The Choice Robert Whitlow,2012 When an ancient woman approached Sandy with a mysterious prophecy and a warning about her pregnancy, she made the best choice she could. Now, 34 years later, another pregnant, unwed teen has come into her life, and Sandy's long-ago decision has come back to haunt her.

**A Cultural History of Comedy in the Modern Age** Louise Peacock, 2021-12-30  
Drawing together contributions by scholars from a variety of fields, including theater, film

and television, sociology, and visual culture, this volume explores the range and diversity of comedic performance and comic forms in the modern age. It covers a range of forms and examples from 1920 to the present day, including plays, film, television comedy, live comedy, and comedy on social media. It argues that the period covered was marked by an explosion of comic forms and a flowering of comic creativity across a range of media. From the communal watching of silent films at the start of the period, to the use of Twitter and other online platforms to share and comment on comedy, technology has brought about significant changes in its form, consumption, and social effects. As comic forms have shifted and developed, so too have attitudes to what comedy can and cannot do. This study considers its role in entertainment and in provoking consideration of a range of social and political topics. Each chapter takes a different theme as its focus: form, theory, praxis, identities, the body, politics and power, laughter, and ethics. These eight different approaches to comedy add up to an extensive, synoptic coverage of the subject.

The Edinburgh Festival David Pollock, 2022-08-01 True, the city's many summer festivals each maintain their own identities. And yet 'The Festival' has stuck as a shorthand which captures the truly eclectic experience of 'doing Edinburgh' which has made the city's very name synonymous with world-leading culture and performance. This book is the first to tell the complete history of the Edinburgh Festival. Arts writer David Pollock paints an extraordinary portrait of the growth, glory years and struggles of this global cultural phenomenon. He introduces a wide cast of key individuals and shows, including Fleabag, Peter Cook and Dudley Moore, Billy Connolly, Emma Thompson, Stephen Fry, Joseph Beuys, The Fall and Six The Musical. The Edinburgh Festival: A Biography provides a unique

perspective on the social and cultural history of Scotland and its capital in the late 20th and early 21st centuries. It will delight and intrigue all who have experience of the greatest festival in the world.

**Encyclopedia of Populism in America [2 volumes]** Alexandra Kindell, Elizabeth S. Demers Ph.D., 2014-02-27 This comprehensive two-volume encyclopedia documents how Populism, which grew out of post-Civil War agrarian discontent, was the apex of populist impulses in American culture from colonial times to the present. The Populist Movement was founded in the late 1800s when farmers and other agrarian workers formed cooperative societies to fight exploitation by big banks and corporations. Today, Populism encompasses both right-wing and left-wing movements, organizations, and icons. This valuable encyclopedia examines how ordinary people have voiced their opposition to the prevailing political, economic, and social constructs of the past as well how the elite or leaders at the time have reacted to that opposition. The entries spotlight the people, events, organizations, and ideas that created this first major challenge to the two-party system in the United States. Additionally, attention is paid to important historical actors who are not traditionally considered Populist but were instrumental in paving the way for the movement—or vigorously resisted Populism's influence on American culture. This encyclopedia also shows that Populism as a specific movement, and populism as an idea, have served alternately to further equal rights in America—and to limit them.
