Blue Destiny Matthew Scot Jenkins,2017-06-21 Blue Destiny: When Aurora moved to sunny San Diego, she had a plan: escape the freezing cold of Alaska by going to college and studying to become a marine biologist. She never planned on falling in love with an intelligent graduate student named Devon. And Aurora certainly never planned on finding out that she could talk to dolphins. But Aurora finds herself thrown into a world where dolphins can talk, and where dolphins have a majestic city called Antilla. Destiny has cast her to follow in the footsteps of Aphrodite, the goddess of love, and to use the power of love to save the dolphin's world and her world by uniting the two. If Aurora fails to use the power of love, both worlds will be destroyed. All Aurora wanted to do was go to college and be normal, but sometimes we choose our destiny-other times, our destiny chooses us.
