Blue Destiny Matthew Scot Jenkins,2017-06-21 Blue Destiny: When Aurora moved to sunny San Diego, she had a plan: escape the freezing cold of Alaska by going to college and studying to become a marine biologist. She never planned on falling in love with an intelligent graduate student named Devon. And Aurora certainly never planned on finding out that she could talk to dolphins. But Aurora finds herself thrown into a world where dolphins can talk, and where dolphins have a majestic city called Antilla. Destiny has cast her to follow in the footsteps of Aphrodite, the goddess of love, and to use the power of love to save the dolphin's world and her world by uniting the two. If Aurora fails to use the power of love, both worlds will be destroyed. All Aurora wanted to do was go to college and be normal, but sometimes we choose our destiny-other times, our destiny chooses us.

House Arrest K. A. Holt,2015-10-06 “Moving . . . Readers will nod their heads in sympathy with this guy who breaks the rules for all of the right reasons.” —The Bulletin of the Center for Children’s Books A Bank Street College of Education Best Book of the Year Indiana Too Good to Miss State Reading List 2018 Timothy is on probation. It’s a strange word—something that happens to other kids, to delinquents, not to kids like him. And yet, he is under house arrest for the next year. He must check in weekly with a probation officer and a therapist, and keep a journal for an entire year. And mostly, he has to stay out of trouble. But when he must take drastic measures to help his struggling family, staying out of trouble proves more difficult than Timothy ever thought it would be. By turns touching and funny, and always original, House Arrest is a middle grade novel in verse about one boy’s path to redemption as he navigates life with a sick brother, a grieving mother, and one tough probation officer. “This gripping novel in verse evokes a wide variety of emotional responses, as it is serious and funny, thrilling and touching, sweet and snarky.” —School Library Journal “Touches of humor lighten the mood, and Holt’s firsthand knowledge of the subject adds depth to this poignant drama without overwhelming it.” —Publishers Weekly “Readers . . . will appreciate Holt’s lessons of compassion and family above all.” —Booklist “House Arrest will hit home with young boys and girls, especially if they have ever dealt with an ill relative. The story is touching, warm, and impressive.” —Kid Lit Reviews

Stealing Shadows Kay Hooper,2010-09-15 What if you can enter a madman’s cruel mind as he plans his vicious crimes? What if you can see the terrified face of his prey as he moves in for the kill—but you can’t stop his frenzy once he strikes? Psychic Cassie Neill helps the L.A. police catch killers—until she makes a terrible mistake and an innocent child dies. Cassie flees to a small North Carolina town, hoping that a quiet life will silence the voices that invade her unwilling mind. But Cassie’s abilities know few boundaries. And she’s become certain—as no one else can be—that a murderer is stalking Ryan’s Bluff. It's his fury that Cassie senses first, then his foul thoughts and perverse excitement. Yet she doesn't know who he is or where he will strike. The sheriff won't even listen to her—until the first body is found exactly where and how she predicted. Now a suspect herself, she races desperately to unmask the killer in the only way she knows: by entering his twisted mind. Her every step is loaded with fear and uncertainty . . . because if he senses her within him, he’ll trap her there, so deep she’ll never find her way out.

The Lincoln Highway Amor Towles,2021-10-05 #1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year “Wise and wildly entertaining . . . permeated with light, wit, youth.” —The New York Times Book Review “A classic that we will read for years to come.” —Jenna Bush Hager, Read with Jenna book club “Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope.” —Bill Gates “A real joyride . . . elegantly constructed and compulsively readable.” —NPR The bestselling author of A Gentleman in Moscow and Rules of Civility and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. “Once again, I was wowed by Towles’s writing—especially because The Lincoln Highway is so different from A Gentleman in Moscow in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero’s journeys, including The Iliad, The Odyssey, Hamlet, Huckleberry Finn, and Of Mice and Men. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel.” – Bill Gates

Andrew Jackson and the Miracle of New Orleans Brian Kilmeade, Don Yaeger, 2019-11-12 Another history page-turner from the authors of the #1 bestsellers *George Washington's Secret Six* and *Thomas Jefferson and the Tripoli Pirates*. The War of 1812 saw America threatened on every side. Encouraged by the British, Indian tribes attacked settlers in the West, while the Royal Navy terrorized the coasts. By mid-1814, President James Madison's generals had lost control of the war in the North, losing battles in Canada. Then British troops set the White House ablaze, and a feeling of hopelessness spread across the country. Into this dire situation stepped Major General Andrew Jackson. A native of Tennessee who had witnessed the horrors of the Revolutionary War and Indian attacks, he was glad America had finally decided to confront repeated British aggression. But he feared that President Madison's men were overlooking the most important target of all: New Orleans. If the British conquered New Orleans, they would control the mouth of the Mississippi River, cutting Americans off from that essential trade route and threatening the previous decade's Louisiana Purchase. The new nation's dreams of western expansion would be crushed before they really got off the ground. So Jackson had to convince President Madison and his War Department to take him seriously, even though he wasn't one of the Virginians and New Englanders who dominated the government. He had to assemble a coalition of frontier militiamen, French-speaking Louisianans, Cherokee and Choctaw Indians, freed slaves, and even some pirates. And he had to defeat the most powerful military force in the world—in the confusing terrain of the Louisiana bayous. In short, Jackson needed a miracle. The local Ursuline nuns set to work praying for his outnumbered troops. And so the Americans, driven by patriotism and protected by prayer, began the battle that would shape our young nation's destiny. As they did in their two previous bestsellers, Kilmeade and Yaeger make history come alive with a riveting true story that will keep you turning the pages. You'll finish with a new understanding of one of our greatest generals and a renewed appreciation for the brave men who fought so that America could one day stretch "from sea to shining sea."

Small-scale Aquaponic Food Production Christopher Somerville, Food and Agriculture Organization of the United Nations, 2015 This technical paper begins by introducing the concept of aquaponics, including a brief history of its development and its place within the larger category of soil-less culture and modern agriculture. It discusses the main theoretical concepts of aquaponics, including the nitrogen cycle and the nitrification process, the role of bacteria, and the concept of balancing an aquaponic unit. It then moves on to cover important considerations of water quality parameters, water testing, and water sourcing for aquaponics, as well as methods and theories of unit design, including the three main methods of aquaponic systems: media beds, nutrient film technique, and deep water culture. The publication discusses in detail the three groups of living organisms (bacteria, plants and fish) that make up the aquaponic ecosystem. It also presents management strategies and troubleshooting practices, as well as related topics, specifically highlighting local and sustainable sources of aquaponic inputs. The publication also includes nine appendixes that present other key topics: ideal conditions for common plants grown in aquaponics; chemical and biological controls of common pests and diseases including a compatible planting guide; common fish diseases and related symptoms, causes and remedies; tools to calculate the ammonia produced and biofiltration media required for a certain fish stocking density and amount of fish feed added; production of homemade fish feed; guidelines and considerations for establishing aquaponic units; a cost-benefit analysis of a small-scale, media bed aquaponic unit; a comprehensive guide to building small-scale versions of each of the three aquaponic methods; and a brief summary of this publication designed as a supplemental handout for outreach, extension and education.
