E. Aster Bunnymund and the Warrior Eggs at the Earth's Core! William Joyce,2012-02-21 Fearing that a missing Nightmare King has gone underground to plot revenge, the Guardians enlist the aid of warrior rabbit emissary E. Aster Bunnymund to use his talents and weapons to track down their nemesis.

E. Aster Bunnymund and the Warrior Eggs at the Earth's Core! William Joyce,2012-02-21 Forget the bunny trail....In this addition to the groundbreaking series from the legendary William Joyce, Guardian E. Astor Bunnymund is on the warpath. Pitch, the Nightmare King, and his Fearlings had been soundly driven back by Nicholas St. North and company in the first Guardians' adventure. But now Pitch has disappeared completely—and out of sight does NOT make for out of mind. It seems certain that he's plotting a particularly nefarious revenge, and the Guardians suspect he might have gone underground. But how can they find him there? Enter E. Aster Bunnymund, the only emissary of the fabled brotherhood of the Pookas—the league of philosophical warrior rabbits of imposing intellect and size. Highly skilled in martial arts (many of which he invented himself), Bunnymund is brilliant, logical, and a tunnel-digger extraordinaire. If the Guardians need paths near the Earth's core, he's their Pooka. He's also armed with magnificent weapons of an oval-sort, and might just be able to help in the quest for the second piece of the Moonclipper. This second book in The Guardians series is about much more than fixing a few rotten eggs—it brings the Guardians one step closer to defeating Pitch!

The Guardians William Joyce,2012-10-16 This ebook boxed set of the first three Guardians books is the perfect companion to the Rise of the Guardians movie! Of course you know the Guardians. You've known them since before you can remember and you'll know them till your memories are like twilight: Santa, the Easter Bunny, the Tooth Fairy, and the others. But where did they come from? How did they become beloved and worthy of holidays? And what nefarious evildoer prompts them to band together and protect the children of the world? Answers are revealed and imaginations unfurl in this treasure trove of an ebook collection. This set includes the first three titles in the Guardians chapter book series: Nicholas St. North and the Battle of the Nightmare King, E. Aster Bunnymund and the Warrior Eggs at the Earth's Core!, and Toothiana, Queen of the Tooth Fairy Armies.

Nicholas St. North and the Battle of the Nightmare King Laura Geringer,2011-10-04 Forget naughty or nice; this is a battle of good and evil. Luminary Joyce and co-author Geringer deliver the first book in a new series. Before Santa was Santa, he was Nicholas St. North—a daredevil swordsman whose prowess with double scimitars was legendary. Illustrations.

Toothiana, Queen of the Tooth Fairy Armies William Joyce,2012-10-02 When orphaned Katherine learns that the teeth collected by the scorned Tooth Fairy contain memories of childhood, she enlists the help of the Guardians to get her tooth back and remember her parents.

The Sandman William Joyce,2012-10-02 Provides the background, history, and life of Sanderson Mansnoozie, better known as the Sandman, who helps the Man in the Moon keep children safe at night by bringing them sweet dreams.

Jack Frost William Joyce,2020-09-15 The Guardians' powers are put to the ultimate test in their final battle in this thrilling conclusion to the epic chapter book series from William Joyce. When we last saw the Guardians, they were celebrating their victory during Bright Night, the final great Battle of the Moon, where they defeated Pitch once and for all. Or so they thought. Now, many years later, the Guardians have settled into their final selves, embracing their public images and the Earth Holidays. But the world has not been without evil since Pitch's imprisonment. All the Guardians feel the weight of lurking menace, but Jack Frost—now half human, half of his former self Nightlight—feels it the most. Jack's transition from Nightlight to Guardian was not an easy one. Always inclined to keep to himself, Jack has become especially isolated from the other Guardians since his transformation. Yet it is Jack who Ombric Shalazar (once a great wizard, now known as Father Time) trusts with a tremendous secret. But for Jack to fully understand this secret, he must revisit his past—and finally tell his story. Jack's story, however, isn't the only one to be reopened; an old enemy whose chapter we thought closed will reappear and with him bring a darkness and destruction that will test the Guardians like never before. It's a battle of superlatives—the worse fighting the greatest, but where, oh where, is Jack?

The Sandman and the War of Dreams William Joyce,2013-11-05 Academy Award winner William Joyce's Guardians recruit Sanderson ManSnoozy, the sleepy legend also known as the Sandman, to their cause in this fourth chapter book adventure. When the Man in the Moon brought together the Guardians, he warned them that they would face some terrible evils as they strove to protect the children of earth. But nothing could have prepared them for this: Pitch has disappeared and taken Katherine with him. And now the Guardians are not only down one member, but a young girl is missing. Fortunately, MiM knows just the man to join the team. Sanderson ManSnoozy—known in most circles as the Sandman—may be sleepy, but he's also stalwart and clever and has a precocious ability to utilize sand in myriad ways. If the other Guardians can just convince Sandy that good can triumph evil, that good dreams can banish nightmares, they'll have themselves quite a squad. But if they can't...they might never see Katherine again.

