The Man Behind the Bottle Norman L. Dean, 2010-03 The contour Coca-Cola bottle is the most recognized package created by man. It has been called an international icon and one of the most significant artifacts of the twentieth century. Of everything that has been written about The Coca-Cola Company, the one error of omission has been the complete and accurate story about the creation of its famous contour bottle and the impact it has made in the world. Knowing his entire life that it was his father, Earl R. Dean, who designed the bottle, it became the author's mission to get the story told before the truth was forever lost—to set the record straight—not only for his father and his descendants, but for the millions of people all over the world who have enjoyed a romance with his bottle.

The Bottle Imp Robert Louis Stevenson, 2017-05-18 Keawe is a Hawaiian who feels the need to know other lands, so he goes to San Francisco (United States). There he discovers a beautiful house whose owner seems somewhat sad and emaciated. When talking to him and asking him the reason for his sadness, the old man shows him a bottle of white glass in whose interior are all the colors of the rainbow. Amazed by his beauty, the old man tells him that in that bottle inhabits a demon capable of granting any desire, except one: to extend life to a person. For that, the owner of the bottle must meet a number of requirements: sell the bottle to another person before dying or go to

hell, you can only sell the bottle if the price is lower than the owner paid.

A Whole Bottle of Montrachet Asifa Essop, 2014 Kelly Grant was a man...a man who had acquired taste in wine and travel and women and cars and in dark expensive chocolate and in a lifestyle that had not been created by him...Kelly was a thief, a daylight robber who had to steal a standard of living from some 15th century aristocrat and inherit his worth in gold after his parents reached the end of their lives...their functions, their purposes. He was a farce, an unoriginal vagabond of his own soul...he may as well have been dead...Was it as simple as all that, his reason could not be only to reach the end? What would be the point of his existence, why was he more important than a wave in the ocean or the fungi in a pond? Because he could speak, eat, because he had rational thought?! Kelly heard the maniacal sound of his own laugh roaring in the distance... He was in a strange limbo, dancing on the platform of improbability. Perhaps he should have been the religious kind...Kelly had acquired everything but meaning to this existence...Why all of this divine intervention now? And how was his Indian Banshee going to help him search for true purpose?
