- 📖 **The Monsters Know What They’re Doing** Keith Ammann,2019-10-29 From the creator of the popular blog The Monsters Know What They’re Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It’s easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In *The Monsters Know What They’re Doing*, Keith Ammann lightens the DM’s burden by helping you understand your monsters’ abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don’t whip out their field manuals for the first time when they’re already under fire, a DM shouldn’t wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They’re Doing* is essential reading for every DM.

- 📖 **Dungeons & Dragons: The Fallbacks: Bound for Ruin** Jaleigh Johnson,2024-03-05 Meet the newest Dungeons & Dragons party in the first epic adventure of The Fallbacks. To become renowned adventurers, this party needs to survive their first job. Tessalynde is an ambitious young rogue who dreams of leading Faer📖 n’s foremost adventuring party. While the crew she’s gathered isn’t the stuff of legend yet, she’s confident her guidance can get them there. The team: Anson, a fighter too stubborn to stay down, even when the odds are stacked against him. Cazrin, a self-taught wizard determined to test her theoretical mettle against the real world. Baldric, a cleric who refuses to tie himself to a single deity when he can trade favors with them all. Lark, a bard with as many secrets as songs. And, of course, Uggie, a monstrous pet otyugh who loves giving hugs and eating trash. Their first job: recovering a mysterious spellbook from a lost temple for a hefty payout. Tess hopes this assignment can turn her group of fledgling freelancers into a true team. But when their client is killed, their coin and his murderer both vanish, leaving the party to take the fall. Stuck with a sentient, bloodthirsty grimoire and pursued by mercenaries and the undead, this is hardly the mission Tess envisioned. Her crew must save the day, get the gold, and clear the party’s name—which they haven’t even agreed upon yet! With the threats against them mounting, a single mistake will see this party over before it even begins. Can this band of mismatched misfits stay together in the face of danger? Or are they bound for ruin?
- 📖 **A Dictionary of the Economic Products of India** George Watt,2014-01-23 Reissued in nine parts, this monumental work (1889-96) describes India’s commercial plants and produce, providing scientific and vernacular names.
- 📖 **India After Gandhi: The History of the World’s Largest Democracy** Ramachandra Guha,2017-07-13 Ramachandra Guha’s India After Gandhi is a magisterial account of the pains, struggles, humiliations and glories of the world’s largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a giant nation, and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade, India has witnessed, among other things, two general elections; the fall of the Congress and the rise of Narendra Modi; a major anti-corruption movement; more violence against women, Dalits, and religious minorities; a wave of prosperity for some but the persistence of poverty for others; comparative peace in Nagaland but greater discontent in Kashmir than ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to coincide with seventy years of the country’s independence, this definitive history of modern India is the work of one of the world’s finest scholars at the height of his powers.
- 📖 **India After Gandhi** Ramachandra Guha,2011-02-10 Born against a background of privation and civil war, divided along lines of caste, class, language and religion, independent India emerged, somehow, as a united and democratic country. Ramachandra Guha’s hugely acclaimed book tells the full story – the pain and the struggle, the humiliations and the glories – of the world’s largest and least likely democracy. While India is sometimes the most exasperating country in the world, it is also the most interesting. Ramachandra Guha writes compellingly of the myriad protests and conflicts that have peppered the history of free India. Moving between history and biography, the story of modern India is peopled with extraordinary characters. Guha gives fresh insights into the lives and public careers of those long-serving Prime Ministers, Jawaharlal Nehru and Indira Gandhi. But the book also writes with feeling and sensitivity about lesser-known (though not necessarily less important) Indians – peasants, tribals, women, workers and musicians. Massively researched and elegantly written, India After Gandhi is a remarkable account of India’s rebirth, and a work already hailed as a masterpiece of single volume history. This tenth anniversary edition, published to coincide with seventy years of India’s independence, is revised and expanded to bring the narrative up to the present.
