The Third Wave Steve Case, 2017-04-18 Steve Case, co-founder of America Online (AOL) and one of America's most accomplished entrepreneurs, shares a roadmap for how anyone can succeed in a world of rapidly changing technology. We are entering, he explains, a new paradigm called the Third Wave of the Internet. The first wave saw AOL and other companies lay the foundation for consumers to connect to the Internet. The second wave saw companies like Google and Facebook build on top of the Internet to create search and social networking capabilities, while apps like Snapchat and Instagram leverage the smartphone revolution. Now, Case argues, we're entering the Third Wave: a period in which entrepreneurs will vastly transform major real world sectors like health, education, transportation, energy, and food—and in the process change the way we live our daily lives.

The Case for Books Robert Darnton, 2009-07-22 The era of the printed book is at a crossroad. E-readers are flooding the market, books are available to read on cell phones, and companies such as Google, Amazon, and Apple are competing to command near monopolistic positions as sellers and dispensers of digital information. Already, more books have been scanned and digitized than were housed in the great library in Alexandria. Is the printed book resilient enough to survive the digital revolution, or will it become obsolete? In this lasting collection of essays, Robert Darnton—an intellectual pioneer in the field of this history of the book—lends unique authority to the life, role, and legacy of the book in society.

Charity Case Dan Pallotta, 2012-07-20 A blueprint for a national leadership movement to transform the way the public thinks about giving. Virtually everything our society has been taught about charity is backwards. We deny the social sector the ability to grow because of our short-sighted demand that it send every short-term dollar into direct services. Yet if the sector cannot grow, it can never match the scale of our great social problems. In the face of this dilemma, the sector has remained silent, defenseless, and disorganized. In *Charity Case*, Pallotta proposes a visionary solution: a Charity Defense Council to re-educate the public and give charities the freedom they need to solve our most pressing social issues. Proposes concrete steps for how a national Charity Defense Council will transform the public understanding of the humanitarian sector, including: building an anti-defamation league and legal defense for the sector, creating a massive national ongoing campaign to upgrade public literacy about giving, and ultimately enacting a National Civil Rights Act for Charity and Social Enterprise. From Dan Pallotta, renowned builder of social movements and inventor of the multi-day charity event industry (including the AIDS Rides and Breast Cancer 3-Days) that has cumulatively raised over \$1.1 billion for critical social causes. The hotly-anticipated follow-up to Pallotta's groundbreaking book *Uncharitable Grounded* in Pallotta's clear vision and deep social sector experience, *Charity Case* is a fascinating wake-up call for fixing the culture that thwarts our charities' ability to change the world.

Case of a Lifetime Abbe Smith,2008-07-22 A recent study estimates that thousands of innocent people are wrongfully imprisoned each year in the United States. Some are exonerated through DNA evidence, but many more languish in prison because their convictions were based on faulty eyewitness accounts and no DNA is available. Prominent criminal lawyer and law professor Abbe Smith weaves together real life cases to show what it is like to champion the rights of the accused. Smith describes the moral and ethical dilemmas of representing the guilty and the weighty burden of fighting for the innocent, including the victorious story of how she helped free a woman wrongly imprisoned for nearly three decades. For fans of Law and Order and investigative news programs like 20/20, Case of a Lifetime is a chilling look at what really determines a person's innocence.

Like his fellow lunarnauts—otherwise known as Moonies—living on Moon Base Alpha, twelve-year-old Dashell Gibson is famous the world over for being one of the first humans to live on the moon. And he's bored out of his mind. Kids aren't allowed on the lunar surface, meaning they're trapped inside the tiny moon base with next to nothing to occupy their time—and the only other kid Dash's age spends all his time hooked into virtual reality games. Then Moon Base Alpha's top scientist turns up dead. Dash senses there's foul play afoot, but no one believes him. Everyone agrees Dr. Holtz went onto the lunar surface without his helmet properly affixed, simple as that. But Dr. Holtz was on the verge of an important new discovery, Dash finds out, and it's a secret that could change everything for the Moonies—a secret someone just might kill to keep...

The Final Case David Guterson,2022-01-11 From the award-winning, best-selling author of Snow Falling on Cedars—a moving father-son story that is also a taut courtroom drama and a bold examination of privilege, power, and how to live a meaningful life. A girl dies one late, rainy night a few feet from the back door of her home. The girl, Abeba, was born in Ethiopia. Her adoptive parents, Delvin and Betsy Harvey—conservative, white fundamentalist Christians—are charged with her murder. Royal, a Seattle criminal attorney in the last days of his long career, takes Betsy Harvey's case. An octogenarian without a driver's license, he leans on his son—the novel's narrator—as he prepares for trial. So begins The Final Case, a bracing, astute, and deeply affecting examination of justice and injustice—and familial love. David Guterson's first courtroom drama since Snow Falling on Cedars, it is his most compelling and heartfelt novel to date.

Slovin v. Slovin Barbara S. Barron, Lawrence W. Kessler,2015-08-11 Slovin v. Slovin is a multifaceted matrimonial action that started when Rita Slovin sued her husband, Michael Slovin, for

divorce under the jurisdiction's no-fault divorce provisions. Rita seeks sole custody of the couple's two children, while Michael seeks a significant equitable distribution award and sole custody of their children. Michael has also brought a separate action against Rita for battery and slander. Slovin is a multi-purpose case file divided into five modules. The first two modules focus on child custodythe negotiation and trial of the child custody case. The second two modules concern the trial and negotiation of financial issues, with sole consideration to equitable distribution. In addition to those traditional matrimonial litigation issues, there is an additional module that introduces the theory of marital tort as an offshoot of the matrimonial litigation. There are two causes of action, one for battery and the other for defamation. The insertion of those two tort claims allows for additional training in basic trial advocacy skills while developing more complex theories of the case. Further, the related battery and defamation actions allow participants to gradually develop their advocacy skills. Slovin v. Slovin features eleven witnesses, depositions and testimony, expert reports, and modern electronic evidence in the form of Twitter posts that are accessible on online "microsites."

