**Centaurs** Gary Jeffrey,2012-01-01 A centaur is one of the wildest creations in Greek mythology. In this book, readers explore fascinating tales about centaurs and the dangers they were thought to pose to both themselves and humans. The featured story of “Hercules and the Centaurs” is presented in exciting graphic-novel form, using engaging artwork and accessible text to draw reluctant readers into the world of these wild and powerful creatures. Legendary centaur battles and thrilling tales of kidnappings and rescues are sure to keep readers engaged and pages turning.

**Centaur** Samantha S. Bell,2021-12-15 Centaurs were half-human and half-horse creatures in Greek mythology. Centaur explores the purpose these wild, rowdy creatures had in Greek stories. Easy-to-read text, vivid images, and helpful back matter give readers a clear look at this subject. Features include a table of contents, infographics, a glossary, additional resources, and an index. Aligned to Common Core Standards and correlated to state standards. Kids Core is an imprint of Abdo Publishing, a division of ABDO.

*Centaur Planet* Thom L. Nichols,2010-03-01 Magic messed up everything. It always chose the worst time to screw everything up. Billy was fine. He kept his magical life away from his normal life and he was happy. Then, everything happened at once. Billy's passion was football. It was simple. It was enjoyable. It was pure. There was only one way to play and the thought that magic couldn't corrupt it. Then someone cheated and his world fell apart. The most amazing player in decades turned out to be cheating magically. There was nothing Billy could do about it. The NFL was a fantasy place. It was on TV and it was real, but it was so far away. Yes, Billy could use magic, he had magical friends, but he was just a fast food closing manager. He couldn't do anything about anything. Then, everyone in the world suddenly spontaneously transforms into centaurs. They don't transform into the traditional equine lower body with a human upper torso, they become centaurs with the lower bodies of a variety of animals. The world is decimated overnight. People find themselves too small or too big for their vehicles. Cars and planes careen out of control and there is massive loss of life. Everything is affected from food production to transportation to football players. The whole world is in chaos. Finding out that one of his magical friends was inadvertently associated with the transformation, Billy learns that a magical event was going to take place in the near future. It's called Brianna's Call and it is the return of magic to the Earth. The only way that the world can transform back into their human bodies is for them to intercept Brianna's Call. In order to do that, Billy must join his favorite NFL team and take them to the championship game. Brianna's Call is going to touch down on Super Bowl Sunday at the Super Bowl. Along the way, Billy must confront the cheating NFL player, battle powerful wizards intent on collecting Brianna's Call for themselves, and deal with a jealous girlfriend.

**The Centaur** John Updike,2012-06-05 WINNER OF THE NATIONAL BOOK AWARD AND THE PRIX DU MEILLEUR LIVRE ÉTRANGER The Centaur is a modern retelling of the legend of Chiron, the noblest and wisest of the centaurs, who, painfully wounded yet unable to die, gave up his immortality on behalf of Prometheus. In the retelling, Olympus becomes small-town Olinger High School; Chiron is George Caldwell, a science teacher there; and Prometheus is Caldwell's fifteen-year-old son, Peter. Brilliantly conflating the author's remembered past with tales from Greek mythology, John Updike translates Chiron's agonized search for relief into the incidents and accidents of three winter days spent in rural Pennsylvania in 1947. The result, said the judges of the National Book Award, is “a courageous and brilliant account of a conflict in gifts between an inarticulate American father and his highly articulate son.”

**The Centaur** Algernon Blackwood,1912 On a cruise through the Greek islands, a man encounters a handsome father and his son. He is strangely drawn to his fellow travellers, and discovers with some elation that they will all share a cabin aboard ship. Tricks of the light seem to join the pair into a single being when they walk ashore, and at times a third, much larger being appears to join them. Is the protagonist hallucinating, or is he experiencing repressed homosexual desires? Or is something darker and more ancient at work? Blackwood weaves a poetic, erotically charged tale against the exotic backdrop of the Greek islands.