Rise of the Guardians Movie Novelization ,2012-10-02 Join forces with the Guardians to defeat Pitch in this retelling of the DreamWorks animated feature Rise of the Guardians, opening in theaters on November 21.

Fourth Wave Feminism in Science Fiction and Fantasy Valerie Estelle Frankel,2019-10-16 Fourth wave feminism has entered the national conversation and established a highly visible presence in popular media, especially in cutting-edge science fiction and fantasy films and television series. Wonder Woman, the Wasp, and Captain Marvel headline superhero films while Black Panther celebrates nonwestern power. Disney princesses value sisterhood over conventional marriage. This first of two companion volumes addresses cinema, exploring how, since 2012, such films as the Hunger Games trilogy, Mad Max: Fury Road, and recent Star Wars installments have showcased women of action. The true innovation is a product of the Internet age. Though the web has accelerated fan engagement to the point that progressivism and backlash happen simultaneously, new films increasingly emphasize diversity over toxic masculinity. They defy net trolls to provide stunning role models for viewers across the spectrum of age, gender, and nationality.

The Guardians Paperback Collection (Jack Frost poster inside!) (Boxed Set) William Joyce,2020-09-29 Santa Claus. Easter Bunny. Tooth Fairy. Sandman. Jack Frost. You know their names, but find out where they came from—and what evil-doer brought them together—in this complete paperback collection of the Guardians of Childhood books. A daredevil swordsman. A chocolate-obsessed genius. A fierce and feisty queen. A strong, if sleepy, star captain. A rebel with a cause. These are the Guardians of Childhood—though now they're better known by their Earthly personas: Santa Claus, the Easter Bunny, the Tooth Fairy, the Sandman, and Jack Frost. But before the Earth holidays, before the glitz and glamor, before you knew their names, they were warriors. But when faced with an ancient villain, can good truly conquer evil? This paperback boxed set includes: Nicholas St. North and the Battle of the Nightmare King E. Aster Bunnymund and the Warrior Eggs at the Earth's Core! Toothiana, Queen of the Tooth Fairy Armies The Sandman and the War of Dreams Jack Frost

E. Aster Bunnymund Carton Pack with Guardians Mobile William Joyce,2012-02-21 Glenn Beck revisited Thomas Paine's famous pre-Revolutionary War call to action in his #1 New York Times bestseller Glenn Beck's Common Sense. Now he brings his historical acumen and political savvy to this fresh, new interpretation of The Federalist Papers, the 18th-century collection of political essays that defined and shaped our Constitution and laid bare the original argument between states' rights and big

federal government--a debate as relevant and urgent today as it was at the birth of our nation. Adapting a selection of these essential essays--pseudonymously authored by the now well-documented triumvirate of Alexander Hamilton, James Madison, and John Jay--for a contemporary audience, Glenn Beck has had them reworked into modern English so as to be thoroughly accessible to anyone seeking a better understanding of the Founding Fathers' intent and meaning when laying the groundwork of our government. Beck provides his own illuminating commentary and annotations and, for a number of the essays, has brought together the viewpoints of both liberal and conservative historians and scholars, making this a fair and insightful perspective on the historical works that remain the primary source for interpreting Constitutional law and the rights of American citizens.

Toothiana, Queen of the Tooth Fairy Armies William Joyce,2012-10-02 Beware a tooth fairy queen scorned in this, the third chapter book of Academy Award winner William Joyce's The Guardians series. There's a lot more to this tooth-swiping sprite than meets the eye! When last we heard, the Guardians were resting easy with the knowledge that the children of Santoff Clausen were finally safe from Pitch's dastardly plans. But is it all a ruse, a scheme, a lull the evil Nightmare King has deviously concocted? Whatever Pitch's plans, what he doesn't know is that there's a new Guardian in town, and she's not the type to forget old grudges. Actually, she's not the type to forget anything--because this Guardian is none other than Toothiana, the Tooth Fairy herself. She's fierce and fast and crossing her will lead to a multitude of troubles. And, it turns out that, well, all those teeth she has been collecting? They contain memories. The forgotten memories of childhood...including the memories of how to fly. Young Katherine is hopeful that these memories might help her to remember her parents. The Guardians hope they'll offer even further protection from Pitch. You can see how this information would be invaluable to our heroes. But it could also be invaluable to Pitch..

The Man in the Moon William Joyce,2011-09-06 When a newly orphaned baby in the moon makes friends with the children of Earth, he seeks a way to ward off their fears and nightmares.

Why did Santa call them to the North Pole? Art wants to know. But when Esther is taken by the Queen of the Dark Elves, Art must put his questions aside and save his sister. This reissue of William Joyce's epic Christmas adventure now comes complete with lift-the-flap letters from Santa himself!
