**Castiel** J a Armitage, B Kristin McMichael, 2021-02-26 \*\*\*FULL SERIES\*\*\* KING OF WOLVES

The forests of Elder are filled with people that change into wolves on the full moon. For Castiel, the haunted woods that the big bad wolf once roamed is anything but scary. He's spent the past few years of his life making a home in the woods and loving every minute of it. While he isn't a wolf, he's befriended them and found they make great neighbors, even if many in the country still see them as the monster they once were. Unfortunately, the change to the new winter season has brought a sickness to the wolves Castiel counts as friends. When his wolf friends need help, Castiel is there to lend a hand and to try to get his mother to see that something is wrong. The only question is, can Castiel convince Little Red Riding Hood that the wolves need help before something terrible happens? My name is Castiel, son of Red Riding Hood, and this is my story. HEIR OF THE CURSE The curse is back. Eighteen winters ago, Red defeated the curse that changed the wolves from normal shifters into bloodthirsty monsters. Everyone of Elder thought it was all done, and Red tried her best to bring the people of Elder back together. But that is all over now. The tree people fear the wolves and the wolves are attacking humans. And Castiel is caught in the middle of it. While Red is doing her best to protect the tree people, Castiel takes it upon himself to protect the wolves, if he can. The wolves are growing sicker, and Castiel is doing all he can to help, but will it be enough? Can he keep his friends safe? THRONE OF NIGHT Castiel's world is turning upside down when his friend has been cursed, and there is no way to help her. He wants nothing more than to help the wolves and break the curse, but even Red doesn't know how. He is left to look for answers on his own as Red is forced to deal with the Tree People that wish to openly hunt the wolves. Everywhere around him, Castiel finds another problem that he can't answer. He wants a magic solution but can't find one, until the witch helping Red tells him to look within. Is it possible Castiel has had the magic within him all along to help the wolves? GOD OF SHIFTERS Being a shifter wasn't the magic Castiel was looking for, but it confirmed what the witch felt. Castiel isn't who or what he ever thought he was. Now Castiel must figure out how to use his new ability to help his friends survive the curse that can't be broken. There is enough fighting in the country of Elder, but the wolves are now stuck behind a barrier together. It is a dangerous place to be, and they are running out of time with the moon pulling Grace closer to being a monster. Castiel has only ever wanted one thing: to protect his friends. But he had no clue how he is going to do it now. If he can't find a solution soon, he might just lose one of his only friends to the curse. Lighting-fast reads you won't be able to put down Fantasy has never been so epic!

*Castiel: with Lies* K. L. Donn, 2018-04-20 With lies, nothing comes easy. With lies, love is hard. With lies, trust is broken. With lies, comes the deepest pain you'll ever know. With these lies, I'll own you. \*\*WARNING\*\* The Adair Empire is a dark and graphic romance that will push your buttons, and maybe your boundaries. Each book contains a new couple but ends with a plot cliff-hanger. Series must be read in order of release.

Castiel KL Donn, From USA Today Bestselling author KL Donn comes the third book in the Adair Empire, a dark romance series. Adopted to the Adair name as a young adult, Castiel Adair is loyal to one man and one man only - King. When King requests that he find those responsible for the near destruction of the Empire, Castiel finds himself wading through the swampy marshes of Louisiana. He remains in the shadows...watching, calculating, evaluating the right time to strike. Until he discovers a girl looking for a way out. Talia Andersson wasn't about to be a pawn in her father's game, but she needed help. She wasn't expecting that help to come in the form of the most intense and gorgeous man she'd ever seen. But she knew in choosing the enemy of her father to be her lover, was her only choice. Rescued only to be stolen again, Talia ends up bloodied, broken and left for dead. Cas goes on a rampage in search of Talia all the while eliminating every threat from his new conquest's life. With his brand marking her soul and only a few leads as to where she could be, will he find her before her time is up? More importantly: can the Adair Empire last another fight against the McCray Clan, or will they be laid to rest? ----- The Adair Empire is a dark, graphic, romance series, with more triggers than I can list. Proceed with caution.

Supernatural - Cold Fire John Passarella,2016-03-29 When a gruesome murder takes place in Braden Heights, Indiana, the local authorities suspect the disemboweled and eyeless corpse is the result of an animal attack. But when another body is discovered, the eyes gouged out, Sam, Dean and Castiel start looking for connections between the victims—and discover both men were soon-to-be fathers. As the boys hunt the killer, they unearth the town's troubled past, and secrets some would prefer stay buried forever. A brand-new Supernatural novel, set during season 10, that reveals a previously unseen adventure for the Winchester brothers, from the hit CW series!

**The Gothic Tradition in Supernatural** Melissa Edmundson,2016-04-13 The CW's long-running series Supernatural follows the adventures of brothers Sam and Dean Winchester as they pursue the family business of hunting supernatural beings. Blending monster-of-the-week storylines with the unfolding saga of the brothers' often troubled relationship, the show represents Gothic concerns of anxiety, the monstrous, family trauma and, of course, the supernatural. The lines between human and monster, good and evil, are blurred and individual identities and motivations

resist easy categorization. This collection of new essays examines how the series both incorporates and complicates Gothic elements related to traditional tropes, storytelling, women and gender issues and monstrosity.

Fan Fiction Genres Julia Elena Goldmann, 2022-09-30 What if James T. Kirk and Spock had a baby, left the Enterprise and moved to New Vulcan to live happily ever after? Fan fiction plots like this are a strong testament of fans' endless creativity. Not only do the authors invent their own storylines but they have developed a generic definition of content across fandoms according to the relationship present in the text. Classification is therefore profoundly related to gender and sexuality. Julia Elena Goldmann examines these generic structures and formulaic patterns comparatively in Star Trek and Supernatural fan fiction. She also focuses on the interplay of the concepts of gender, sexuality, relationships and depictions of family in these texts.
