*Nightmare Puzzle* Philip M. LaVoie,2004-03-01 Scraping sounds awake you from your sleep. Something putrid is moving underneath the bed, with razor talons only a thin mattress away from tearing you to shreds. Cringing with disbelief, in a panic you suddenly flee from the bedroom and down the stairs, screaming. In the living room, your corner vision catches a pair of glowing eyes shifting across the large picture window, and when you turn to look they are still there, only now joined with a drooling maw of fangs. As your heart races to the point of bursting from your chest, you flatten yourself against the wall trying praying to remain unseen until a ghostly, disembodied voice whispers your name from down the hallway. It sounds like a child, but you and your wife have no children. Your wife? Oh, God, where is she? There, in the kitchen she stands, smiling. At last, a piece of sanity from this insane night, and you rush to your loving mate. Behind her back she holds a gleaming butcher knife, waiting to return your embrace. In one swift stoke, her hand arcs down, and you Turn the page onto the next chapter, nervously anticipating what new horror awaits you this evening.

Adventures of a Bubba in Greater Metropolitan Gnaw Bone J. Michael Mullen,2011-10-20 If you enjoyed the movie, Brother, Where Art Thou? you will love this book by Michael Mullen, The Adventures of a Bubba in Greater Metropolitan Gnaw Bone. In reality, Gnaw Bone is a small unincorporated town in Brown County, Indiana, with barely any population at all. By car you can travel from one side of town to another in only eighteen seconds (twenty-one seconds during rush hour). But to hear Mullen tell tales of his home, the area is so influential that it annexes the entire county and beyond. To the point of being the Capital City of the United States of America. Home to the United Nations. The hub of Disney World, the Gnaw Bone 500 Race, the world's best theatre district and more. Downtown Gnaw Bone is the epicenter of the much larger Greater Metropolitan Gnaw Bone, which rivals London, Rome, and Paris as an international destination. And it is all run by local Bubbas, who must constantly fend off hostile takeover attempts by carpet bagging, uppity New Yorkers who think they are better than Bubbas and keep offering to buy Gnaw Bone for twenty-four dollars worth of beads, New York's standard rate for the purchase of indigent Native lands. This hilarious cultural struggle between the Gnaw Bone Bubbas and the New York Uppities is a continuing series. Come magically escape the hardships of the world in which we live today, and immerse yourself into the land of Bubbas. Enjoy a hearty laugh. This is raw stupidity at its finest. Do not forget to read the Preface, which explains why the book is written in all lower case (the little letters), and why all the town hound dogs are named, Gggg Mmmm Gggg Bbbb. You will want to return again and again, with each new adventure penned by author Michael Bubba Mullen, who resides in Greater Metropolitan Gnaw Bone with his son, Bubba Junior, his other son Another Bubba, and their hound dog Gggg Mmmm Gggg Bbbb.

**Foodomics** Jorge Barros-Velázquez, 2021-03-23 Presenting an up-to-date review of the state-of-the-art and main applications of omics technologies to current hot topics in food sciences, this book is divided into four convenient sections. The first section represents an introduction to the development of foodomics and will provide a general overview of DNA-based and protein-based methods. The second section is focused on the main applications of omics to food safety issues, such as chemical hazards, foodborne pathogens, phages, food authentication or GMO detection. The third section is focused on specific food groups and how omics have revolutionized the investigation of dairy and meat products, seafood, agricultural and fermented food products. Finally, the fourth section is devoted to the link between foodomics and health: hot topics such as nutrimentalomics, food allergy or probiotics are reviewed here. The book brings together work from top international scientists to produce the most significant academic book for some years on omics and food for a broad audience. It presents unique features not covered so far by other books, such as a detailed description of different strategies and applications of omics techniques to many food sectors and provides a welcome addition to the cutting-edge literature in this area for researchers and professionals in food science and food chemistry.

**The Baghdad Express** R. W. Greenacre, 2010-12-01 It is 2003 and two private security companies, Redline in the UK and Eagle in the US are preparing to go to Iraq. Redline's leader Westerby is dreaming of a world where the sun never sets on the Empire and has bought himself a pith helmet and a monocle. Eagle's boss, Flint, wants to make up for not going to Vietnam, while his second in command TJ is dreaming of a new boat. Westerby's reluctant recruit, Carlingford, wants to escape his dead end job and sense of failure and find some meaning in his life. Once in Iraq our characters meet in a compound in a Baghdad suburb to build a theme park. Carlingford finds love amongst the dust and the madness but his loyalties are divided when Larry McKinley, the bombastic, six shooter toting U.S television reporter he is protecting is kidnapped. McKinley came to straighten out the 'liberal media's lies' about Iraq but instead finds himself chained up in the cellar of librarian-turned-unlikely-insurgent Samir. As Iraq descends into chaos, an unsafe second-hand roller coaster, to be renamed the Baghdad Express, is rising from the ashes, but not everyone is fooled by this low culture masquerading as freedom and progress. When Carlingford finally rides the Baghdad Express he can see from its summit the truth about the war; the violence, incompetence, greed and deceit. The only thing keeping him in Iraq now is his love for CPA spin doctor Suria, but even his love is dying before the truth of what they have done to a country. The Baghdad Express is in turns bawdy, satirical, farcical and downright funny but ultimately, like the war itself, a story of tragedy and waste. Come ride The Baghdad Express - what will you see?

**The Quotable Drunkard** Steven Kates, 2011-02-18 Three be the things I shall never attain: Envy, content, and sufficient champagne. --Dorothy Parker From pubs, alehouses, wine bars, vineyards, across the table, and under the table comes a flowing river of thoughts about drinking. Some of it you'll find profound, some of it funny, some of it silly. But all of it's about that most inspired of human inventions: alcohol. From the ancient (The man who isn't jolly after drinking is just a driveling idiot to my thinking. --Euripedes) to the modern (Alcohol--the cause of and the solution to all of life's problems. --Homer Simpson), here is wit, wisdom, and drunken ramblings about beer, wine, whiskey, gin, and every other alcoholic substance humans have happily used since the beginning of time to pickle their livers. Mixed with favorite drink recipes, short biographies of potable quotables, and information about favorite watering spots, this is a resource you will want to keep next to the bottle of Beefeaters and bitters.

**Gila** Kathryn Ptacek,2017-12-04 Harkening back to the days of giant creature movies of the 1950s, a horde of giant Gila Monsters is on the loose in New Mexico, threatening every living creature in sight. Nothing and no one is safe from the ravenous creatures as they tear their way through the desert and into heavily populated areas. Can these atomically mutated creatures be stopped or is this the beginning of the end for mankind? It's up to Chato del-Klinne and Dr. Kate Dwyer to kick the hiss out of the oversized lizards! From the mind of Kathryn Ptacek, writing under her Les Simons pen name, comes a tale of grisly horror with man being the hunted and Mother Nature being the hunter.
