The A.O.C. Cookbook Suzanne Goin, 2013-10-29 Since her James Beard Award-winning first book, *Sunday Suppers at Lucques*, Suzanne Goin and her Los Angeles empire of restaurants have blossomed and she has been lauded as one of the best chefs in the country. Now, she is bringing us the recipes from her sophomore restaurant, A.O.C., turning the small-plate, shared-style dishes that she made so famous into main courses for the home chef. Among her many recipes, you can expect her addictive Bacon-Wrapped Dates with Parmesan; Duck Sausage with Candied Kumquats; Dandelion and Roasted Carrot Salad with Black Olives and Ricotta Salata; California Sea Bass with Tomato Rice, Fried Egg, and Sopressata; Lamb Meatballs with Spiced Tomato Sauce, Mint, and Feta; Crème Fraîche Cake with Santa Rosa Plums and Pistachios in Olive Oil; and S'Mores with Caramel

Popcorn and Chocolate Sorbet. But The A.O.C. Cookbook is much more than just a collection of recipes. Because Goin is a born teacher with a gift for pairing seasonal flavors, this book is full of wonderful, eye-opening information about the ingredients that she holds dear. She takes the time to talk you through each one of her culinary decisions, explaining her palate and how she gets the deeply developed flavor profiles, which make even the simplest dishes sing. More than anything, Goin wants you to understand her techniques so you enjoy yourself in the kitchen and have no problem achieving restaurant-quality results right at home. And because wine and cheese are at the heart of A.O.C., there are two exciting additions. Caroline Styne, Goin's business partner and the wine director for her restaurants, presents a specific wine pairing for each dish. Styne explains why each varietal works well with the ingredients and which flavors she's trying to highlight, and she gives you room to experiment as well—showing how to shape the wine to your own palate. Whether you're just grabbing a glass to go with dinner or planning an entire menu, her expert notes are a real education in wine. At the back of the book, you'll find Goin's amazing glossary of cheeses—all featured at A.O.C.—along with the

notes that are given to the waitstaff, explaining the sources, flavor profiles, and pairings. With more than 125 full-color photographs, The A.O.C. Cookbook brings Suzanne Goin's dishes to life as she continues to invite us into her kitchen and divulge the secrets about what makes her food so irresistibly delicious.

From Scratch Michael Ruhlman,2019-10-15 From the James Beard Award-winning, New York Times-bestselling author. “Through the recipes for 10 classic meals, he covers how to cook almost

anything.” —Ina Garten, the Barefoot Contessa From Scratch looks at ten favorite meals, including roast chicken, the perfect omelet, and paella—and then, through 175 recipes, explores myriad alternate pathways that the kitchen invites. A delicious lasagna can be ready in about an hour, or you could turn it into a project: try making and adding some homemade sausage. Explore the limits of from-scratch cooking: make your own pasta, grow your own tomatoes, and make your own homemade mozzarella and ricotta. Ruhlman tells you how. There are easy and more complex versions for most dishes, vegetarian options, side dishes, sub-dishes, and strategies for leftovers. Ruhlman reflects on the ways that cooking from scratch brings people together, how it can calm the nerves and focus the mind, and how it nourishes us, body and soul. “Like a master chef clarifying a murky stock into a crystal-clear consommé, Ruhlman detangles the complex web of technique, myth, and folklore that is cooking . . . The lessons are set up in such a way that you can decide exactly how deep a dive you want to take, though with a guide like Ruhlman at your side, that’s most likely a mouth-first leap straight into the deep end.” —J. Kenji López-Alt, New York Times-bestselling-author of The Wok “He’s like a good

friend joining you in the kitchen, and this book will certainly become the home cook's trusted companion." —Thomas Keller, chef/proprietor, The French Laundry

Organic Gardening for Everyone CaliKim, 2019-12-24 If you want to grow healthy vegetables at home, but have hesitated because it seems too hard and time consuming, Organic Gardening for Everyone is your perfect hands-on guide—an “if I can do it, you can do it” case study that addresses your concerns and gets you started. Loaded with practical advice and step-by-step guidance, Organic

Gardening for Everyone takes a very personal and friendly approach to a subject that can be intimidating. It is a first-class primer on organic vegetable gardening, and an inspirational story about how anyone can balance the rigors of gardening with the demands of a modern, family-oriented lifestyle. In 2012, a California mom decided to start an organic vegetable garden. But she went about it in an unusual way: she crowdsourced it by launching a YouTube channel under the name CaliKim and asking for help. And then she started planting. As questions came up, she turned to her viewers and subscribers and they replied with answers and advice. As she learned, her garden grew successfully—even in the hot, harsh California climate. Her expertise also grew, and now she answers many more questions than she asks and has become a very accomplished home gardener. And CaliKim has a great story to tell: growing healthy organic vegetables for your family is not difficult, even for today's time-challenged lifestyles. She provides complete step-by-step information on growing the most popular edibles organically, and also gives sound advice on how to take on the challenges of balancing a hectic lifestyle with successful growing—and how to involve the whole family in the

process. You'll be rewarded for your effort every time you place a plate of natural, organic vegetables on the family dinner table knowing exactly what they are, what is in them, and where they came from.
