Boris on the Move Andrew Joyner, 2013-04-30 Meet a young warthog with a taste for adventure. "A fun easy reader book with great full-color cartoons, brief text in large print, and likable characters." -School Library Journal Boris lives with his mom and dad in Hogg Bay. Their home is a van that once traveled all over the world. Then one morning, Boris feels a jolt. Could it be? Is the van really moving? Is Boris on an adventure at last? But when Boris ends up on a trip to a wildlife refuge instead of the jungle safari he'd imagined, he ends up having an adventure he'll never forget. Because for this little warthog, life never quite turns out as he plans. This series is part of Scholastic's early chapter book line called Branches, which is aimed at newly independent readers. With easy-to-read text, high-interest content, fast-paced plots, and illustrations on every page, these books will boost reading confidence and stamina. Branches books help readers grow! "An early reader shaped just like a chapter book: What's not to love? . . . For emergent readers who view themselves as accomplished (or wish to be seen that way), this . . . might just be the perfect choice . . . Full-color illustrations of his humorously anthropomorphized hog family and just one or two sentences of easy, large-print text per page make this an inviting read for transitioning readers." -Kirkus Reviews (starred review)

Boris Jack Dold, 2012-10 Boris Kastel was born in Zagreb, Croatia in 1914. A few months later the Archduke Franz Ferdinand was assassinated some 300 kilometers away in Sarajevo, an act which touched off The Great War. That catastrophic event presages Boris' tumultuous life, during which he traveled to five continents and mastered at least ten languages. Throughout the violent war years following the Nazi invasion of his country, he never lost sight of his great dream-a quest for peace. That quest had to wait through the long years of World War II, when duty called him first to the mountains of Northern Italy with the Italian Underground, and then to Tito's Partisans and life in nascent Yugoslavia. That quest was realized in a most unexpectedly beautiful way. His story takes us from war-torn Zagreb to post-revolution China, to Ghandi's India, through the birth of kibbutzim in Palestine, summer and winter Olympics in 1936, the resistance movements in Italy and Yugoslavia, Nazi hunting in Argentina and Uruguay, and ultimately to New York, where he met Eva, and the peace for which he yearned.

Boris Allan Winneker, 2021-11-03 This is the tale of a charming, intelligent adult with non-existent scruples, who delivers results for his employer that often yield catastrophic endings for those brought into his sphere of influence.

Boris Jaap ter Haar, 1981 Twelve-year-old Boris struggles for survival during the German siege of Leningrad in World War II.

Tough Boris Mem Fox, 1998 Boris von der Borch is a mean, greedy old pirate--tough as nails, through and through, like all pirates. Or is he? When a young boy sneaks into Boris' ship, he discovers that Boris and his mates aren't quite what he expected! Full color.

Boris Gets a Lizard Andrew Joyner, 2013-05-28 "A fun romp with an anthropomorphized swine will leave beginning readers 'hog wild' at their accomplishments." -Kirkus Reviews For a curious warthog like Boris, adventure is always just around the corner! Boris loves pets! And he already has lots of them. All he's missing is his favorite animal, a Komodo dragon--the biggest lizard in the world! When Boris brags to the kids in his class that he's getting one, everyone wants to see it. Boris needs to come up with a plan . . . fast. Luckily, he's got his friends by his side and a lizard up his sleeve! This series is part of Scholastic's early chapter book line called Branches, which is aimed at newly independent readers. With easy-to-read text, high-interest content, fast-paced plots, and illustrations on every page, these books will boost reading confidence and stamina. Branches books help readers grow!

Dear Boris Cynthia Lindsay, 2004-07 This chatty biography, written with the

cooperation of the late actor's family, is crammed with anecdotes, personal opinions, and warm humor, said our reviewer (LJ 2/15/76) of this portrait of the horror star, who played every baddie from Frankenstein's monster to Dr. Seuss's Grinch. The text is buttressed with 150 photos and a complete filmography. This should still be popular in public library collections. Copyright 1995 Reed Business Information, Inc.

My Life with Boris Naina Yeltsina, 2020-10-05 In this poignant memoir, Naina Yeltsina, the wife of the first president of Russia, recounts the compelling story of her life, from her earliest childhood memories and the time when she met and became engaged to Boris Yeltsin, her companion of over fifty years, to the birth of her daughters and her experiences as First Lady of Russia. Always shy of the limelight, and rarely giving interviews when her husband was in office, Naina Yeltsina provides the reader with a glimpse into her personal life, whilst offering at the same time a behind-the-scenes look at the epochal events that unfolded around her, including the first Russian presidential election, the August 1991 coup and the fall of the USSR. Rich with intimate details and full of anecdotes, *My Life with Boris* is the chronicle of a life lived at the very heart of twentieth-century history.

