From Civility to Survival: Richmond Ladies During the Civil War Neal E. Wixson, 2012-01-17 Motivated by their patriotism, the Richmond Ladies were willing to make the necessary sacrifices for the Southern cause. Many sent their husbands and sons to fight for the glory of the South. However, as the war progressed, their sacrifices became harder and harder to bear. They faced shortages of food, struggled to find adequate housing, and, in some cases, endured the ultimate price of losing husbands, sons, and close relatives. As Richmond was evacuated, they braced themselves for military occupation and reconstruction. With the loss of

their slaves, wealth, social standing, and homes, they entered into a new world order with few familiar aspects. Through their diaries and recollections, their story of courage and commitment to survive in an ever changing world is told. Neal Wixson selected detailed, poignant and sentimental excerpts from some of the most important accounts of Richmond during the Civil War which succeeds in capturing much of the flavor of the Confederate capital as seen through womens eyes. Michael B. Chesson, Professor of History, The American College of History and Legal Studies and author of several books including Richmond after the War 1865-1890 A vivid account of wartime Richmond as told by women who endured its physical and emotional hardships. Carol Sheriff , Professor of History, College of William & Mary and author of The Artificial River and of co-author of A People at War By giving voice to the ladies who lived in Richmond during the Civil War, Neal Wixson offers a chorus of their faith and perseverance in enduring deprivations and sacrifice. The Dying Grass William T. Vollmann, 2015-07-28
The reading experience of a lifetime ...--The Washington Post The National Book Award winner takes readers inside the epic fighting retreat of the Nez Perce Indians In this new installment in his acclaimed series of novels examining the collisions between Native Americans and European

colonizers, William T. Vollmann tells the story of the Nez Perce War, with flashbacks to the Civil War. Defrauded and intimidated at every turn, the Nez Percés finally went on the warpath in 1877, subjecting the U.S. Army to its greatest defeat since Little Big Horn as they fled from northeast Oregon across Montana to the Canadian border. Vollmann's main character is not the legendary Chief Joseph, but his pursuer, General Oliver Otis Howard, the brave, shy, tormented, devoutly Christian Civil War veteran. In this novel, we see him as commander, father, son, husband, friend, and killer. Teeming with many vivid characters on both sides of the conflict, and written in an original style in which the printed page works as a stage with multiple layers of foreground and background, *The Dying Grass* is another mesmerizing achievement from one of the most ambitious writers of our time.

The Butt Will Self, 2012-08-03 When Tom Brodzinski finally decides to give up smoking during a family holiday in a weird, unnamed land, a moment's inattention becomes his undoing. Flipping the butt of his last cigarette off the balcony of the holiday apartment, it lands on the

head of the elderly Reggie Lincoln, and burns him. Despite Brodzinski's liberal attitudes and good intentions, the local authorities treat his action as an assault. Soon the full weight of the courts and tribal custom is brought to bear. What follows is a journey through a fantastically distorted world, a country that is part Australia, part Iraq and entirely the heart of distinctively modern darkness.
