**High Bias** Marc Masters,2023-09-14 The cassette tape was revolutionary. Cheap, portable, and reusable, this small plastic rectangle changed music history. Make your own tapes! Trade them with friends! Tape over the ones you don't like! The cassette tape upended pop culture, creating movements and uniting communities. This entertaining book charts the journey of the cassette from its invention in the early 1960s to its Walkman-led domination in the 1980s to decline at the birth of compact discs to resurgence among independent music makers. Scorned by the record industry for killing music, the cassette tape rippled through scenes corporations couldn't control. For so many, tapes meant freedom—to create, to invent, to connect. Marc Masters introduces readers to the tape artists who thrive underground; concert tapers who trade bootlegs; mixtape makers who send messages with cassettes; tape hunters who rescue forgotten sounds; and today's labels, which reject streaming and sell music on cassette. Their stories celebrate the cassette tape as dangerous, vital, and radical.

**A Color of His Own** Leo Lionni,2011-09-28 Elephants are gray. Pigs are pink. Only the chameleon has no color of his own. He is purple like the heather, yellow like a lemon, even black and orange striped like a tiger! Then one day a chameleon has an idea to remain one color forever by staying on the greenest leaf he can find. But in the autumn, the leaf changes from green to yellow to red . . . and so does the chameleon. When another chameleon suggests they travel together, he learns that companionship is more important than having a color of his own. No matter where he goes with his new friend, they will always be alike. Now available as an eBook.

Love Saves the Day Tim Lawrence,2004-01-12 Opening with David Mancuso's seminal "Love Saves the Day" Valentine's party, Tim Lawrence tells the definitive story of American dance music culture in the 1970s—from its subterranean roots in NoHo and Hell's Kitchen to its gaudy blossoming in midtown Manhattan to its wildfire transmission through America's suburbs and urban hotspots such as Chicago, Boston, San Francisco, Los Angeles, Newark, and Miami. Tales of nocturnal journeys, radical music making, and polymorphous sexuality flow through the arteries of Love Saves the Day like hot liquid vinyl. They are interspersed with a detailed examination of the era's most powerful djs, the venues in which they played, and the records they loved to spin—as well as the labels, musicians, vocalists, producers, remixers, party promoters, journalists, and dance crowds that fueled dance music's tireless engine. Love Saves the Day includes material from over three hundred original interviews with the scene's most influential players, including David Mancuso, Nicky Siano, Tom Moulton, Loleatta Holloway, Giorgio Moroder, Francis Grasso, Frankie Knuckles, and Earl Young. It incorporates more than twenty special dj discographies—listing the favorite records of the most important spinners of the disco decade—and a more general discography cataloging some six hundred releases. Love Saves the Day also contains a unique collection of more than seventy rare photos.
