Casablanca and Other Stories Edgar Brau, 2020-08-20 Edgar Brau, one of the most exciting South American writers to emerge in the past twenty years, debuts his first English-language collection with the publication of *Casablanca and Other Stories*. The fiction of Edgar Brau draws not only upon the rich literary heritage of his native Argentina but also upon the body of work that has now rightly been formed into a South American canon, embracing those such as Jorge Luis Borges, Gabriel García Márquez, and Isabelle Allende. He brings a unique perspective to his narratives—narratives forged in the political and social upheaval that has been modern South America. Employing a fantasy-like aspect that goes beyond magical realism, his work is reminiscent of Edgar Allan Poe in his use of atmosphere as an additional character. These short stories signal a new era, much as the publication of Jorge Luis Borges' *Labyrinths* in 1962 heralded a coming-of-age for his generation. Translated by Donald A. Yates, Andrea Labinger, and Joanne M. Yates, this collection includes stories from two of Edgar Brau's collections—*El poema y otras historias* and *Tres cuentos*—to bring to a fresh audience the very best new work of a major Argentinean author.

Destination Casablanca Meredith Hindley, 2017-10-10 This rollicking and panoramic history of Casablanca during the Second World War sheds light on the city as a key hub for European and American powers, and a place where spies, soldiers, and political agents exchanged secrets and vied for control.

In November 1942, as a part of Operation Torch, 33,000 American soldiers sailed undetected across the Atlantic and stormed the beaches of French Morocco. Seventy-four hours later, the Americans controlled the country and one of the most valuable wartime ports: Casablanca. In the years preceding, Casablanca had evolved from an exotic travel destination to a key military target after France's surrender to Germany. Jewish refugees from Europe poured in, hoping to obtain visas and passage to the United States and beyond. Nazi agents and collaborators infiltrated the city in search of power and loyalty. The resistance was not far behind, as shopkeepers, celebrities, former French Foreign Legionnaires, and disgruntled bureaucrats formed a network of Allied spies. But once in American hands, Casablanca became a crucial logistical hub in the fight against Germany -- and the site of Roosevelt and Churchill's demand for unconditional surrender. Rife with rogue soldiers, power grabs, and diplomatic intrigue, *Destination Casablanca* is the riveting and untold story of this glamorous city--memorialized in the classic film that was rush-released in 1942 to capitalize on the drama that was unfolding in North Africa at the heart of World War II.

We'll Always Have Casablanca: The Legend and Afterlife of Hollywood's Most Beloved Film Noah Isenberg, 2017-02-14 A Los Angeles Times bestseller A New York Times Book Review "Editor's Choice" Selection "Even the die-hardest Casablanca fan will find in this delightful book new ways to love the movie they were certain they could never love more." --Sam Wasson, best-selling

author of Fifth Avenue, 5 A.M. Casablanca is “not one movie,” Umberto Eco once quipped; “it is ‘movies.’” Film historian Noah Isenberg’s We’ll Always Have Casablanca offers a rich account of the film’s origins, the myths and realities behind its production, and the reasons it remains so revered today, over seventy-five years after its premiere.

Casablanca: Behind the Scenes Harlan Lebo, 1992-10 Interviews, behind-the-scenes details, photographs, correspondences, and notes provide an overview of the production of the motion picture Casablanca. Includes cast list, credits, and reviews.

Casablanca Jean-Louis Cohen, Monique Eleb, 2002 Casablanca is a city of international renown, not least because of its urban structures and features. Celebrated by colonial writers, filmed by Hollywood, magnet for Europeans and Moroccans, Casablanca is above all an exceptional collection of urban spaces, houses, and gardens. While it is true that Casablanca developed as a port city well before the introduction of the French in 1907, it unquestionably ranks among the most significant urban creations of the twentieth century, attracting remarkable teams of architects and planners. Their commissions came from clients who were interested in innovation and modernization, thereby fostering the emergence of Casablanca as a laboratory for legislative, technological, and visual experimentation. Having studied the city for ten years, Jean-Louis Cohen and Monique Eleb trace, from the late nineteenth century to the early 1960s, the rebirth of a once-forgotten port

and its metamorphosis into a teeming metropolis that is an amalgam of Mediterranean culture from Tunisia, Algeria, Spain, and Italy. The extensive presentation of the significant buildings of this hybrid city -- where, alongside the French, Muslim and Jewish Moroccan patrons commissioned provocative buildings -- is drawn from French and Moroccan archives, including hundreds of previously unpublished photographs. Cohen and Eleb focus as much on Casablanca's diverse social fabric as its urban spaces, chronicling the clients, inhabitants, and inventive architects who comprise the human component of an essential yet overlooked episode of modernism.

