**PUBLIC SAFETY SUICIDE** Mary Van Haute,John M. Violanti,2015-01-01 This book takes an individual human approach to the problem of suicide in public safety occupations. As a researcher in suicide, coauthor John Violanti relies heavily upon statistics to make the case for prevention. These worthwhile statistics help to form the big picture, but one must keep in mind that these are just statistics and not people. With coauthor Mary Van Haute and her knowledge of the human condition and experience in interventions, she adds the human dimension by relating her stories of real people who worked in public safety occupations and their difficult and sometimes tragic consequences with near and completed suicide. Added to her expertise is her own life experience: she is a survivor of her brother's death by suicide. For the reader, the book provides a detailed insight into the reality of suicide and how it tears into the very fiber of being human in an occupational culture that requires one to forget emotions, feelings, and at times compassion. Stigma and a myriad of misnomers silence the majority of suicide attempt survivors, robbing suicide prevention specialists of lifesaving knowledge and perspective. Here are the stories of people who have balanced the risk of being judged and misunderstood with the value of being a mentor and role model to others. They share their stories about living with mental illness, addiction, and

suicide in the hopes that it will have a positive impact on the readers and ultimately save a life. It is also a look back at the beaten path of Van Haute's own double road of grief—from a time of ignorance through years of hard-knocks education to a point of peaceful resolve, the trials and tasks facing a survivor of suicide loss are chronicled. Each chapter concludes with a case analysis of lessons learned from the story courageously shared. This book is an opportunity to see that there is life after lifelessness, hope after hopelessness and peace after restlessness.

**Republican Character** Donald T. Critchlow, 2020-10-09 Politics makes for strange bedfellows, the old saying goes. Americans, however, often forget the obvious lesson underlying this adage: politics is about winning elections and governing once in office. Voters of all stripes seem put off by the rough-and-tumble horse-trading and deal-making of politics, viewing its practitioners as self-serving and without principle or conviction. Because of these perspectives, the scholarly and popular narrative of American politics has come to focus on ideology over all else. But as Donald T. Critchlow demonstrates in his riveting new book, this obsession obscures the important role of temperament, character, and leadership ability in political success. Critchlow looks at four leading Republican presidential contenders—Richard Nixon, Nelson Rockefeller, Barry Goldwater, and Ronald Reagan—to show that, behind the scenes, ideology mattered less than principled pragmatism and the ability to build coalitions toward electoral and legislative victory. Drawing on new archival material, Critchlow lifts the curtain on the lives of these political rivals and what went on behind the scenes of their campaigns. He reveals unusual relationships between these men: Nixon making deals with Rockefeller, while Rockefeller courted Goldwater and Reagan, who themselves became political rivals despite their shared conservatism. The result is a book sure to fascinate anyone wondering what it takes to win the presidency of the United States—and to govern effectively.

**Unveiling Desire** Devaleena Das, Colette Morrow, 2018-01-16 In Unveiling Desire, Devaleena Das and Colette Morrow show that the duality of the fallen/saved woman is as prevalent in Eastern culture as it is in the West, specifically in literature and films. Using examples from the Middle to Far East, including Iran, India, Pakistan, Bangladesh, Thailand, Japan, and China, this anthology challenges the fascination with Eastern women as passive, abject, or sexually exotic, but also resists the temptation to then focus on

the veil, geisha, sati, or Muslim women's oppression without exploring Eastern women's sexuality beyond these contexts. The chapters cover instead mind/body sexual politics, patriarchal cultural constructs, the anatomy of sex and power in relation to myth and culture, denigration of female anatomy, and gender performativity. From Persepolis to Bollywood, and from fairy tales to crime fiction, the contributors to *Unveiling Desire* show how the struggle for women's liberation is truly global.
