Blood at the Root: A Racial Cleansing in America

Patrick Phillips,2016-09-20 [A] vital investigation of Forsyth's history, and of the process by which racial injustice is perpetuated in America. -U.S. Congressman John Lewis Forsyth

County, Georgia, at the turn of the twentieth century, was home to a large African American community that included ministers and teachers, farmers and field hands, tradesmen, servants, and children. But then in September of 1912, three young black laborers were accused of raping and murdering a white girl. One man was dragged from a jail cell and lynched on the town square, two teenagers were hung after a one-day trial, and soon bands of white “night riders” launched a coordinated campaign of arson and terror, driving all 1,098 black citizens out of the county. The charred ruins of homes and churches disappeared into the weeds, until the people and places of black Forsyth were forgotten. National Book Award finalist Patrick Phillips tells Forsyth’s tragic story in vivid detail and traces its long history of racial violence all the way back to antebellum Georgia. Recalling his own childhood in the 1970s and ’80s, Phillips sheds light on the communal crimes of his hometown and the violent means by which locals kept Forsyth “all white” well into the 1990s. In precise, vivid prose, *Blood at the Root* delivers a vital investigation of Forsyth’s history, and of the process by which racial injustice is perpetuated in America (Congressman John Lewis).

Edgar Award Finalist: A German comes to Maine to investigate his brother’s long-forgotten murder. Dieter Kallick fought for Rommel in North Africa, doing his duty to the Fatherland right up until he

was captured by American GIs. He and his comrades had been told stories of the savagery of the Americans, but when he arrived at the work camp in Maine, he was surprised to find the countryside beautiful and the people kind. In the summer of 1944, he worked in a logging camp in the backwoods of New England, befriending a quiet young girl named Libby Pelletier. She is the only one to mourn Dieter when he dies. Fifty years later, Libby's memories of the logging camp are stirred when Dieter's brother Wolfgang appears seeking information about Dieter's death. His questions puncture the placid surface of this small, rural town, and soon lead to another murder. To find the truth behind these two killings, Libby will have to learn to put the past to rest.