Return to Casablanca André Levy, 2015-11-04 In this book, Israeli anthropologist André Levy returns to his birthplace in Casablanca to provide a deeply nuanced and compelling study of the relationships between Moroccan Jews and Muslims there. Ranging over a century of history—from the Jewish Enlightenment and the impending colonialism of the late nineteenth century to today's modern Arab state—Levy paints a rich portrait of two communities pressed together, of the tremendous mobility that has characterized the past century, and of the paradoxes that complicate the cultural identities of the present. Levy visits a host of sites and historical figures to assemble a compelling history of social change, while seamlessly interweaving his study with personal accounts of his returns to his homeland. Central to this story is the massive migration of Jews out of Morocco. Levy traces the institutional and social changes such migrations cause for those who choose

to stay, introducing the concept of “contraction” to depict the way Jews deal with the ramifications of their demographic dwindling. Turning his attention outward from Morocco, he goes on to explore the greater complexities of the Jewish diaspora and the essential paradox at the heart of his adventure—leaving Israel to return home.

Letter from Casablanca Antonio Tabucchi,1986

Casablanca Frank Miller,1992 Casablanca is second only to Gone With the Wind as an enduring film classic, and everyone who has ever seen it agrees that the magic it generates is unique. With Humphrey Bogart, Ingrid Bergman, Paul Henreid, Sidney Greenstreet, Peter Lorre and Claude Rains starring, the film is a favourite of both film buffs and general viewers.

A simple text in English and standard Latin American Spanish presents key facts about the White House and its history.

After the Dinosaurs James W. Westgate,1999-01-01 During the Eocene Epoch some 42 million years ago--about 20 million years after the demise of the dinosaurs--the area that today is the Lake Casa Blanca International State Park near Laredo was a tropical forest/coastal mangrove environment. Excavations at the site by Dr. James Westgate and his Lamar University students have uncovered fossils of 29 extinct mammal species and about as many species of crocodiles, turtles, sharks, rays, and giant water snakes. In this book, he reconstructs a clear picture of prehistoric life at Lake Casa Blanca, illustrated with drawings and paintings by Abby Salazar, a recent earth science graduate now pursuing a second degree in art.

The Casablanca Connection William A Hoisington, Jr.,2019-04 The Casablanca

Connection examines France's colonial policy in Morocco from the Popular Front to the end of the Vichy regime in North Africa, relating it to overall French imperial policy and placing it in a European and world context. At the center of this study is General Charles Nogues, resident general of Morocco from 1936 to 1943, who, during this period, provided the protectorate with purpose, authority, direction, and continuity. Nogues restored the precepts of colonial rule established in Morocco twenty-four years earlier by Marshal Hubert Lyautey, France's most illustrious soldier-administrator. Nogues's accomplishments made Morocco stronger for France than it had been in a decade. This French peace, however, was disturbed by the Spanish Civil War and World War II, and Nogues's well-intentioned but misguided decisions during this time ended his career amidst charges of collaboration and anti-Allied sentiment. Nevertheless, William A. Hoisington Jr. argues, Nogues had interpreted Lyautey's lessons with talent and originality. Originally published in 1984. Round Up the Usual Suspects Aljean Harmetz, 1992 In late 1941, a play called Everybody Comes to Rick's went from being a standard World War II romantic

suspense film to an exceptional movie, earning Oscars for Best Picture, Best Director, and Best Screenplay. Harmetz has written the inside story of the making of Casablanca.

The Caliph's House Tahir Shah, 2006-01-31 In the tradition of A Year in Provence and Under the Tuscan Sun, acclaimed English travel writer Tahir Shah shares a highly entertaining account of making an exotic dream come true. By turns hilarious and harrowing, here is the story of his family's move from the gray skies of London to the sun-drenched city of Casablanca, where Islamic tradition and African folklore converge—and nothing is as easy as it seems.... Inspired by the Moroccan vacations of his childhood, Tahir Shah dreamed of making a home in that astonishing country. At age thirty-six he got his chance. Investing what money he and his wife, Rachana, had, Tahir packed up his growing family and bought Dar Khalifa, a crumbling ruin of a mansion by the sea in Casablanca that once belonged to the city's caliph, or spiritual leader. With its lush grounds, cool, secluded courtyards, and relaxed pace, life at Dar Khalifa seems sure to fulfill Tahir's fantasy—until he discovers that in many ways he is farther from home than he imagined. For in Morocco an empty house is thought to attract jinns, invisible spirits unique to the Islamic world. The ardent belief in their presence greatly

hampers sleep and renovation plans, but that is just the beginning. From elaborate exorcism rituals involving sacrificial goats to dealing with gangster neighbors intent on stealing their property, the Shahs must cope with a new culture and all that comes with it. Endlessly enthralling, *The Caliph's House* charts a year in the life of one family who takes a tremendous gamble. As we follow Tahir on his travels throughout the kingdom, from Tangier to Marrakech to the Sahara, we discover a world of fierce contrasts that any true adventurer would be thrilled to call home.
