Adventures of the Bunny Baron Kevin

Willms, 2013-07-27 What does a stuffed animal think about all day when sitting on its owner's bed?

Belvedere, the stuffed bunny rabbit, can't wait for night time to come. In his dreams, he becomes the Bunny Baron. Relying on his values of respect, friendship, trust, and kindness, he sets out in search of people who are in need of his help.

Captain Barnacle, the mean pirate, is in desperate need of the Bunny Baron's help. He may not be a nice person, but that doesn't matter to the Bunny Baron. The Bunny Baron is always willing to help anyone in trouble. Captain Barnacle is challenged by the Bunny Baron to prove there is such a thing as a nice pirate. Will Captain Barnacle change?

During this adventure, Bunny Baron discovers that his dreams can be changed, just by using his imagination. Captain Barnacle is in for a surprise when the Bunny Baron takes control. *Adventures of the Bunny Baron: Captain Barnacle's Revenge* is a great book for bed time. It teaches lessons of good morals, friendship, and kindness. The Bunny Baron also promotes good dreams by making a

realization that dreams are not real, and even the worst nightmare can be turned into a good dream with a little power from the imagination. Bedtime can now be even more fun with the Bunny Baron. If you like pirate books, animal books, fantasy books, or are in a mood to let loose and free your imagination, check out Adventures of the Bunny Baron: Captain Barnacle's Revenge.

The Captain's Snowbound Christmas Eleanor Harkstead, Catherine Curzon, 2020-12-22 FROM ROMANTIC NOVELIST ASSOCIATION AWARD FINALISTS CATHERINE CURZON AND ELEANOR HARKSTEAD A Captivating Captains story Will Reuben be unwrapping a captain this Christmas? Reuben's a makeup artist who's much in demand in the business, from making the beautiful even more gorgeous, to creating an alluring love-scene glow. All of his Christmas wishes come true at once when he's hired to work on the set of his favorite TV show. And not only that, but on the swoony Christopher Manners. Bunny is lusted after by millions as the brooding hero of television's Captain Firth adventures. His manly swash and handsome buckle have earned him a legion of fans and when he strides onto the screen and commands, draw your sword, sir, it's time to get down to business. When Reuben and Bunny's first date turns into a disaster, it looks as though the show's over before it's begun, but a blizzard, a mysterious bearded man in a red coat and a hot winter night combine to give them a second chance.

Dust Bunny Atk Butterfly, 1999-08 Diane stabbed at the intercom switch near her and shouted, Close

hatches and launch! It took her almost thirty seconds to run to the bridge. Just before she reached it, a voice sounded over the intercom, All hatches secure! Diane barely reached her seat and strapped in before the G-forces hit her while her ship climbed up into space to be the first to meet the enemy. All right, battle stations! Launch fighters! she commanded as they left the atmosphere behind. Within another thirty seconds, her cruiser was flanked by a fighter wing ready to do combat. At the same time, other ships gathered about her cruiser. The squadron leader's cruiser took his position at the lead. Well done, Dust Bunny! All capital ships use individual initiative when the enemy gets here, the squadron commander radioed. Within moments, the fighters peeled away to form up a fighter command and formation of their own. The Malakin warships came streaking in at high speed. A number of them were taken out quickly as several squadrons of warships, both new and old, fired a barrage of weapons at them. The fighters attempted to get inside the Malakin formation. They scored some hits before the Malakin warships got past them to enter Beulah's atmosphere and begin a bombardment of the ground with their heavy weapons. Both the squadrons and fighter commands changed course to take out the Malakin warships. Even as that happened, the Malakin warships spread out around the planet to fire on anything manmade with one set of weapons while other weapons returned fire in their defense. It was immediately obvious that these were warships being operated by Malakins, themselves, and not computerized robots. Diane

watched the sensor screens as her cruiser closed in on one Malakin warship while her ship's weapons tore the hell out of the enemy ship. She spotted another nearby enemy ship just moments before some of her ship's gunners began pounding away at it. Another cruiser pulled behind the same enemy ship. Moments later, the fire from her ship and the other cruiser made a floating pile of junk out of the Malakin warship. The RUST BUCKET UNIVERSE series begins in Rust Bucket with the first official discovery of intelligent alien life and Dave Oden's initial rejection, and later acceptance, by the Navy. Attack Butterfly, the second in the series, introduces the first graduates from the academy under Oden's schooling and concludes in a war with a new race out to conquer The Federation. Dust Bunny finds Oden risking his reputation and his life to strengthen the Universal Rights Bill of the Union of Planets in the midst of a showdown in space. Boson Books offers several other science fiction novels by Atk. Butterfly. For an author bio and photo, reviews and a reading sample, visit bosonbooks.com.