**Centaur Aisle** Piers Anthony,2002-03-26 The magic of Xanth was useless in Mundania—until Dor tried honesty! Dor was having troubles growing up to be the next Magician-King of the magic Land of Xanth. He wanted no part of running the Kingdom. But now the Good King Trent was leaving on a trade mission to non-magical Mundania, home of such weird beasts as horses and bears, so Dor had to take over as King for a week. A week passes. No Trent. Then three weeks. King Trent still hasn't returned. Surely, something terrible had happened; he was apparently held captive in some foul dungeon, unable to escape. Dor was left with the burden of ruling—and with Irene, who was entirely too willing to be his Queen! His only hope was to enter Mundania and free King Trent. But how could it be done without the powers of magic? Nevertheless, he started forth bravely—together with Irene, a golem, a centaur, and a young ogre—heading for the far south of Xanth. The entrance to Mundania, of course, lay to the north.

**Centaur** Christine Ha,2021-08-01 This book explores thrilling legends about the centaur. Short paragraphs of easy-to-read text are paired with eye-catching images to make reading engaging and accessible. *The Centaur* Algernon Blackwood,1916

*The Centaur Wars* Roz Evans,2021-12-17 A captivating adventure and a spectacular journey... Rule one: don't trust the centaur. Sixteen-year-old Dee knew something was imprisoned beneath the old motel, but she never expected this. The centaur is shackled. He's injured. He's furious at being captured by humans. And he's exactly what she's spent her whole life searching for. Rule two: don't talk to the centaur. Dee needs answers. Her family has a dark history and she has to know why. She's grown up beside a forest with mutated creatures that modern science can't explain: flying newts. Winged snakes. However, a centaur is far beyond anything she's spotted in the trees. Rule three: don't free the centaur. If he wasn't chained he'd have killed her already. But Dee strikes a bargain with the human-hating centaur: in exchange for his freedom, he'll give her answers. His herd is murderous. Even worse foes lay beyond the haunted forest. But the epic voyage Dee embarks on leads to far more than the source of winged snakes, as she uncovers the greatest secret ever hidden from humankind... if she can survive it. A rollicking modern fantasy, perfect for those craving action, pet sea serpents, and plenty of witty banter.

**Centaur Redemption** Nancy Straight,2016-10-18

*Nessus the Centaur* Henry Hollenbaugh,2007-02-01 The ancient myth of Hercules, Dejanira, and Nessus the Centaur is retold in this novel as a love triangle of sorts by Jonathan Nestus, a modern-day reincarnation of the Centaur reliving periodic episodes in the life and times of Nessus. The story of Nessus the Centaur is the poignant tale of a half-horse, half-human creature consumed with love for a beautiful, fully-human woman, with the menacing figure of brutal, murderous Hercules hovering in the background. Whether the reader is familiar with Greek mythology or not, this tragic and comic love story is an enthralling read. En route to the shocking end, the author, through his engaging character Jonathan Nestus, retells some of the Greek myths while solemnly insisting, with abundant pseudo-scientific reasoning, that the centaurs actually existed as half-horse, half-human beings along with the satyrs, mermaids and other weird creatures of those times.

**The Rise of the Centaurs** Bjarke Rink reports,2013-10-29 Thousands of years ago, on the central asian steppes, an amazing symbiosis occurred between horse and man. This blending of two extremely dissimilar species would have far-reaching consequences for World History. But what drew men and horses to join forces? Who were the first people to approach horses? For what reason? Who had the improbable idea of mounting a horse and guiding it from a position on its back? And what environmental pressure made this imperative to do so? In this adventure we'll witness the origins of horsemanship and how horses empowered humans. Riding with the Cimmerians and the Scythians, we will discover how horsemanship upset the power balances of nations. History as told from horseback will give you new insights about the past and a special appreciation for the

role of the horse in molding today's world
