Brutally Honest Fast Food Reviews: The Best and Worst of Burger King, McDonald's, Taco Bell, and Other Drive-Thru Mainstays Hyperink Original, 2012-07-25 Congratulations! If you're a connoisseur of fast food, consider this to be your fast food yearbook, allowing you to look back at many of the salty, fatty, and/or sugary menu items you may have passed through your digestive system, but in a non-artery clogging and non-blood pressure raising way...unless you're eating fast food while reading this. There are dozens of reviews in this book, mostly from fast food behemoths, like McDonald's, Subway, and Taco Bell, but there are also reviews from medium-sized fast food chains, like Jack in the Box and Dunkin' Donuts, and from smaller chains, like Carl's Jr. and Whataburger. Most of the products reviewed can still be found on fast food menu boards, or in the McDonald's McRib's case it comes back every so often for a limited time, but some are buried in the discontinued fast food graveyard, never to be consumed again. These fast food reviews were originally posted on our blog, The Impulsive Buy (theimpulsivebuy.com), which is one of the internet's premier websites for junk and fast food reviews. Actually, we're not 100 percent sure the last part of the previous sentence is true, but our cumulative blood pressure and cholesterol levels make us feel

like we are.

Praying at Burger King Richard J. Mouw, 2007-03-02 Richard Mouw packs a lot of wisdom into a few dozen small packages. Writing in an easygoing, conversational style, Mouw here considers how the outward life of a Christian should reflect the inner workings of the Spirit. Including beliefnet.com columns of Mouw's never before collected in book form, these pieces are alternately amusing, touching, and poignant. From the dignity of chickens to a weeping Savior, Mouw shows how an extraordinary God meets us in everyday life.

Burger King: Changing or Imitating? Anthony Vu, Daniel Bo, Joseph Brooks, Victoria Cheng, Melody Tsang, 2013-01-04 Master's Thesis from the year 2012 in the subject Business economics - Marketing, Corporate Communication, CRM, Market Research, Social Media, grade: A-, Santa Clara University, language: English, abstract: Purchased in 2010 by 3G Capital Management, BK became privately owned with a single business corporate strategy. Immediately, the new ownership group set out to make impactful company-wide changes. The first change was the elimination of the firm's "King" mascot in 2011, which was seen as edgy and targeted towards young men in their teens and twenties. The new phase, which began earlier this year, consists of a drastic change in overall brand strategy to reposition BK as a broad and appealing restaurant in the QSR industry. To attract a wider audience, such as women and health-conscious customers, BK has added a significant amount of menu items including smoothies, coffee drinks, and salads. Furthermore, it has set out to remodel around 1,500 restaurants. In place of the previous mascot, BK has enlisted A-list celebrities (i.e., David Beckham and Selma Hayek) to advertise its products.

Another strategy that they plan to implement is to sell almost all of its 1,300 corporate stores to franchise stores in an effort to protect itself from commodity-cost swings and fixed costs. With significant competition from both current as well as fast-growing QSRs (i.e., Five Guys Burgers and Fries, Panera Bread, and Chipotle Mexican Grill), BK's recent moves have been perceived as imitating the leader, McDonald's, rather than differentiating the company. While it remains to be seen whether or not the strategy is enough to grow the business, a potential concern is whether 3G Capital Management is looking for long-term growth or settling for marginal growth in the short-term to fund their exit from the company by going back to a public entity. The current strategy conveys that BK is in "catch-up" mode instead of trying to distinguish itself as a premier QSR. Considering both internal and external factors, the firm needs to win back and increase its customer base as the way to grow its business. To do this, some recommendations for BK in the short-term are to introduce a happy hour that includes an accommodating menu of new products, offer nutritious kid's meals that are part of a healthy, balanced diet, and launch an online ordering system for customers to pre-order meals for pick-up. In the longer-term, we suggest BK buy out the highest performing franchises to gain additional streams of revenue, implement an incentive program to reward the best franchise stores, and start a high density delivery service.

Memoirs of a Fast Food Man Ed Pendrys, 2011 Growing up in the Great Depression, serving in World War II, living through the rapidly changing times of our modern age - Ed Pendrys witnessed most of the twentieth century. Perhaps nothing so appropriately symbolized the quickening lifestyle of America as

much as the rise of the fast food industry. Granting us a unique perspective, Pendrys' memoirs take us back to the industry's very beginnings. Owner of the very first Chicago area Burger King, and the second one in the world outside of Florida, Pendrys - youngest franchisee at just thirty-three years of age - was there at the start, when burgers and shakes cost 19¢ and a Whopper cost just 39¢. In 1965, even at those numbers, he was able to gross in excess of one-million dollars, just one of three franchisees in the nation to do so. Pure Americana, *Memoirs of a Fast Food Man* is more than history. It is a story of entrepreneurship, it is a story of business, it is a story of rags to riches. It is a story of America in the 20th century. *Memoirs of a Fast Food Man* is a story of our times.

McDonald's & Burger King. Advertising History from the 1960s to Today Samuel Fulmer, 2019-04-18
Bachelor Thesis from the year 2015 in the subject Communications - Public Relations, Advertising, Marketing, Social Media, grade: 2, University of Salzburg, language: English, abstract: This thesis will mainly look at two fast food restaurants, McDonald's and Burger King, and will look at several advertisements from the 1960s to today. It will analyze the advertisements in terms of linguistic structures and will look at how advertisements have developed over the decades. They are in our everyday life, on our phones when we look for a new app to install, on television while watching our favorite show, on our notebooks when we check our emails, or even when we walk down the street to get our morning coffee—advertisements are everywhere and one cannot escape or ignore them. Yet, as much as pop-ups,

billboards and commercial breaks crowd our lives, in a way, they do not bother us at all, and that is the cunning beauty of advertising. It should get the point across, making us aware of something, telling us about a new product, convincing us to purchase an item, by subtly trying to persuade us that we need it when in reality we do not, whatever it is. Advertisements can come in many forms and genres, they can be a poem, they can be a little short story, a catchy jingle, or just a picture; whatever form they might take, the message of persuading the consumer to buy the advertised product makes this accumulation of genres a genre in itself. It, moreover, is important to mention that whos and wheres of advertising are factors that have to be taken into consideration when drafting an advertisement for a product. What is the product and who could benefit from it? Where should the advertisement to the product appear so it can be easily seen by the target group? How can the features of the product be made easy to read and easy to understand, and furthermore and more importantly, urge the target group to purchase it?—here is where language comes into play.