- 📖 **Washington Manual Endocrinology Subspecialty Consult** Janet McGill,2019-02-22 Designed for residents cycling through an internal medicine subspecialty clinical rotation or for fellows who need to better understand the fundamentals, this fourth edition offers you updated guidance on the physical exam, diagnosis, management, and treatment follow-up for various endocrine disorders. Written in a step-by-step, to-the-point style, the book covers diabetes mellitus, multi-system disorders, as well as conditions of the hypothalamus, pituitary gland, thyroid, and more.
- 📖 **The Immortals of Meluha** Amish Tripathi,2014-05-13 Amish Tripathi devoted years to the research of Hindu mythological stories and history, and discussions with his family about the destiny of the human body, mind and soul to create this sweeping and fascinating adaptation of ancient Hindu mythology for modern fantasy readers. 1900 BC in what modern Indians call the Indus Valley Civilization and the inhabitants called the Land of Meluha: a near-perfect empire created many centuries earlier by Lord Ram—one of the greatest monarchs that ever lived—faces peril as its primary river, the Saraswati, is slowly drying to extinction. The Suryavanshi rulers are challenged with devastating terrorist attacks from the east, the Land of the Chandravanshis. To make matters worse, the Chandravanshis appear to have allied with the Nagas, an ostracized and sinister race of deformed humans with astonishing martial skills. The only hope for the Suryavanshis is an ancient legend: When evil reaches epic proportions, when all seems lost, a hero will emerge. Is the unexpected, rough-hewn Tibetan immigrant Shiva that hero? Drawn suddenly to his destiny, duty, and by love, Shiva will attempt to move mountains and lead the Suryavanshi to destroy evil.
- 📖 **Wisdom of the Yawo People. Yawo Proverbs and Stories** D. Dicks,2007-07-15 Wisdom of the Yawo People is a collection of traditional proverbs and stories from the Yawo people of South Eastern Africa. The literature contains deep wisdom rooted in African soil, which will be applicable to people everywhere. The proverbs are told in both the Yawo language and English and reveal the end result of greed, laziness and pride. They also promote the value of welcoming strangers, belonging and being respectful. Each proverb and story is accompanied by a short interpretation, and illustration.
- 📖 **The Beasts That Hide from Man** Karl Shuker,2014-06-12 Cryptozoology -- the study of hidden animals -- is gaining attention thanks to a startling number of zoological discoveries. Karl P.N. Shuker has collected evidence of these mysterious, somewhat mythical creatures in *The Beasts That Hide from Man*. Shuker provides entertaining, solidly researched tales about extraordinary animals. Shuker also provides a supplement to Bernard Heuvelmans’s checklist of cryptozoological animals, which contains updated information on unknown creatures.
- 📖 **Funerary Sacrifice of Animals in the Egyptian Predynastic Period** Diane Victoria Flores,2003 Animal burials, whether buried with human remains or alone, are frequent discoveries in Egypt yet it can be difficult to reconstruct their religious and cultural significance.
- 📖 **The Collected Works of Chogyam Trungpa: Volume Seven** Chogyam Trungpa,2010-09-28 The Collected Works of Ch📖 gyam Trungpa brings together in eight volumes the writings of one of the first and most influential and inspirational Tibetan teachers to present Buddhism in the West. Organized by theme, the collection includes full-length books as well as articles, seminar transcripts, poems, plays, and interviews, many of which have never before been available in book form. From memoirs of his escape from Chinese-occupied Tibet to insightful discussions of psychology, mind, and meditation; from original verse and calligraphy to the esoteric lore of tantric Buddhism—the impressive range of Trungpa’s vision, talents, and teachings is showcased in this landmark series. Volume Seven features the work of Ch📖 gyam Trungpa as a poet, playwright, and visual artist and his teachings on art and the creative process, which are among the most innovative and provocative aspects of his activities in the West. While it includes material in which Trungpa Rinpoche shares his knowledge of the symbolism and iconography of traditional Buddhist arts (in Visual Dharma), this richly varied volume primarily focuses on his own, often radical creative expressions. The Art of Calligraphy is a wonderful showcase for his calligraphy, and Dharma Art brings together his ideas on art, the artistic process, and aesthetics. Tibetan poetics, filmmaking, theater, and art and education are among the topics of the selected writings.
