Borderlands: The Fallen John Shirley,2011-11-22 Roland, a former mercenary, becomes a guide and bodyguard to Zac Finn and his family on a dangerous planet in the Borderlands, and must protect them from aliens and bandits while Zac searches for alien treasure.

Borderland Anna Reid,2023-02-07 “A beautifully written evocation of Ukraine's brutal past and its shaky efforts to construct a better future.”—Financial Times Borderland tells the story of Ukraine. A thousand years ago it was the center of the first great Slav civilization, Kievan Rus. In 1240, the Mongols invaded from the east, and for the next seven centuries, Ukraine was split between warring neighbors: Lithuanians, Poles, Russians, Austrians, and Tatars. Again and again, borderland turned into battlefield: during the Cossack risings of the seventeenth century, Russia's wars with Sweden in the eighteenth, the Civil War of 1918-1920, and under Nazi occupation. Ukraine finally won independence in 1991, with the collapse of the Soviet Union. Bigger than France and a populous as Britain, it has the potential to become one of the most powerful states in Europe. In this finely written and penetrating book, Anna Reid combines research and her own experiences to chart Ukraine's tragic past. Talking to peasants and politicians, rabbis and racketeers, dissidents and paramilitaries, survivors of Stalin's famine and of Nazi labor camps, she reveals the layers of myth and propaganda that wrap this divided land. From the Polish churches of Lviv to the coal mines of the Russian-speaking Donbass, from the Galician shtetlekh to the Tatar shantytowns of Crimea, the book explores Ukraine's struggle to build itself a national identity, and identity that faces up to a bloody past, and embraces all the peoples within its borders.

U.S.-Mexico Borderlands Oscar Jáquez Martínez,1996 The US-Mexican borderlands form the region where the United States and Latin America have interacted with the greatest intensity. This work addresses the protracted conflict rooted in the vast difference in power between Mexico and its northern neighbor. Each of the seven parts explores a key issue in borderlands studies.

Borderlands, Volume One Thomas F. Monteleone,2018-11-17 It's hard to believe, but this anthology first appeared 28 years ago. In re-reading the stories in this gathering of the weirdest tales, I am also reminded of how strikingly fresh and original the material remains. As its title implies, Borderlands contains fiction that resides out there on the edge, on the perimeter of what's being done in the field of horror, dark fantasy, and suspense literature. When I solicited material for what I hope will be the first of many volumes, I made it clear I didn't want stories that employed any of the traditional symbols and images of the genre. I wanted writers to expand the envelope, to look beyond the usual metaphors, and bring me something new. Some fresh meat, so to speak. So, dig in! Stories by David B. Silva * Nancy Holder * John DeChancie * Francis J. Matozzo * Bentley Little * Darrel Schweitzer * Michael Green * Poppy Z. Brite * Jeffrey Osier * John Shirley * Lee Moler * Nina Kiki Hoffman * T. E. D. Klein * Chet Williamson * Ed Gorman * Jack Hunter Daves, Jr. * Thomas Tessier * Les Daniels * David B. Silva * Karl Edward Wagner * Elizabeth Massie * Charles L. Grant * G. Wayne Miller * Joe R. Lansdale

Borderlands #2: Unconquered John Shirley,2012-09-25 Everyone already knows that. But the General of an army of Psycho Soldiers takes on this planetary hell headfirst, planning to enslave all of the Borderlands. And that General . . . is a Goddess. The General Goddess, Gynella, is a cunning maniac who uses the dark science of the vile Dr. Vialle to control a growing army of bandits and malcontents. Only four people stand in Gynella's way. Roland. Mordecai. Brick. And . . . Daphne. Daphne?! Better known as Kuller the Killer, she was once the galaxy's most effective assassin for organized crime—until her forced retirement on this abandoned wasteland of a world. Roland is one of the toughest fighters in the Borderlands, and Mordecai is the best shot in four solar systems—all the two really want is to get to the Crystalisks, harvest some Eridium, get rich, and leave the planet for the nearest intergalactic party. But there are nightmarish creatures to deal with: Varkids and Skags and Threshers. Worse, Gynella is still in their way. Brick—a pile of walking muscle who lives to smash his enemies, could be their ally or their enemy . . . but you'd definitely rather have him on your side. As for Daphne Kuller? Don't make her mad. Just . . . don't. If you want to hear about the whole thing, take a ride on the bus to Fyrestone with Marcus. Because Marcus has a tale to tell you . . . an untold story of the Borderlands.

