Tim Randall

Television and the Second Screen James

Blake, 2016-11-10 Television is changing almost beyond recognition. In the battle for consumers, social media sites, smart phones and tablets have become rivals to traditional linear TV. However, audiences and producers are also embracing mobile platforms to enhance TV viewing itself. This book examines the emerging phenomenon of the second screen: where users are increasingly engaging with content on two screens concurrently. The practice is transforming television into an interactive, participatory and social experience. James Blake examines interactive television from three crucial angles: audience motivation and agency, advances in TV production and the monetisation of second screen content. He also tracks its evolution by bringing together interviews with more than 25 television industry professionals - across the major UK channels - including commissioning editors, digital directors, producers and advertising executives. These reveal the successes and failures of recent experiments and the innovations in second screen projects. As the second screen becomes second nature for viewers and producers, the risks and opportunities for the future of television are slowly beginning to emerge. Television and the Second Screen will offer students and scholars of television theory, industry professionals and anyone with an abiding interest in television and technology, an accessible and illuminating guide to this important cultural shift.

Unzipped Genes Martine Aliana Rothblatt, 1997

Rothblatt, an international high-tech lawyer and a transsexual, explains the technology of the Human Genome Project in plain language and proposes a code of ethics to guide childbirth decisions in the new world of biotechnology. Fashion, Media, Promotion Jayne Sheridan, 2013-09-03
In Fashion, Media, Promotion: the new black magic Fashion is linked to its communication networks - involving the reader in the process of selling Fashion in the global marketplace. Fashion's ingenuity in adapting to new means of promotion for digital and print media, websites, advertising, cinema, music and television, is celebrated. Hollywood's role in shaping Fashion's influence is assessed through Audrey Hepburn's persuasive iconography and the impact of the most watched movie of the 20th century: *Gone with the Wind*. Exceptional designers Coco Chanel, Christian Dior, Rei Kawakubo, Mary

Quant, Elsa Schiaparelli, Vivienne Westwood are reconsidered, together with extraordinary innovators Paul Smith, Vidal Sassoon, Lynne Franks. Roland Barthes' Fashion System and Mythologies are viewed as cultural and promotional texts, with revealing insights into the technologies which bring Fashion to mass audiences. Marketing and branding successes are reviewed and Fashion's continuing narrative is illustrated with luminous colour images.

The Rolling Stones: Unzipped The Rolling Stones, Anthony DeCurtis, 2021-10-12 An intimate and comprehensive volume tracing the incredible musical career and creative life of the Rolling Stones. "As well as going back through our history we wanted everyone to experience and feel exactly what it's like to be in the Rolling Stones." For almost 60 years the Rolling Stones have helped shape popular culture around the world. Unzipped traces their impact and influence on rock music, art, design, fashion, photography, and filmmaking. Packed with evocative archive photos, artworks, outtakes, and memorabilia, this stunning book immerses readers in the world of the Stones. Peppered throughout with insightful new commentary by Mick Jagger, Keith Richards, Charlie Watts, and Ronnie Wood, this volume also features a compelling introduction by Anthony De Curtis, as well as essays by Buddy Guy, Don Was, Anna Sui, John Varvatos, Martin Scorsese, Shephard Fairey, Patrick Woodroffe, and Willie Williams. In addition to stills from films, videos, and documentary footage, vivid photographic sections showcase the Stones' musical instruments, their

stage clothing, album cover designs, notebooks with lyrics, and tape boxes from the original recording sessions. Bold, glamorous, and captivating, *Unzipped* is the perfect showcase for "the greatest rock 'n' roll band in the world."

Brando Unzipped Darwin Porter, 2006 That ongoing, barely under control drama known as Marlon Brando--Hollywood's Ultimate Bad Boy, Megastar, and Sexual Outlaw--with a special focus on his early rise to fame and his social and sexual associations with the A-list legends of the 40s, 50s, and 60s. *Brando Unzipped* is the definitive gossip guide to the late, great actor's life --New York Daily News. Lurid, raunchy, perceptive, and certainly worth reading, it's one of the best show-biz biographies of the year. --London's Sunday Times. *Brando Unzipped* received an Honorable Mention from Foreword Magazine in its Book of the Year competition, and it won a Silver Ippy award for Best Biography from the Independent Publisher's Association.

Contemporary British Queer Performance S. Greer, 2016-02-02 This book examines queer performance in Britain since the early 1990s, arguing for the significance of emerging collaborative modes of practice. Using queer theory and the history of early lesbian and gay theatre to examine claims to representation among other things, it interrogates the relationships through which recent works have been presented.

