*The Television World of Pushing Daisies* Alissa Burger, 2014-01-10 Pushing Daisies was a unique network television show. This collection of 10 essays addresses the quirky, off-beat elements that made the show a popular success, as well as fodder for scholarly inquiry. Divided into three main sections, the essays address the themes of difference, the placement of the series within a larger philosophical context, and the role of gender on the show. A consideration of Pushing Daisies' unique style and aesthetics is a consistent source of interest across these international and interdisciplinary scholarly critiques.

*Flametouched* Brian K. Fuller, 2017-01-27 The Eternal Flame branded its mark upon Davon Carver's palms, and now the sabercat he carved has come to life. Creating living carvings is an odd and troublesome gift for a humble clerk trying to uncover a plot against his beloved nation, Bittermarch. But like the hidden conspirators he's trying to expose, Davon guards a secret--he wasn't always a clerk. Once a nobleman and a Baron, Davon faked his own death to escape his cruel marriage. Davon wants a quiet life, but the Queen orders her new clerk to delve into the affairs of the lovely Lady Hightower to uncover the truth about the mysterious plot. He discovers that powerful and prestigious conspirators don't like meddling clerks, and Davon must dodge bullets and increasing scrutiny, fearing the exposure of his past life. As the clues fall into place, Davon finds that the fate of Bittermarch and the Eternal Flame itself are in his flame-branded hands.

*Hannibal for Dinner* Kyle A. Moody, Nicholas A. Yanes, 2021-02-12 NBC's Hannibal only lasted for three seasons but became a critical darling and quickly inspired a ravenous fanbase. Bryan Fuller's adaptation of Hannibal Lecter's adventures created a new set of fans and a cult audience through its stunning visuals, playful characters, and mythical tableaux of violence that doubled as works of art. The show became a nexus point for viewers that explored consumption, queerness, beauty, crime, and the meaning of love through a lens of blood and gore. Much like the show, this collection is a love letter to America's favorite cannibal, celebrating the multiple ways that Hannibal expanded the mythology, food culture, fandom, artistic achievements, and religious symbolism of the work of Thomas Harris. Primarily focusing on Hannibal, this book combines interviews and academic essays that examine the franchise, its evolution, creatively bold risks, and the art of creating a TV show that consumed the hearts and minds of its audience.

**Sellevision** Augusten Burroughs, 2003-06-01 The hilarious first novel by the #1 bestselling author of Running with Scissors, Dry, A Wolf at the Table, and You Better Not Cry, Sellevision is Augusten Burrough's darkly funny and vastly entertaining skewering of a very troubled home-shopping channel. Welcome to the world of Sellevision, America's premier retail broadcasting network. When Max Andrews, the much loved and handsome (that is, lonely and gay) host of a Toys for Tots segment, accidentally exposes himself in front of millions of kids, Sellevision faces its first big scandal. As Max struggles to find a new job in television, the popular and perky host Peggy Jean Smythe is receiving sinister emails from a stalker. Popping pills and drinking heavily, she fails to notice that her husband is spending a lot of time with the young babysitter who lives next door. Then there's Leigh, whose affair with married Sellevision boss Howard Toast is going nowhere until she announces their relationship on air. A blistering satire of our overcharged, scandal-obsessed world, Sellevision is an absolute howl . . . wicked fun (New York Daily News).

*Red Dragon* Thomas Harris, 2009-01-06 THE NEW YORK TIMES BESTSELLER Feed your fears with the terrifying classic that introduced cannibalistic serial killer Hannibal Lecter. FBI agent Will Graham once risked his sanity to capture Hannibal Lecter, an ingenious killer like no other. Now, he's following the bloodstained pattern of the Tooth Fairy, a madman who's already wiped out two families. To find him, Graham has to understand him. To understand him, Graham has only one place left to go: the mind of Dr. Lecter.

Aestheticism, Evil, Homosexuality, and Hannibal Geoff Klock, 2017-10-11 In late 19th century England, Oscar Wilde popularized aestheticism, also known as art-for-art's-sake - the idea that art, that beauty, should not be a vehicle for morality or truth, but an end in-and-of-itself. Rothko and Jackson Pollock enthroned the idea, creating paintings that are barely graded panels of color or wild splashes. Today, pop culture is aestheticism's true heir, from the perfect charismatic emptiness of Ocean's Eleven to the hyper-choreographed essentially balletic movements in the best martial arts movies. But aestheticism has a dark core, one that Social Justice Activists are now gathering to combat, revealing the damaging ideology reflected in or concealed by our most beloved pop culture icons. Taking Bryan Fuller's television version of Hannibal "The Cannibal" Lecter as its main text - and taking Žižek-style illustrative detours into Malcolm in the Middle, Dark Knight Rises, Harry Potter, Interview with a Vampire, Dexter and more - this book marshals Walter Pater, Camille Paglia, Nietzsche, the Marquis de Sade, Kant and Plato, as well as Dante, Shakespeare, Milton, Blake, Baudelaire, Beckett, Wallace Stevens and David Mamet to argue that Fuller's show is a deceptively brilliant advance of aestheticism, both in form and content - one that investigates how deeply art-for-art's-sake, and those of us who consciously or unconsciously worship at its teat, are necessarily entwined with evil.