Borderlands: Gunsight John Shirley,2013-10-01 An original novel set in the universe of the award-winning video game! The Borderlands cannot be conquered! Mordecai and Daphne have gotten themselves in a tough spot near the highly dangerous town of Gunsight, one of the most remote outposts on the planet Pandora, out in the boonies of the boonies of the Borderlands. Daphne has been taken prisoner by Jasper, a local warlord who controls the area around Gunsight . . . except for that other settlement, the former mining town Tumessa. There's some kind of big secret operation going on in Tumessa—another warlord, a particularly mutated Psycho named Reamus, is somehow making money. And he's been relentlessly raiding Gunsight and kidnapping Jasper's people. Jasper may be scum, but he needs those people for raids on other towns, so it all has to balance out. Mordecai needs to negotiate for Daphne's release, but now the only way he'll ever see her alive again is to kill his way into Tumessa, find out what's going on there, and report back to Jasper—only then will Mordecai get a paycheck and the girl. Mordecai doesn't want the job, but he is pretty devoted to Daphne . . . and somehow, he just might be able to turn this entire mess to his advantage. . .

Borderlands James Carlos Blake,1999-04-06 Eight short fictions that explore issues of love, violence, and vengeance in the stories of a colorful cast of characters who make their home amid the harsh world of the borderlands

Ain't No Place for a Hero Kaitlin Tremblay,2017-10-17 A deep dive into the groundbreaking and bestselling video game series The critically acclaimed first-person shooter franchise Borderlands knows it's ridiculous. It's a badge of pride. After all, Borderlands 2 was promoted with the tagline 87 bazillion guns just got bazillionder. These space-western games encourage you to shoot a lot of enemies and monsters, loot their corpses, and have a few chuckles while chasing down those bazillion guns. As Kaitlin Tremblay explores in Ain't No Place for a Hero, the Borderlands video game series satirizes its own genre, exposing and addressing the ways first-person shooter video games have tended to exclude women, queer people, and people of colour, as well as contribute to a hostile playing environment. Tremblay also digs in to the way the Borderlands game franchise Ñ which has sold more than 26 million copies Ñ disrupts traditional notions of heroism, creating nuanced and compelling storytelling that highlights the strengths and possibilities of this relatively new narrative medium. The latest entry in the acclaimed Pop Classics series, Ain-t No Place for a Hero is a fascinating read for Borderlands devotees as well as the uninitiated.

From the Borderlands Elizabeth E. Monteleone,Thomas F. Monteleone,2004-09-01 The editors of the acclaimed Borderlands anthology series deliver a new collection of 25 all-original tales of terror by today's acclaimed masters, including Bentley Little, John Farris, and Tom Piccirilli, along with Stationary Bike, a new novella by Stephen King.

Borderlands #2: Unconquered John Shirley,2012-09-25 An original novel set in the universe of the award-winning video game! Everyone already knows that. But the General of an army of Psycho Soldiers takes on this planetary hell headfirst, planning to enslave all of the Borderlands. And that General . . . is a Goddess. The General Goddess, Gynella, is a cunning maniac who uses the dark science of the vile Dr. Vialle to control a growing army of bandits and malcontents. Only four people stand in Gynella's way. Roland. Mordecai. Brick. And . . . Daphne. Daphne?! Better known as Kuller the Killer, she was once the galaxy's most effective assassin for organized crime—until her forced retirement on this abandoned wasteland of a world. Roland is one of the toughest fighters in the Borderlands, and Mordecai is the best shot in four solar systems—all the two really want is to get to the Crystalisks, harvest some Eridium, get rich, and leave the planet for the nearest intergalactic party. But there are nightmarish creatures to deal with: Varkids and Skags and Threshers. Worse, Gynella is still in their way. Brick—a pile of walking muscle who lives to smash his enemies, could be their ally or their enemy . . . but you'd definitely rather have him on your side. As for Daphne Kuller? Don't make her mad. Just . . . don't. If you want to hear

about the whole thing, take a ride on the bus to Fyrestone with Marcus. Because Marcus has a tale to tell you . . . an untold story of the Borderlands.

