New Model of Burn Out Syndrome Drozdstoj Stoyanov,2022-09-01 This book is based on our most recent investigations revealing the complexity of the determinants of burn out in different populations at risk (health care professions, teachers, social workers etc.). Based on our empirical study we have developed a model of vulnerability to burn out which explains it as a specific complementary interaction between certain personality profile and the psychological climate at work place. In the course of evaluation there have been employed different inventories which are

now validated as an assessment battery in about 300 subjects. Temperament and Character Inventory (revised) has been exclusively standardized for Bulgarian population as well. Although burn out syndrome (BOS) is thoroughly discussed in modern literature, the present proposal is unique in the following aspects: It emphasizes the role of personality profiling understood as complementary construct to the dimensional measures of psychological climate. In this way the authors challenge traditional views of BOS as systematic phenomenon. This book aims at establishment of the vulnerability to BOS (proneness) as well as to revealing of the protective factors and therefore to underpin early diagnosis and prevention programs. Our book brings together several perspectives: the clinical (psychological and psychopathological) with the management perspective. In this way it is most suitable for both general and specialized audience, including health care managers and mental health professionals, such as trainees in psychiatry. This book consists of entirely original investigation of BOS in specific populations at risk with novel battery of assessment tools.

Lift Up Your Heart Fr. John Burns, 2017-04-28 Winner of a 2018 Catholic Press Association Award: First-Time Author, Spirituality Softcover (First Place) and a 2018 Association of Catholic Publishers Award: Inspirational (Second Place). For more than four-hundred years, Introduction to the Devout Life by Doctor of the Church St. Francis de Sales has been regarded as the essential guide to holiness and loving God. This spiritual classic takes on new life in Lift Up Your Heart, where Rev. John Burns has interpreted

ten meditations for the modern reader and distilled them into a ten-day mini-retreat that can easily be completed in the midst of a busy life. This practical book goes right to the heart of helping you kick the habit of floating along on your spiritual journey to start actively pursuing holiness and devotion to God. During the course of the retreat, you'll learn the basics of forming a daily prayer routine, including how to offer yourself to God, meditate on his love, and maintain peace in the face of suffering and clarity in the midst of temptation. The meditations will help you: Adopt gratitude as a daily prayer practice. Examine and reorder your priorities and relationships to better reflect your love for God. Discern between good and evil in your life. Desire to love and serve as Jesus did. In a very real sense, Burns helps you take St. Francis de Sales as your spiritual director for ten days.
