**Themes in Latin American Cinema** Keith John Richards,2020-03-12 This updated and expanded edition gives critical analyses of 23 Latin American films from the last 20 years, including the addition of four films from Bolivia. Explored throughout the text are seven crucial themes: the indigenous image, sexuality, childhood, female protagonists, crime and corruption, fratricidal wars, and writers as characters. Designed for general and scholarly interest, as well as a guide for teachers of Hispanic culture or Latin American film and literature, the book provides a sweeping look at the logistical circumstances of filmmaking in the region along with the criteria involved in interpreting a Latin American film. It includes interviews with and brief biographies of influential filmmakers, along with film synopses, production details and credits, transcripts of selected scenes, and suggestions for discussion and analysis.

**The Child in Cinema** Karen Lury,2022-08-25 This book brings together a host of internationally recognised scholars to provide an interdisciplinary perspective on the representation of the child in cinema. Individual chapters examine how children appear across a broad range of films, including *Badlands* (1973), *Ratcatcher* (1999), *Boyhood* (2014), *My Neighbour Totoro* (1988), and *Howl's Moving Castle* (2004). They also consider the depiction of children in non-fiction and non-theatrical films, including the documentaries *Être et Avoir* (2002) and *Capturing the Friedmans* (2003), art installations and public information films. Through a close analysis of these films, contributors examine the spaces and places children inhabit and imagine; a concern for children's rights and agency; the affective power of the child as a locus for memory and history; and the complexity and ambiguity of the child figure itself. The essays also argue the global reach of cinema featuring children, including analyses of films from the former Yugoslavia, Brazil and India, as well as exploring the labour of the child both in front of and behind the camera as actors and filmmakers. In doing so, the book provides an in-depth look into the nature of child performance on screen, across a diverse range of cinemas and film-making practices.

**Raios e trovões** Bruno Capelas,2019-01-01 Morcego, ratazana, baratinha e companhia: está na hora da feitiçaria!. Lançado em 1994 pela TV Cultura, o Castelo Rá-Tim-Bum é até hoje a maior produção infantil já feita pela televisão brasileira. Nesse sentido, Raios e trovões dá a senha para os leitores que quiserem entrar nos bastidores do programa: dos detalhes de figurinos e cenários à rotina de gravações, passando pela criação dos roteiros e escolha do elenco. Baseado em mais de 30 entrevistas com quem viveu o Castelo, o livro mostra como a Cultura conseguiu, em meio a um dos piores momentos da economia brasileira, realizar um projeto que marcou gerações, unindo entretenimento, informação e educação. Para isso, Bruno Capelas faz um mergulho pela história da emissora, em uma trajetória que passa por antenas, incêndios, bonecos de espuma e muito bom humor. Raios e trovões também avança até os dias de hoje, contando por que personagens como Nino, Zequinha, Dr. Victor, Celeste, Bongô, Penélope e Etevaldo permanecem vivos no coração e na mente de crianças pequenas e de outras já bem crescidas – afinal, porque sim não é resposta!

**Castelo Rá-Tim-Bum** Ana Maria Caira,Cao Hamburger,Beatriz Lefèvre,2000 Depois da premiada série da TV Cultura e da coleção de livros, esta é a adaptação do roteiro do filme, trazendo uma aventura inédita de Nino, o jovem bruxo de trezentos anos, e de sua exótica família. Ilustrada com fotos e croquis dos cenários das filmagens, esta adaptação do roteiro de Cão Hamburger é dividida em 22 capítulos-cenas.

**Far Beyond Video Games** Luiz Miguel Gianeli,2023-06-26 Take a trip back in time in 30 nostalgic chronicles that involve video games, video stores, friends, family, messes, confusions, discoveries, adventures, challenges, learning and all the nostalgia that surround the lives of those who grew in the 80s, 90s and 2000s, added to a personal message of life, courage and hope for video game players, as well as an article in which the – often delicate – relationship between games, art and the Christian faith is analyzed . Smile, have fun, identify yourself, go back to your own childhood and adolescence!

*SEDENTOS POR SANGUE* JADNA ALANA; BRUNO OLIVEIRA.,

*Latin American Cinema* Lisa Shaw,Stephanie Dennison,2014-10-01 Renewed interest in Latin American film industries has opened a host of paths of scholarly exploration. Productions from different countries reflect particular social attitudes, political climates and self-conceptions, and must be considered separately and as a whole. The search for national identity is a key component of Latin American films in a time of decreasing cultural diversity and pressures to westernize. Globalization and falling government support have fueled cross-border collaborations, calling into question the idea of a movie's nationality, and leaving some nations' film industries on the brink of collapse. Whether thriving or barely surviving, struggling to remain distinct or embracing globalization on its own terms, addressing the government or society, Latin American cinema remains vibrant, offering a wealth of material to scholars of all stripes. These collected essays explore important elements of Latin American cinema and its associated national film industries. The first section of essays examines the impact of modernization on both Latin American screen images and the industry itself, offering modern and historical perspectives. The second section focuses on filmmakers who deal with issues of gender and sexuality, whether sexual transgression, the role of female characters, or societal attitudes towards sex and nudity. The final section of essays discusses the relationship between national identity and Latin American film industries: how movies are used to create a sense of self; Uruguay's ongoing identity crisis; and Brazil's use of Hollywood's stereotypical depiction of the country to depict itself. Photographs and an annotated bibliography accompany each essay, and an index supplements the text.

**Cartooning in Latin America** John A. Lent,2005 Cartoons and comics have played important roles in the political and social processes of Latin America for more than a century. This book coalesces, for the first time in one volume, aspects of comic art of the entire region, capturing historical backgrounds, documenting trends, problems and situations of comic art in contemporary settings, and profiling cartoonists, comics characters, titles and genres. Ten countries of Central and South America and the Spanish Caribbean are dealt with in separate chapters. Comic art forms/media that are subjects of chapters are animation, caricature, comic books, comic strips, humor magazines, and political cartoons. Approaches include historical and contemporary overviews, cartoonist profiles, and comics/cartoon character analyses. Authors of the chapters represent some of the most knowledgeable individuals in Latin American comic art.--BOOK JACKET.

*Virou cult!* Clarice Greco,2020-03-25 É possível encontrar neste livro de Clarice Greco uma original articulação entre dois tradicionais campos de estudos. De um lado, os estudos de fãs, que, desde a obra seminal de Henry Jenkins, *Textual poachers* (1992), conquistaram espaço na comunicação para justificar uma cultura de participação e uma nova visão aos estudos de recepção. Por outro lado, os estudos sobre a obra cult, que chegam à televisão cult, e que a autora, de modo pioneiro, aplica à telenovela cult. Para isso, percorre o desenrolar do conceito e o desconstrói para superar a oposição cult x popular. Dentro de uma bela construção teórico-metodológica, diversas técnicas de observação são combinadas com a montagem de uma tipologia de telenovelas cult. A entrada do homem ordinário nessa construção permite à autora reconhecer o valor do senso comum na caracterização do valor do culto. Nada mais é preciso dizer para reconhecer que este livro de Clarice Greco se reveste e pioneirismo e de importância equiparável aos estudos internacionais sobre o tema.