Head Case Cole Cohen, 2015-05-19 A spirited, wry, and utterly original memoir about one woman's struggle to make her way and set up a life after doctors discover a hole the size of a lemon in her brain. The summer before she was set to head out-of-state to pursue her MFA, twenty-six-year-old Cole Cohen submitted herself to a battery of tests. For as long as she could remember, she'd struggled with a series of learning disabilities that made it nearly impossible to judge time and space—standing at a cross walk, she couldn't tell you if an oncoming car would arrive in ten seconds or thirty; if you asked her to let you know when ten minutes had passed, she might notify you in a minute or an hour. These symptoms had always kept her from getting a driver's license, which she wanted to have for grad school. Instead of leaving the doctor's office with permission to drive, she left with a shocking diagnosis—doctors had found a large hole in her brain responsible for her life-long struggles. Because there aren't established tools to rely on in the wake of this unprecedented and mysterious diagnosis, Cole and her doctors and family create them, and discover firsthand how best to navigate the unique world that Cole lives in. Told without an ounce of self-pity and plenty of charm and wit, Head Case is ultimately a story of triumph, as we watch this passionate, loveable, and unsinkable young woman chart a path for herself.

The Case for a Carbon Tax Shi-Ling Hsu, 2012-06-22 There's a simple, straightforward way to cut carbon emissions and prevent the most disastrous effects of climate change-and we're rejecting it because of irrational political fears. That's the central argument of The Case for a Carbon Tax, a clear-eyed, sophisticated analysis of climate change policy. Shi-Ling Hsu examines the four major approaches to curbing CO₂: cap-and-trade; command and control regulation; government subsidies of alternative energy; and carbon taxes. Weighing the economic, social, administrative, and political merits of each, he demonstrates why a tax is currently the most effective policy. Hsu does not claim that a tax is the perfect or only solution-but that unlike the alternatives, it can be implemented immediately and paired effectively with other approaches. In fact, the only real barrier is psychological. While politicians can present subsidies and cap-and-trade as win-win solutions, the costs of a tax are immediately apparent. Hsu deftly explores the social and political factors that prevent us from embracing this commonsense approach. And he shows why we must get past our hang-ups if we are to avert a global crisis.

The Case Of The Smoking Chimney Erle Stanley Gardner, 2015-05-24 A crafty businessman arrives incognito in a small town, where he takes up residence at a cabin. 1st Case James Patterson,Chris Tebbetts,2020-07-27 Genius programmer Angela Hoot has always been at the top of her class, but now she's at the bottom of the FBI food chain—until her first case threatens everyone around her. Angela's graduate school days at MIT come to an abrupt end when she uses her hacking skills on another student's computer. Yet her mentor, Eve Abajian, arranges a new beginning for her—as an intern in FBI's Boston field office. Her new supervisor, Assistant Special Agent in Charge William Keats, one of only two agents in the Northeast to make his rank before the age of thirty, sees in Angela a fellow prodigy. But Angela's skills come with a natural curiosity, which is also a dangerous liability. With little training, Angela is quickly plunged into a tough case: tracking murderous brothers who go by the Poet and the Engineer. When Keats tells her to watch and listen, Angela's mind kicks into overdrive. The obsessive thinking that earned her As on campus can prove fatal in the field.

The Book of Cold Cases Simone St. James,2022-03-15 A Most Anticipated Novel by PopSugar * Crime Reads * Goodreads * A true crime blogger gets more than she bargained for while interviewing the woman acquitted of two cold case slayings in this chilling new novel from the New York Times bestselling author of The Sun Down Motel. In 1977, Claire Lake, Oregon, was shaken by the Lady Killer Murders: Two men, seemingly randomly, were murdered with the same gun, with strange notes left behind. Beth Greer was the perfect suspect—a rich, eccentric twenty-three-year-old woman, seen fleeing one of the crimes. But she was acquitted, and she retreated to the isolation of her mansion. Oregon, 2017. Shea Collins is a receptionist, but by night, she runs a true crime website, the Book of Cold Cases—a passion fueled by the attempted abduction she escaped as a child. When she meets Beth by chance, Shea asks her for an interview. To Shea's surprise, Beth says yes. They meet regularly at Beth's mansion, though Shea is never comfortable there. Items move when she's not looking, and she could swear she's seen a girl outside the window. The allure of learning the truth about the case from the smart, charming Beth is too much to resist, but even as they grow closer, Shea senses something isn't right. Is she making friends with a manipulative murderer, or are there other dangers lurking in the darkness of the Greer house?

Leaders of Their Race Sarah H. Case,2017-08-30 Secondary level female education played a foundational role in reshaping women's identity in the New South. Sarah H. Case examines the transformative processes involved at two Georgia schools—one in Atlanta for African-American girls and young women, the other in Athens and attended by young white women with elite backgrounds. Focusing on the period between 1880 and 1925, Case's analysis shows how race, gender, sexuality, and region worked within these institutions to shape education. Her comparative approach shines a particular light on how female education embodied the complex ways racial and gender identity functioned at the time. As she shows, the schools cultivated modesty and self-restraint to protect the students. Indeed, concerns about female sexuality and respectability united the schools despite their different student populations. Case also follows the lives of the women as adult teachers, alumnae, and activists who drew on their education to negotiate the New South's economic and social upheavals.
