Cat Sense John Bradshaw, 2013-09-10 Cats have been popular household pets for thousands of years, and their numbers only continue to rise. Today there are three cats for every dog on the planet, and yet cats remain more mysterious, even to their most adoring owners. Unlike dogs, cats evolved as solitary hunters, and, while many have learned to live alongside humans and even feel affection for us, they still don't quite "get us" the way dogs do, and perhaps they never will. But cats have rich emotional lives that we need to respect and understand if they are to thrive in our company. In *Cat Sense*, renowned

anthrozoologist John Bradshaw takes us further into the mind of the domestic cat than ever before, using cutting-edge scientific research to dispel the myths and explain the true nature of our feline friends. Tracing the cat's evolution from lone predator to domesticated companion, Bradshaw shows that although cats and humans have been living together for at least eight thousand years, cats remain independent, predatory, and wary of contact with their own kind, qualities that often clash with our modern lifestyles. Cats still have three out of four paws firmly planted in the wild, and within only a few generations can easily revert back to the independent way of life that was the exclusive preserve of their predecessors some 10,000 years ago. Cats are astonishingly flexible, and given the right environment they can adapt to a life of domesticity with their owners—but to continue do so, they will increasingly need our help. If we're to live in harmony with our cats, Bradshaw explains, we first need to understand their inherited quirks: understanding their body language, keeping their environments—however small—sufficiently interesting, and becoming more proactive in managing both their natural hunting instincts and their relationships with other cats. A must-read for any cat lover, *Cat Sense* offers humane, penetrating insights about the domestic cat that challenge our most basic assumptions and promise to dramatically improve our pets' lives—and ours.

How to Be a Cat Lisa Swerling, Ralph Lazar, 2016-09-20 "Hilarious . . . If you've ever woken up with a cat staring right at you, or been joined on bathroom breaks by your feline friend, then you'll understand." —Awesome Inventions From the creative duo behind the bestselling *Me Without You* and *Happiness Is . . .* comes *How to Be a Cat*, a lighthearted illustrated guide to living life as a feline. Distinctive artwork and quirky captions confirm

what we already know: cats actually rule the household. Ranging from simple truisms ("Look cute enough to attract cuddles") to perceptive observations ("Consider life a never-ending belly rub"), this charming book is a must-have gift for anyone who shares their life with a feline friend (or vice versa). "It lists many of the intricate behaviors that distinguish a real cat from what I assume are cheap cat knock-offs (like 'kat' or 'cot'). Do you lick your humans at 3am? Do you ask for attention, then wriggle away once they pick you up? Then you're well on the way of being a real, certified cat." —deMilked "An easy to follow 'how to guide' available for anyone dreaming of being a kitty cat instead of a real-world adult, or kid." —Earth Porm

The Domestic Cat William Gordon Stables, 1876

We are the Cat Terry Bain, 2006 Do you wonder what your cat is thinking while stalking the tablecloth fringe or racing through the living room on clearly important but ultimately mysterious business? As a mere human being, or "Lap" as they call our kind, you might never guess the complexities of the feline mind. But fear not, dear reader, you are about to be taken into the confidence of a cat. The Door "When we are inside the house we are often thinking of the outside, of how many cats may be walking through our yard, sitting on our fences, leaving scentmarkings for us to find. So we go to the door and wait at the door and wonder, again, what on earth is the purpose of the door." A Paper Bag "We have spent many hours attempting to discover the secrets of the paper bag, to no avail. Even when we surprise it, leaping from a high place, the paper bag acts exactly the same way, and we find no creature inside. How does that work? By what physical laws does it operate? It is a mystery. And we do love a good mystery. Just not at our expense." In the Sink "We do not