Unzipped Souls William Minor, 1995 Across 9,000 kilometers and six republics of the former Soviet Union, William Minor embarked on a jazz journey to observe the development of contemporary Russian

jazz, as it responded to abundance of cultural changes. A jazz writer and musician himself, Minor sat in on private performances and went backstage at several major festivals, witnessing first-hand the artistic release and creativity of Russian musicians. Throughout his travels, the author interviewed musicians, critics, and fans, and reproduces in his book an intimate sense of their aspirations, struggles, successes; they tell of shared resources, networks, and inventive forums for playing and exchanging information. At the same time, this narrative bespeaks the hard realities of life: the difficulty of getting equipment, the scant number of clubs, and the limited information about the music scene in other parts of the world. Minor's impressions and experiences are a valuable behind-the-scenes look the country and the culture just before the collapse of the communist state. Author note: William Minor writes for numerous journals and magazines, including Down Beat, Coda, JazzTimes, and Jazz Forum. He is also a visual artist, professional musician, and Instructor in the Humanities Division at Monterey Peninsula College, California.

After Eden Helen Douglas, 2013-11-05 Eden, sixteen, must choose between helping Ryan, a time-traveler, and her best friend Connor who, according to Ryan, is about to become famous through a significant scientific discovery that will, ultimately ruin the world.

Writer's Block Suresh Subrahmanyam, 2021-09-21 This is Suresh Subrahmanyam's third volume of tongue-in-cheek vignettes on a variety of

subjects. There is no topic or issue under the sun that does not come under his genial and articulate gaze. He wields his pen, in a manner of speaking, with considerable panache and style. His love for the English language is amply evident in the way in which he crafts every sentence with minute care. He is greatly influenced by the British school of writing and the great authors from that formidable stable. He is unapologetic about adopting a slightly old-fashioned style, as he believes the present generation who read (and that tribe is rapidly dwindling) should appreciate that this is the language of Shakespeare and Milton, without the likes of whom we would all be talking to each other with a vocabulary that does not go beyond words like cool, awesome, shoot, OMG and lowbrow slang like my bad, I'm good, and get a life, bro. In the author's own words, "Texting trumps writing and language pays the price." Suresh Subrahmanyam tries to make amends.

Report ,1970

Rainbow Unzipped Tim Randall,2009 The official and uncensored story of the stars of Rainbow, as told to Tim Randall by Zippy, George and Bungle. For over twenty years Zippy, George and Bungle were the biggest stars on children's television, inspiring a whole generation of adoring fans. But behind the smiles and the brightly coloured fur, all was not what it seemed in the Rainbow house. Having spent the last seventeen years refusing approaches from publishers to tell their story, the squabbling stars have agreed - thanks to some serious financial inducements and a clause insisting they don't have to spend more than three

hours in the same room together - to talk to journalist Tim Randall about the highs and lows and the heartbreaks they have endured. From their humble beginnings to international stardom, via the wilderness years, this is Zippy, George and Bungle's fascinating autobiography. Here, for the very first time, is the inside story of what really happened at the beginning, middle and end of their Rainbow.

Unzipped ANONYMOUS, Anthony Geoffrey Brown, 2006
'They say that confession is good for the soul. If politicians have souls - and that is far from certain - then this book ought to benefit my chances in the afterlife. I am, indeed, a politician...' So begins an honest, witty and bawdy expose of the sexual lives that simmer behind the stuffy doors of the palace of Westminster. Our guide, 'Anonymous' confesses his own sordid misdemeanors, while subtly showing how the people elected to help govern us are as fallible and as frisky as the rest of us. From the West End's lap dancing clubs to Brighton's bordellos, from suburban extra-marital affairs to orgies just off the M25, 'Anonymous' proves that power - no matter how small - really is the ultimate aphrodisiac.

Surviving the Evacuation, Book 12: Britain's End
Frank Tayell, 2018-01-10 Anglesey became a refuge for survivors from across the world, but living in the shadow of a decrepit nuclear power station was always a precarious existence. There is only one destination for their final exodus from Britain, but Belfast won't become their new home. There are fewer undead on the island of Ireland, but their

numbers still count in the millions. With farming impossible, with the weather worsening, with ammunition exhausted, desperation turns to despair. All seems bleak, but the survivors don't know how truly desperate their situation is. During the chaos that ensued after the calamitous election, they misjudged the evidence. Their true enemy is still among them, and that enemy is about to act. Set nine months after the outbreak, in Britain and the island of Ireland, when humanity is at a crossroads. Either all will survive, or our species will die.

