**Jumping for Joy** Chris Scullion, 2022-09-08 The platformer is one

of the most well-loved video game genres ever, having entertained players for over 40 years. *Jumping For Joy* is a celebration of everything platform games have to offer, spanning their entire history. The first part of the book is a complete guide to every platform game starring Mario, Nintendo's mascot and the most popular video game character of all time. With nearly 80 games featured in this section, it's the definitive history of a true gaming hero. There are always two sides to every story, though, so the second part of the book focuses on every one of the 50+ platformers starring Sonic the Hedgehog, Mario's former rival. After this it's the book's main course: a huge 100-page section detailing 50 other iconic and notable platform games covering the entire history of gaming, from the days of the Atari 2600 and ZX Spectrum all the way up to the Nintendo Switch, PS5 and Xbox Series X/S. Whether you're a long-time veteran of platform gaming or a newcomer who wants to learn more about one of the most entertaining genres in video games, this is the perfect book for you. And there are some bad jokes in there too, if that's your thing.

*Boomerang Nation* Elina Furman, 2005-05-27 You can go home again! Boomerangers are on the rise. Named for the nearly eighteen million 18- to 35-year-old Americans currently living at home, this rapidly growing phenomenon is becoming a way of life for many college graduates and adults looking for a rent- and hassle-free way to get out of debt and plan a course of action for their futures. Written by

Elina Furman, who happily survived living at home the second time around, this timely, information-packed guide offers Boomerangers -- both practicing and aspiring -- wisdom on how to cope with the practical, economic, emotional, and psychological realities of moving back in with Mom and Dad. Furman debunks popular myths, such as that college graduation marks the beginning of domestic and financial freedom, and offers dynamic action plans, proven strategies, and practical advice on: Taking the plunge -- are you ready to move back home? Making a financial plan and sticking to it Discovering the hidden benefits of living at home Determining whether you have a Cool, Reluctant, or Perma-Parent Maintaining privacy Setting and following house rules Handling the stigma Dealing with sibling rivalry With special chapters on brainstorming new career objectives and dating under your parents' roof, and featuring inspiring tales from the trenches by independent and successful Boomerangers, Boomerang Nation proves that not only can you go home again, you can survive and thrive there.