**Becoming** Kavita Mudan Finn, EJ Nielsen, 2019-08-06 The NBC series Hannibal has garnered both critical and fan acclaim for its cinematic qualities, its complex characters, and its innovative reworking of Thomas Harris's mythology so well-known from Jonathan Demme's Silence of the Lambs (1991) and its variants. The series concluded late in 2015 after three seasons, despite widespread fan support for its continuation. While there is a healthy body of scholarship on Harris's novels and Demme's film adaptation, little critical attention has been paid to this newest iteration of the character and narrative. Hannibal builds on the serial killer narratives of popular procedurals, while taking them in a drastically different direction. Like critically acclaimed series such as Breaking Bad and The Sopranos, it makes its viewers complicit in the actions of a deeply problematic individual and, in the case of Hannibal, forces them to confront that complicity through the character of Will Graham. The essays in Becoming explore these questions of authorship and audience response as well as the show's themes of horror, gore, cannibalism, queerness, and transformation. Contributors also address Hannibal's distinctive visual, auditory, and narrative style. Concluding with a compelling interview with series writer Nick Antosca, this volume will both entertain and educate scholars and fans of Hannibal and its many iterations.

**Interdisciplinary Essays on Cannibalism** Giulia Champion, 2021-05-20 Interdisciplinary Essays on Cannibalism: Bites Here and There brings together a range of works exploring the evolution of cannibalism, literally and metaphorically, diachronically and across disciplines. This edited collection aims to promote a conversation on the evolution and the different uses of the tropes and figures of cannibalism, in order to understand and deconstruct the fascination with anthropophagy, its continued afterlife and its relation to different disciplines and spaces of discourse. In order to do so, the contributing authors shed a new light not only on the concept, but also propose to explore cannibalism through new optics and theories. Spanning 15 chapters, the collection explores cannibalism across disciplines and fields from Antiquity to contemporary speculative fiction, considering history, anthropology, visual and film studies, philosophy, feminist theories, psychoanalysis and museum practices. This collection of thoughtful and thought-provoking scholarly contributions suggests the importance of cannibalism in understanding human history and social relations.

The Greatest Cult Television Shows of All Time Christopher J. Olson, CarrieLynn D. Reinhard, 2020-05-29 Reaching back to the beginnings of television, The Greatest Cult Television Shows offers readers a fun and accessible look at the 100 most significant cult television series of all time, compiled in a single resource that includes valuable information on the shows and their creators. While they generally lack mainstream appeal, cult television shows develop devout followings over time and exert some sort of impact on a given community, society, culture, or even media industry. Cult television shows have been around since at least the 1960s, with Star Trek perhaps the

most famous of that era. However, the rise of cable contributed to the rise of cult television throughout the 1980s and 1990s, and now, with the plethora of streaming options available, more shows can be added to this categorization. Reaching back to the beginnings of television, the book includes such groundbreaking series as *The Twilight Zone* and *The Prisoner* alongside more contemporary examples like *Crazy Ex-Girlfriend* and *Hannibal*. The authors provide production history for each series and discuss their relevance to global pop culture. To provide a more global approach to the topic, the authors also consider several non-American cult TV series, including British, Canadian, and Japanese shows. Thus, Monty Python's *Flying Circus* appears alongside *Sailor Moon* and *Degrassi Junior High*. Additionally, to move beyond the conception of "cult" as a primarily white, heteronormative, fanboy obsession, the book contains shows that speak to a variety of cult audiences and experiences, such as *Queer as Folk* and *Charmed*. With detailed arguments for why these shows deserve to be considered the greatest of all time, Olson and Reinhard provide ideas for discussion and debate on cult television. Each entry in this book demonstrates the importance of the 100 shows chosen for inclusion and highlights how they offer insight into the period and the cults that formed around them.

**The Brown Agenda** Richard Fuller, Damon DiMarco, 2015-08-04 Pollution is the single largest cause of death in the developing world. One in seven people in low- and middle-income countries die as a result of it. Simply put, pollution is now the world's most prevalent health risk. And yet, while most everyone has heard about "going green," few are aware of the more dire and sinister "brown" pollution—places where man-made toxic pollutants have taken root and spread. Brown sites poison millions of people every year, causing needless suffering and death. After witnessing several brown sites firsthand and meeting families trapped by poverty in these toxic hot spots, environmentalist Richard Fuller founded the Blacksmith Institute, now renamed Pure Earth, a global nonprofit that initiates large-scale cleanups of some of the most polluted places on earth. The *Brown Agenda* details Fuller's inspirational journey—from his dangerous yet ultimately successful fight to save hundreds of thousands of acres in the Amazon rain forest to his creation of Pure Earth. In this vivid account of his perilous travels to the earth's most toxic locations, Fuller introduces readers to the plight of the "poisoned poor," and suggests specific ways people everywhere can help combat pollution all over the world.