Boris Yeltsin Boris Minaev, 2014-11 In this unique biography of the first President of the Russian Federation, the author consistently describes events of Yeltsin's life, capturing and conveying his unique personality with all the contradictions of his character and principles that determined public attitude towards him. Some saw him as an outstanding builder of the new Russia, others - as a destroyer of the great state. But whoever he was de facto, the decade of his rule shook the world.

Boris Karloff: The Man Remembered Gordon B. Shriver, 2022-01-01 Since his death in 1969, Boris Karloff has remained one of Hollywood's most famous performers, having shot to fame and entering film history as the Monster in Frankenstein, the 1931 Universal classic. Boris Andrew Gimson, 2012-03-29 THE MAKING OF A PRIME MINISTER 'My biography of the year' Michael Crick 'The scariest thing I've read since Silence of the Lambs' Ken Livingstone A brilliant and definitive biography of Boris Johnson, the politician who risked his career to lead the Brexit campaign, won the referendum, and finally became the new prime minister. In Andrew Gimson's acclaimed biography of the most colourful British politician of modern times, we are given a comprehensive portrait of the man. Despite tabloid controversies which led to him being dismissed from Michael Howard's shadow cabinet, Boris bounced back to win two terms as London mayor. It was a remarkable tribute to his huge personal popularity, and he was at the heart of things when London showcased itself during the 2012 Olympics. This updated edition of the book is a comprehensive insight into the dramatic political events of 2016. After Boris decided to join the Brexit campaign, which he led with Michael Gove, against all the predictions he secured a historic vote to leave the EU. Within a few tumultuous and unprecedented days, David Cameron resigned as prime minister, Boris was installed as favourite to succeed him - only for Gove to torpedo his challenge, and seemingly end his career. Yet when Theresa May took charge, she surprised many by appointing Boris as Foreign Secretary. Gimson's superb account not only takes the reader behind the scenes, it vividly brings to life one of the most extraordinary political careers in our history.

Where's Boris? Various, 2014-11-06 Greetings citizens! Can you spot Boris? In an array of crowded scenes, from zip wires and bikes to Beijing and the Bullingdon Club, search for Boris amongst the masses. Anyone for wiff-waff? With oodles of in-jokes and bonus material to find, plus cameo appearances from some old chums, this book provides hours of fun for both the lovers and loathers of the blonde-mop-topped phenomenon that is... BoJo. A classic and fun gift book, tracking Boris down around the world will be endless amusement for all the family.

Calm Down, Boris! Sam Lloyd, 2011-07-06 Boris is often too big, kissy and tickly to get along well with others, but when a scary dog jumps over the fence into the park, being, big, kissy and tickly is just what's needed.

Boris Pasternak Maya Slater, 2013-09-01 This selection of Boris Pasternak's correspondence with his parents and sisters from 1921 to 1960—including more than illustrations and photos—is an authoritative, indispensable introduction and guide to the great writer's life and work. His letters are accomplished literary works in their own right, on a par with his poetry in their intensity, frankness, and dazzling stylistic play. In addition, they offer a rare glimpse into his innermost self, significantly complementing the insights gained from his work. They are especially poignant in that after 1923 Pasternak was never to see his parents again.

The Fables of Boris Richard Bellingham Edd, 2009-10 Just one more Boris story. This was the nightly plea I heard from my daughter just before bedtime. It meant another opportunity for me to conjure up a tale based on her experiences and my imagination that might help her sort through a question from her day. Boris is a mythical character, a dog that happens to be experiencing the same life challenges as Rebecca did when she was eight to ten years old and every problem seemed like an overwhelming conundrum, or at least a terrific drama opportunity. While Boris initially had the same feelings and thoughts as Rebecca, he was always able to find the possible solutions that existed, no matter how hopeless the situation appeared through the eyes of a young girl. The Boris fables are beloved because they are entertaining and also enable children to get a little distance from their concerns. They can get a new perspective on their world without feeling that they are being lectured to or that parental advice is being imposed. Boris is the perfect medium to share un-discussable topics and to discover creative solutions to problems. Most importantly, the stories serve as a stimulus for engaging in meaningful conversation about important life issues.

Amos & Boris William Steig, 2013-07-30 Amos the mouse and Boris the whale: a devoted pair of friends with nothing at all in common, except good hearts and a willingness to help their fellow mammal. They meet after Amos sets out to sea in his homemade boat, the Rodent, and soon finds himself in extreme need of rescue. Enter Boris. But there will come a day, long after Boris has gone back to a life of whaling about and Amos has gone back to his life of mousing around, when the tiny mouse must find a way to rescue the great whale. The tender yet comical story of this friendship is recorded in text and pictures that are a model of rich simplicity. Here, with apparent ease and concealed virtuosity, Caldecott medalist William Steig brings two winning heroes to life. Amos & Boris is a 1971 New York Times Book Review Best Illustrated Book of the Year, Notable Children's Book of the Year, and Outstanding Book of the Year.
