

Caveman

Hank Davis

The Caveman George Dawes Green,1994 Romulus Ledbetter has discovered a frozen corpse outside his front door. A fairly unusual circumstance as it is - but even more so as Romulus' front door is a cave in Central Park. A former musical prodigy, Romulus opted out of society and has been living a life of deluded paranoia in the cave for some time. His version of events, involving drug abuse, sexual deviancy and a criminally-inclined celebrity, are viewed with understandable scepticism by the police officers on the case. So Romulus has no choice but to find out what happened on his own...

Domain of the Caveman: A Historic Resource Study of Oregon Caves National Monument , Describes how cultural perceptions of nature and the resulting trends in tourism have shaped Oregon Caves and the area around it over the span of more than a century.

The Caveman Mystique Martha McCaughey,2012-09-10 Has evolution made men promiscuous skirt chasers? Pop-Darwinian claims about men's irrepressible heterosexuality have become increasingly common, and increasingly common excuses for men's sexual aggression. The Caveman Mystique traces such claims about the hairier sex through evolutionary science and popular culture. After outlining the social and historical context of the rise of pop-Darwinism's assertions about male sexuality and their appeal to many men, Martha McCaughey shows how evolutionary discourse can get lived out as the biological truth

of male sexuality. Although evolutionary scientists want to use their theories to solve social problems, evolutionary narratives get invoked by men looking for a Darwinian defense of bad-boy behaviors. McCaughey argues that evolution has nearly replaced religion as a moral guide for understanding who we are and what we must overcome to be good people. Bringing together insights from the fields of science studies, body studies, feminist theory and queer theory, *The Caveman Mystique* offers a fresh understanding of science, science popularization, and the impact of science on men's identities making a convincing case for deconstructing, rather than defending, the caveman.

Keep Chewing Till It Stops Kicking Steve Graham, 2014-11-20 Yo, this is Hal the Caveman coming at you. I lived 5 million years ago in what's now known as Chicken Bend, Arkansas. As a hobby, I drew pictures on the walls of my cave, showing what life was like back in the day. Then some egghead spotted my artwork and found a way to translate it into modern English. Thrill as I describe how dinosaurs used my relatives as throw pillows! Read with awe as I reveal the importance of not ending up as part of a velociraptor turd! Share the joy as I relate how we accidentally invented the missionary position when Tamuk tripped over a tree root and fell on top of his cousin, Twin Moons. See how caveman really felt about: • Family Life: Kids and food. . .it's important to know the difference. • Clothing: Sometimes back hair just isn't enough. • Fighting: Like rugby with spears. And for all you aspiring Fred Flinstones, I'll be offering up some modern-day wisdom, like redoing your apartment, Miocene-era style, and hosting your own caveman-themed barbeques and weekend retreats. Praise For Steve Graham's *The Good, The Spam, And The Ugly* Gleefully offensive.--Publishers Weekly Thanks for using a pseudonym. --Steve's father

Jerry Todd Caveman Leo Edwards, 2018-01-24 Edward Edson Lee (1884-1944), who wrote under the pen name of Leo Edwards, was a popular children's literature author in the 1920s and 1930s. He wrote five series of books, including the Jerry Todd series of sixteen books and the Poppy Ott series of eleven books, and both series were wildly popular. All of the series were inter-related in some way; the Todd and Ott stories took place in the town of Tutter, Illinois, a fictional town modeled on the town of Utica, which Lee experienced in his childhood. The supporting characters in the Todd and Ott books -- Red Meyers, Scoop Ellery, and Peg Shaw -- were real boys that Lee befriended around the time he began writing the stories. In his autobiography, *Where's the Rest of Me?* Ronald Reagan wrote that, growing up in Tampico, Illinois, he had a boyhood much like Jerry Todd. When I was a kid, there was this series of hardcover juvenile adventure books featuring a character named Jerry Todd. They were something like the Hardy Boys but they had a lot of humor mixed in with the adventure--Stan Lee Rediscover the wonderful classic adventure stories of Jerry Todd in this reprint edition!

The Caveman's Valentine George Dawes Green, 2001-03-01 Romulus Ledbetter wasn't always homeless. He once was a devoted husband, father, and musician with a bright future. He now forages for food in the trash cans of the city's better neighborhoods and wages a strenuous one-man war against Cornelius Gould Stuyvesant, an evil -- and imaginary -- power broker who is responsible for society's ills, as well as the sinister Y- and Z-rays that are corrupting humankind. Then one wintry night, Rom finds a corpse at the mouth of his cave that rouses his well-defined sense of ethics and launches him on an obsessive quest for answers. Forced to reconnect with society, Rom leaves his world and journeys through

a spiraling web of clues and hunches, straight into a sinister den of money, temptation, and murder-- otherwise known as the civilized world.