Kingdom of Ten Thousand Things Gary

Geddes, 2012-02-07 From war-torn Afghanistan, through the snow-capped Himalayas and across the burning sands of the Taklamakan desert, to a rapidly modernizing China and on to the Central American jungles: it seems an impossible journey, but one that Gary Geddes eagerly undertook in order to retrace the voyage of the legendary 5th-century Buddhist monk Huishen. Geddes was long fascinated with stories of Huishen's life and travels: this Afghan holy man fled Kabul for China and may have crossed the Pacific to North America 1,000 years before Columbus. The length and breadth of this expedition, and its difficulty, would have been amazing enough on its own, but Geddes's trip takes on an added dimension and poignancy due to its timing: he reaches Afghanistan one month before September 11, 2001 and arrives in China as the tragic events unfold. Along the way, Geddes encounters Afghan refugees, Pakistani dissidents, Tibetan monks, Buddhist scholars, a KFC outlet in Luoyang, mysterious

cairns in Haida Gwaii, and ghostly remains in Mexico. As the Silk Road morphs into superhighways, ancient sculptures turn into military targets, Geddes glimpses, in the collision of past and present history, important clues for imagining a workable future.

Run Britain Nick Butter, 2023-03-16 In the spring of 2021, as the UK's latest pandemic lockdowns were lifted, Nick Butter set out from the Eden Project to become the fastest person to cover every mile of Britain's mainland coastline on foot. Battling the most extreme winds Britain had seen in 100 years, days of torrential rain and the unrelenting hills of Western Scotland and Cornwall, Nick suffered two broken bones and countless injuries, whilst taking on two marathons a day, every day, for 100 days. Covering an extraordinary 5,250 miles, running for over 12 hours a day, struggling to take in the 8,000 daily calories required to fuel his body, Nick battled sleep deprivation and extreme weight loss as he pushed his body and mind to their limit. Supported by close friends and family (including his ever-dependable right-hand man, Andy Swain, whose diary extracts feature in this book), Nick experienced spiralling lows and euphoric highs. As he traversed footpaths, country lanes and busy A roads, he passed through over two thousand coastal communities, buoyed along by supporters cheering from windows, balconies, passing cars and

pavements, by school children and fellow runners, and by the stunning sights and sounds of the British coast. Run Britain is Nick's account of his extraordinary adventure.

Britain, France and Europe, 1945-1975 Anthony Adamthwaite, 2020-05-28 Britain, France and Europe, 1945-1975 takes a fresh look at the international trajectories of Europe's premier democracies. The side-lining of Britain and France in the Cold War era, argues Adamthwaite, was preventable. A Franco-British Europe came within a whisker of realization. Condemning President Charles de Gaulle as an intransigent gatekeeper created a convenient alibi for self-inflicted missteps. UK bids for European Community membership ignored the elephant in the room - the need for partnership in a superpower age. A marriage powering the Community could have repositioned Western Europe as partner, not client of the United States. Although perceived as a failing power, France outperformed Britain - seizing the initiative in European construction, and winning primacy in western Europe. As well as exploring sharply contrasting national experiences in the aftermath of war, the author analyses the reasons for French success. The analysis evaluates key influences: the mental maps of decision makers; leadership styles; the post-1945 international system; policy making machinery; the 'democratic deficit' in British and French politics; and public opinion. Drawing on American, British and French official records, together with private papers and interviews, this enlightening study highlights the importance of contingency and individual actors,

and will be of great interest to scholars of modern European history.

Public Understanding of Science ,1998 An international journal of research in the public dimensions of science and technology.

A Very British Ending Edward Wilson,2015-07-15 A gripping espionage thriller about an establishment plot to take control of 1970s Britain, by a writer who is 'poised to inherit the mantle of John le Carré' 'The thinking person's John le Carré' Tribune 'Edward Wilson seems poised to inherit the mantle of John le Carré' Irish Independent 'More George Smiley than James Bond, Catesby will delight those readers looking for less blood and more intelligence in their spy thrillers' Publishers Weekly An MI6 officer, haunted by the ghosts of an SS atrocity, kills a Nazi war criminal in the ruins of a U-boat bunker. The German turns out to be a CIA asset being rat-lined to South America. As a hungry Britain freezes in the winter of 1947, a young cabinet minister negotiates a deal with Moscow trading Rolls-Royce jet engines for cattle fodder and wood. Both have made powerful enemies with long memories. The fates of the two men become entwined as one rises through MI6 and the other to Downing Street. And as Britain stumbles into the mid-1970s, a coup d'etat is imminent. A Very British Ending is the Wolf Hall of power games in modern Britain. Senior MI6 officers, Catesby and Bone, try to outwit a cabal of plotters trying to overthrow the Prime Minister. The author once again reveals the dark underside of the Secret State on both sides of the Atlantic. 'A fantastic read' Culture Matters 'The

best espionage story you'll read this year or any other' Crime Review Praise for Edward Wilson: 'Stylistically sophisticated . . . Wilson knows how to hold the reader's attention' W.G. Sebald 'A reader is really privileged to come across something like this' Alan Sillitoe 'All too often, amid the glitzy gadgetry of the spy thriller, all the fast cars and sexual adventures, we lose sight of the essential seriousness of what is at stake. John le Carré reminds us, often, and so does Edward Wilson' Independent