Borderlands Mike Dash,2000-11-07 Explore the Borderlands... * The charred remains of Helen Conway, whose body exploded. Was this a case of spontaneous combustion? * Discoveries of 130-foot-long boa constrictors and twelve-foot giant kangaroos. What other species have gone undiscovered? *In England, a town is pelted from the sky by hundreds of tiny rose-colored frogs. Is this a one-time event, an omen, or a bizarre natural phenomenon? Near-death experiences...lake monsters...crop circles...fairies...visions of the Virgin Mary...Using his vast research and privileged access to case files, noted paranormal investigator Mike Dash has compiled this unprecedented collection of the most baffling puzzles of our time. Touring the globe and sifting through a vast array of eyewitness accounts and film and photographic evidence, Dash separates genuine cases from hoaxes and dares to record those macabre, inexplicable, and terrifying events where there is no other explanation except--that what people saw, heard, and sometimes lived to tell about is true!

Finder Emma Bull,2003-07-13 American Library Association Best Books for Young Adults VOYA Best Science Fiction, Fantasy & Horror Welcome to Bordertown. A hybrid community of misfits, oddballs and runaways. Where humans, elves and halflings co-exist. Where magic and the brutal realities of survival clash and mix. For Orient and Tick-Tick, it's just home. Death and dark magic hang over the city. A seductive new drug lures young runaways to their destruction. A mysterious plague spreads through the streets. And beneath the clock tower on High Street, Bonnie Prince Charlie lies slain by an unseen hand. A cop named Sunny Rico exploits Orient's talent for finding objects to track the killer and leads both herself and him into the darker secrets of Elflands' immigrant citizens.

Asian Borderlands Charles Patterson Giersch,2006 With comparative frontier history and pioneering use of indigenous sources, Giersch provides a groundbreaking challenge to the China-centered narrative of the Qing conquest. He focuses on the Tai domains of the Yunnan frontier on the politically fluid borderlands, where local, indigenous leaders were crucial actors in an arena of imperial rivalry.

Quill and Cross in the Borderlands Anna M. Nogar,2018-06-25 Quill and Cross in the Borderlands examines nearly four hundred years of history, folklore, literature, and art concerning the seventeenth-century Spanish nun and writer Sor María de Jesús de Ágreda, identified as the legendary “Lady in Blue” who miraculously appeared to tribes in colonial-era New Mexico and taught them the rudiments of the Catholic faith. Sor María, an author of mystical Marian works, became renowned not only for her alleged spiritual travel from her cloister in Spain to the New World, but also for her writing, studied and implemented by Franciscans on both sides of the ocean. Working from original historical accounts, archival research, and a wealth of literature on the legend and the historical figure alike, Anna M. Nogar meticulously examines how and why the legend and the person became intertwined in Catholic consciousness and social praxis. In addition to the influence of the narrative of the Lady in Blue in colonial Mexico, Nogar addresses Sor María’s importance as an author of spiritual texts that influenced many spheres of New Spanish and Spanish society. Quill and Cross in the Borderlands focuses on the reading and interpretation of her works, especially in New Spain, where they were widely printed and disseminated. Over time, in the developing folklore of the Indo-Hispano populations of the present-day U.S. Southwest and the borderlands, the historical Sor María and her writings virtually disappeared from view, and the Lady in Blue became a prominent folk figure, appearing in folk stories and popular histories. These folk accounts drew the Lady in Blue into the present day, where she appears in artwork, literature, theater, and public ritual. Nogar’s examination of these contemporary renderings leads to a reconsideration of the ambiguities that lie at the heart of the narrative. Quill and Cross in the Borderlands documents the material legacy of a legend that has survived and thrived for hundreds of years, and at the same time rediscovers the historical basis of a hidden writer. This book will interest scholars and researchers of colonial Latin American literature, early modern women writers, folklore and ethno-poetics, and Mexican American cultural studies.

Borderlands 2 - Strategy Guide GamerGuides.com,2015-10-23 The shoot and loot FPS game has returned with a new entry, with more guns, more enemies, and more locations to explore. You play as one of four new Vault Hunters who get betrayed by Handsome Jack, the game's main antagonist, and are out for revenge for him leaving you for dead. Jack hired you to go after a new vault, but he tried to kill you because he doesn't want anyone going after the vault but himself. What is inside of this vault and why does Jack want it so bad? Read our comprehensive guide, which has been reworked from scratch and contains the following: - Detailed walkthrough of every story mission in the main game. - The location of every hard-to-find Skin and Head customization in the game. - How to acquire most weapons and other equipment. - Every type of enemy listed and strategies on how to kill them. - How to get every single Trophy/Achievement in the main game. - All Borderlands 2 DLC's covered.

