For the author, his life was full of camping and getting to know the various critters in and around his Dixon Branch home. In this book, there is everything from groundhogs to bobcats to beavers and even a pesky lizard. There is also a ghost story that will bring chills to your bones. Above everything else, this book will bring a smile to your lips and maybe even a longing to be on an adventure of your own.

Super Mario 3D World + Bowser's Fury Fuerst F,2021-03-04 Super Mario 3D World + Bowser's Fury's is out on Nintendo Switch, the former being a port of one of the Wii U's best titles. The latter is more interesting though. It's an open world 3D platforming adventure more akin to Super Mario Odyssey (but on a larger scale), set in Lake Lapcat. Your main foe is Fury Bowser who emerges every now and then to cause havoc. There's a lot more to Bowser's Fury than meets the eye, however. In total, there are 100 Cat Shines to collect with each island in Lake Lapcat having five. If you can find any new Shines after clearing an island, try coming back later - a new objective should become available and offer some hints. As such, you should always be open to exploring other islands as they open up (which is what happens when Fury Bowser is defeated). You'll notice a Cat Shine flying to a tower when collected - travel to the top of the tower and ground-pound the shiny bit to get a power-up. Since you can store up to five of each power-up, these can be especially useful for filling out your inventory. Collecting a Shine will provide a power-up on a tower each time, though keep in mind that this stops once five Cat Shines has been obtained on an island. As for Fury Bowser, he'll come up every now and then, his appearances increasing in frequency as you collect more Cat Shines. Collecting a Shine will immediately make him go away and deplete his health for the next fight. He'll eventually leave if you survive for long enough so keep that in mind if there are no Shines nearby. Also worth noting is that certain boxes can only be opened by Fury Bowser. Stand near them and once he uses his flame breath, they'll be destroyed. These boxes can contain Shines so worth the effort of trying to stay alive. Upon gathering a certain number of Cat Shines, the Giga Cat Bells become available. Use these to turn into Giga Cat Mario and take on Fury Bowser. Just keep in mind that taking a hit will transform you back to regular Mario. You're still giant-sized so Bowser can still be beaten (at least in the early going) but gathering another Giga Cat suit is as easy as going back to the Giga Cat Bell again. Finally, you won't be able to collect all of the Cat Shines before the final encounter with Fury Bowser. When the last fight is wrapped up, return to Lake Lapcat and speak to Bowser Jr. He'll clue you in on the remaining Shines and their locations. Bowser Becomes the Boss Jane Misheloff,2017-06-30 Helga was lonely before she met Bowser, a German shorthaired pointer mix that liked to get his own way. They were perfect companions and grew old together. Sadly Helga became too sick to care for Bowser. She moved to an assisted-living facility where residents could not keep pets. Through a local dog rescue group, Bowser went to live with Jane and Steve. Jane and Bowser visited Helga often in her new home. They took many walks together in the garden. After too few years with Jane and Steve, Bowser crossed the Rainbow Bridge one evening. He waited patiently for Helga to join him one month later at the Bridge. Together they set out to find a new home. Eventually, they found the perfect spot where they built a community named Les Maisons. There, dogs could come to wait for their owners to join them or owners could come to wait for their dogs to cross the Rainbow Bridge. Word spread quickly about this new community as more dogs and humans arrived daily. Bowser, as Chief Boss Officer, was called on frequently to help solve some adjustment issues with newcomers. With help from new and old friends, Bowser and company made Les Maisons a place of love and joy where dogs and their owners can live happily ever after.
