted in a hundred different ways. There is no right and wrong about the Blobs, which is very important. A leader who uses them in a 'one way of reading them only way' will find that the rest of their group become very frustrated in discussions. Each picture is a means to a conversation, rather than a problem to be solved or a message to be agreed upon.