Borderland Blacks dann j. Broyld,2022-05-25 In the early nineteenth century, Rochester, New York, and St. Catharines, Canada West, were the last stops on the Niagara branch of the Underground Railroad. Both cities handled substantial fugitive slave traffic and were logical destinations for the settlement of runaways because of their progressive stance on social issues including abolition of slavery, women’s rights, and temperance. Moreover, these urban centers were home to sizable free Black communities as well as an array of individuals engaged in the abolitionist movement, such as Frederick Douglass, Harriet Tubman, Anthony Burns, and Hiram Wilson. dann j. Broyld’s Borderland Blacks explores the status and struggles of transient Blacks within this dynamic zone, where the cultures and interests of the United States, Canada, Great Britain, and the African Diaspora overlapped. Blacks in the two cities shared newspapers, annual celebrations, religious organizations, and kinship and friendship ties. Too often, historians have focused on the one-way flow of fugitives on the Underground Railroad from America to Canada when in fact the situation on the ground was far more fluid, involving two-way movement and social collaborations. Black residents possessed transnational identities and strategically positioned themselves near the American-Canadian border where immigration and interaction occurred. Borderland Blacks reveals that physical separation via formalized national barriers did not sever concepts of psychological memory or restrict social ties. Broyld investigates how the times and terms of emancipation affected Blacks on each side of the border, including their use of political agency to pit the United States and British Canada against one another for the best possible outcomes.

Or What You Will Jo Walton,2020-07-07 Or What You Will is an utterly original novel about how stories are brought forth from Hugo, Nebula, and World Fantasy Award-winning author Jo Walton. He has been too many things to count. He has been a dragon with a boy on his back. He has been a scholar, a warrior, a lover, and a thief. He has been dream and dreamer. He has been a god. But “he” is in fact nothing more than a spark of idea, a character in the mind of Sylvia Harrison, 73, award-winning author of thirty novels over forty years. He has played a part in most of those novels, and in the recesses of her mind, Sylvia has conversed with him for years. But Sylvia won't live forever, any more than any human does. And he's trapped inside her cave of bone, her hollow of skull. When she dies, so will he. Now Sylvia is starting a new novel, a fantasy for adult readers, set in Thalia, the Florence-resembling imaginary city that was the setting for a successful YA trilogy she published decades before. Of course he's got a part in it. But he also has a notion. He thinks he knows how he and Sylvia can step off the wheel of mortality altogether. All he has to do is convince her. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Borderlines and Borderlands Alexander C. Diener,Joshua Hagen,2010 From our earliest schooldays, we are shown the world as a colorful collage of countries, each defined by their own immutable borders. What we often don't realize is that every political boundary was created by people. No political border is more natural or real than another, yet some international borders make no apparent sense at all. While focusing on some of these unusual border shapes, this fascinating book highlights the important truth that all borders, even those that appear normal, are social constructions. In an era where the continued relevance of the nation state is being questioned and where transnationalism is altering the degree to which borders effectively demarcate spaces of belonging, the contributors argue that this point is vital to our understanding of the world. The unique and compelling histories of some of the world's oddest borders provide an ideal context for this group of experts to offer accessible and enlightening discussions of cultural globalization, economic integration, international migration, imperialism, postcolonialism, global terrorism, nationalism, and supranationalism. Each author's regional expertise enriches a textured account of the historical context in which these borders came into existence as well as their historical and ongoing influence on the people and states they bound. To view more maps from the David Rumsey Map Collection, visit www.davidrumsey.com. Contributions by: Eric D. Carter, Karen Culcasi, Alexander C. Diener, Joshua Hagen, Reece Jones, Robert Lloyd, Nick Megoran, Julian V. Minghi, David Newman, Robert Ostergren, and William C. Rowe.

Thank you very much for reading **Borderlands**. Maybe you have knowledge that, people have look hundreds times for their chosen readings like this Borderlands, but end up in infectious downloads. Rather than reading a good book with a cup of tea in the afternoon, instead they are facing with some malicious virus inside their computer.

Borderlands is available in our book collection an online access to it is set as public so you can download it instantly. Our books collection hosts in multiple locations, allowing you to get the most less latency time to download any of our books like this one.