The Pet Assassin Brian Fuller, 2015-12-15 His name is Peter Spackman. He kills pets for money—and teaches history at the high school. When Peter gets framed for a pet murder he didn't commit, his life gets uglier than a shaved cat. To clear his name and uncover the truth, Peter must rally against obnoxious students, ratings-hungry reporters, and jerk bosses. Can he catch the real culprit? Can he keep the veterinarian he's dating from finding out about his night job? And can a hardened Pet Assassin maybe find a spot in his heart for our four-footed friends?

**Television and Serial Adaptation** Shannon Wells-Lassagne, 2017-01-20 As American television continues to garner considerable esteem, rivalling the seventh art in its cinematic aesthetics and the complexity of its narratives, one aspect of its development has been relatively unexamined. While film has long acknowledged its tendency to adapt, an ability that contributed to its status as narrative art (capable of translating canonical texts onto the screen), television adaptations have seemingly been relegated to the miniseries or classic serial. From remakes and reboots to transmedia storytelling, loose adaptations or adaptations which last but a single episode, the recycling of pre-existing narrative is a practice that is just as common in television as in film, and this text seeks to rectify that oversight, examining series from *M\*A\*S\*H* to *Game of Thrones*, *Pride and Prejudice* to *Castle*.

**Hannibal Lecter's Forms, Formulations, and Transformations** Jessica Balanzategui, Naja Later, 2020-12-17 This book examines how the iconic character Hannibal Lecter has been revised and redeveloped across different screen media texts. Hannibal The Cannibal Lecter has become one of Western culture's most influential and enduring models of monstrosity since his emergence in 1981 in *Red Dragon*, Thomas Harris' first Lecter book. Lecter is now at the centre of an extensive cross-mediated mythology, the most recent incarnation of which is Bryan Fuller's television program, *Hannibal* (NBC, 2013–2015). This acclaimed series is the focus of *Hannibal Lecter's Forms, Formulations, and Transformations*, which examines how Fuller's program harnesses the iconic character to experiment with traditional boundaries of genre, medium, taste, and narrative form. Featuring chapters from established and emerging screen and popular culture scholars from around the world, the book outlines how the show operates as a striking experiment with televisual form and formula. The book also explores how this experimentation is embodied by the boundary-defying character, the savage cannibalistic serial killer, practicing psychiatrist, and cultured art enthusiast, Hannibal Lecter. The chapters in this book were originally published as a special issue of the journal, *Quarterly Review of Film and Video*.

The Routledge Companion to the Reception of Ancient Greek and Roman Gender and Sexuality K. R. Moore, 2022-08-22 This Companion covers a range of receptions of ancient Greek and Roman gender and sexuality. It explores ancient representations of these concepts as we define them today, as well as recent perspectives that have been projected back onto antiquity. Beginning in antiquity, the chapters examine how the ancient Greeks and Romans regarded concepts of what we would today call gender and sexuality based on the evidence available to us, and chart the varied interpretations and receptions of these concepts across time to the present day. In exploring how different cultures have received the classical past, the volume investigates these cultures' different interpretations of

Greek and Roman sexualities, and what these interpretations can reveal about their own attitudes. Through the contributions in this book, the reader gains a deeper understanding of this essential part of human existence, derived from influential sources. From ancient to modern and postmodern perspectives, from cinematic productions to TikTok videos, receptions of ancient gender and sexuality abound. This volume is of interest to students and scholars of ancient history, gender and sexuality in the ancient world, and ancient societies, as well as those working on popular culture and gender studies more broadly.

**Hannibal Lecter and Philosophy** Joseph Westfall,2015-12-15 Sixteen philosophers come at Hannibal the way he comes at his victims—from unexpected angles and with plenty of surprises thrown in. Hannibal is a revolting monster, and yet a monster with whom we identify because of his intelligence, artistry, and personal magnetism. The chapters in this book pose many questions—and offer intriguing answers—about the enigma of Hannibal Lecter. What does the relationship between Hannibal and those who know him—particularly FBI investigator Will Graham—tell us about the nature of friendship and Hannibal’s capacity for friendship? Does Hannibal confer benefits on society by eliminating people who don’t live up to his high aesthetic standards? Can upsetting experiences in early childhood turn you into a serial killer? Why are we enthralled by someone who exercises god-like control over situations and people? Does it make any difference morally that a killer eats his victims? Can a murder be a work of art? Several chapters look at the mind of this accomplished killer, psychiatrist, and gourmet cook. Is he a sociopath or a psychopath, or are these the same: Is he lacking in empathy: Apparently not, since he has a quick understanding of what other people think and feel. Maybe what he lacks is a conscience.