Father Was A Caveman June Harman Betts, 2008-08 Based on the author's childhood, this story follows a family through the first half of the twentieth century in Ohio and West Virginia. The father, an avid spelunker, manages caverns open to the public. The children's lives are filled with fun and adventure, until unknown forces destroy life as they know it. While they had faced tragedy, loss of loved ones, and a bushwhacker's bullet, nothing prepares them for what happens next. When their father struggles to restore order to his family, and the children yearn for what they had lost, a stranger appears and helps bring the magic back into their lives.

The Time-travelling Caveman Terry Pratchett, 2020-09-03 *The final collection of short stories from the incredible Sir Terry Pratchett!* Imagination is an amazing thing. It can take you to the top of the highest mountain, or down to the bottom of the deepest depths of the sea. This where it took Doggins on his Awfully Big Adventure: a quest full of magic and flying machines. (And the world's best joke - trust me, it's hilarious.) It took three young inventors to the moon (where they may or may not have left a bottle of lemonade) and a caveman on a trip to the dentist. You can join them on these adventures, and many more, in this incredible collection of stories . . . From the greatest imagination there ever was. Written for local newspapers when Terry Pratchett was a young lad, these never previously published stories are packed full of anarchic humour and wonderful wit. A must-have for Terry fans . . . and young readers looking for a fix of magic.

Caveman Dave Nick Sharratt,1996 Caveman Dave is very brave, but his sister, Ava, is even braver.

The Caveman Rules of Survival Dawn C. Walton,2015-02-27 The subconscious is overdue a software upgrade. This primitive and emotional part of your brain follows rules for keeping you safe and well based on the caveman days, where sabre-toothed tigers and other predators were the biggest threat. If you have ever had a battle going on in your head between what you believe you want to do, and the part of you that seems to hold you back, then this book is for you.

Caveman Kids and the Spotted Beast Peter Legrove,2020-06-30 The caveman kids first meet the baby mammoth on the way home from the mammoth hunt. Then the baby mammoth saves the clan from the big storm that turns the river into a raging wild river. Now the clan find a new cave to call home as they walk away from the river in the pouring rain. But the area they have stumbled into is the territory of the spotted beast and the baby mammoth again warns them of danger

All Things Caveman Laurie Foxx,2015-11-23 All Things Caveman is a sayings book of funny and insightful observations of the modern male in all his caveman glory. The modern caveman is simple. Think of The F's; food, fight, fornicate and fffsleep! In other words, give a man a beer, the remote and a La-Z-Boy and he's a happy camper! This little book celebrates all things caveman and will help you understand that hairy guy beside you. Imagine people wearing a furry jumper like his ancestors before him and you will have a better understanding of what makes him tick! Inspired by the novel The Caveman Theory By Laurie Foxx

Caveman Kids and the Baby Mammoth Peter Legrove,2020-06-09 How did caveman kids survive and

thrive before at the dawn of time when everything was stacked against them. The caveman kids and grandpa were always at the cave while their parents were out hunting or gathering food. After a successful mammoth hunt they bumped into a little lost baby mammoth and changed history. They were now mobile and they had muscle power. But they were up against nature and sometimes nature turned against them, but this time the baby mammoth sounded a warning, and the whole tribe got out of harms way. The baby mammoth had nowhere to go so she joined the herd and kept the kids happy and warm at night. But this is only the beginning: we shall keep an eye on what the caveman kids get up to as the baby mammoth gets older and bigger and helps out at the cave.

Life In A Cave On The Edge Of A Cliff

A long time ago before planes and trains and before buses and bicycles. Even before we rode horses. During a time when everybody walked, Rock Thrower and his older sister Little Leaf lived with their family in a cave. Their home was on the side of a hill overlooking their beautiful valley. In their little family there was Grandpa and Grandma along with three uncles and two aunties. There were many little children with their own mothers and fathers. It was a big happy family all living together in the safety of the smoke blackened cave. Rock Thrower and Little Leaf's mother and father loved the cave and everybody in it and they somehow managed to keep everybody happy. Home was in a beautiful place, around the cave everything was green. The sky above was a deep rich blue and at night the whole sky was pinpointed with endless lights. It was beautiful to sit outside at night around the fire just looking up at the heavens. Life was good, there was plenty of food but they had to find the berries and bird's eggs. They followed the bees to the sweet juicy honey high in the tree. That was the easy part, now the fun part began. Only the

grown-ups would get the honey. And then there was lots of laughter when somebody got stung and started jumping around the place. They all loved the honey, it was a welcome treat. Life in the spring, summer and autumn was good. Especially autumn when there were many fruits and berries to eat. But the good days soon gave way to the cool days of late autumn. Then out came the old hides that were hung over the cave mouth to keep out the cold and now home was a cozy cave.

Caveman at the End of the World Brad Rau,2017-09-14 In a nameless city in the near future, Ella Pearson returns home to find her apartment broken into. Tiny, mute and covered in hair, the intruder seems harmless enough but, as the simple nuisance of extracting him from her life turns into an all-consuming battle against a mysterious government agency, it becomes evident that he is only a minor instrument in a much greater intrigue. While the circumstances enveloping her grow increasingly surreal, Ella's attention turns to her own, murky past where she will find answers to questions so monumental, she never considered that they should be asked.