understand or appreciate your fascination with our occupation of the sink portion of the household. The reasons we are here, in the sink—despite the risk of wetness—are obvious, are they not? The sink is cooler than most places in the house. The coolness from the sink surrounds us as no other coolness can surround us. If there was a sink Out of Doors, that would be one less reason for us to come home at night. But there isn't a sink Out of Doors. So here we are. In the sink. Trying to sleep. Just a nap, you know." Hilarious and clever, silly yet profound, *We Are the Cat* brings you into the inner life of cats, revealing the many joys hidden in a piece of string, the deliciousness of sleeping in a sink or in the sunshine, the endless mystery of what is on the other side of the door, and what our cats really see as they observe us from their perches. A NOTE FROM AUTHOR TERRY BAIN'S CAT Dear Reader, When we first heard that the "author" of this book—or, as we sometimes refer to him, Scratch—was writing about us, we were nonplussed. But then we gave it some thought. Some timely and careful consideration. And we have come to the following conclusion: We are not inclined to allow him to write a book about us. We have been watching him, and reading what he's written so far—the book about dogs and such, with references to us scattered about—and we do not entirely approve. (We also would ask why on earth he would choose to write about dogs before writing about cats. This we feel speaks directly to his character, and we therefore must assume that he is more seriously flawed than we previously thought. So, no, he should not write this book.) It isn't that we don't agree with much of what he has written about dogs (though what we have read makes little sense to us. We understand "reading," and "language," but the sense it makes is much like dogs themselves—that is, not much sense at all). We

would hope that should he write a book about us that we will not be made the butt of his jokes. We are in favor of people knowing us better so as to leave us alone more often (when we want to be left alone), or to appreciate us as they should (when we want to be appreciated). But we are not in favor of a book that does not take us seriously, or that paints a picture of us that is untoward, or that is otherwise not written by a cat. He is not a cat and therefore should not be allowed to write such a book, no matter how seriously he writes about us, no matter how catlike he seems to be at times (or doglike, as it were, which we think should disqualify him altogether). We do not wish him to speak for us. We will speak for ourselves. Kind regards, Swiper

The Cat Who Played Post Office Lilian Jackson Braun, 1987-12-01 In this mystery in the bestselling Cat Who series, Jim Qwilleran and his cats, Koko and Yum Yum, are living the high life—until things take a deadly turn... Inheriting unexpected millions has left reporter Jim Qwilleran looking like the cat who swallowed the canary. While his two Siamese cats, Koko and Yum Yum, adjust to being fat cats in an enormous mansion, Qwill samples the lifestyles of the rich and famous by hiring a staff of eccentric servants. A missing housemaid and a shocking murder soon show Qwilleran the unsavory side of the upper crust. But it's Koko's purr-fect propensity for finding clues amid the caviar and champagne that gives Qwill pause to evaluate the most unlikely suspects—before his taste for the good life turns into his last meal...

The Cat Men of Gotham Peggy Gavan, 2019-05-03 Winner of the 2019 Certificate of Excellence and MUSE Medallion from the Cat Writers Association The nineteenth century was a rough time to be a stray cat in New York City. The city's human residents dealt with feline

overpopulation by gassing unwanted cats or tossing them in rivers. But a few lucky strays were found by a diverse array of men—including firemen, cops, athletes, and politicians—who rescued them from the streets and welcomed them into their homes and hearts. This book tells the stories of these heroic cat men of Gotham and their beloved feline companions. Not only does it introduce us to some remarkable men, but we get to meet many extraordinary cats as well, from Chinese stowaways prowling the Chelsea Piers to the sole feline survivor of the USS Maine explosion. Among the forty-two profiles, we find many feline Cinderella stories, as humble alley cats achieved renown as sports team mascots, artists' muses, and even presidential pets. Sure to appeal to cat fanciers and history fans alike, *The Cat Men of Gotham* will give you a new appreciation for Old New York and the people and animals who made it their home. As it takes you on a journey through the streets of Manhattan and Brooklyn, it will amuse and astound you with tales of powerful men and their pussycats.

The Best Cat Book Ever: Part II Kate

Funk, 2016-10-11 AC the cat is back! And his owner Kate Funk has come up with some even more hilarious, increasingly ridiculous costumes for him to model, from the "Yes We Can!" lady, to Max from *Where the Wild Things Are*, to Marty McFly. Kate also goes much deeper into hipster-dom—AC is dressed as a whole host of Wes Anderson characters, as well as all twelve zodiac symbols. If the last book was good, *The Best Cat Book Ever: Part II* will really appeal to the cat-loving hipsters. (And you know there are tons of them out there!) There's nothing better than a good ol' book of a cat dressed in elaborate costumes. And if you disagree, you can just see yourself out. Cats rule, dogs drool.
