Chad, a Celebration of Life ~ Beyond a Mother's Memories Arista,2020-08-13 "...Literally took my breath away... Beautifully written and descriptive, I was right there on Chad's journey. An American Memoir of life that reminds you what's important, the human heart being one of them. A 5-star read I highly recommend." -Matt D., New York, New York "From NY to Malibu, heart screenings to homeless soccer tourneys in Austria, the purpose emerges loud and clear - to save the Lives of those who still have a chance at a future. It is crucial to raise awareness for mandatory heart screenings for young athletes! Many testimonials of families affected by sudden cardiac deaths (SCD) won't leave you indifferent. This book is truly a work of Love, filled with tears and laughter, pain and loss, and most of all hope!" -Olena, Los Angeles, California Chad Alan Butrum loved sports. One day he went out to play football in LA and it would be his last game; he died of Sudden Cardiac Death in Young Athletes. He was just 26 years old. His artist mother Arista takes us on a journey of Love, Life and Laughter, as the young family forges new dreams in Detroit, Chicago, St. Louis, Malibu, and New York City. After Chad's sudden loss to SCD, she discovers through his colleagues at Carolco Pictures the young man Chad was becoming - the promise of a talented creative writer who touched the lives of many people in his short Life. He loved all people- any age, heritage, or orientation. In Part II, the author transcends loss into a quest to save lives by founding the non-profit organization, The Chad Foundation for Athletes and Artists, to safeguard young hearts so they can live long, healthy Lives and reach their most cherished dreams. It also inspires youth to live as Chad did- anti-substance abuse and alcohol-free, Healthy Body/Mind/ Spirit. The Chad Foundation Cardiovascular Screening Program has provided 8,000 Echocardiograms/ECGS in 5 states and, globally, in Austria and Sweden. Many parents who have also lost children to SCD, share their heartfelt stories within underscoring the critical importance of raising awareness of Sudden Cardiac Death in the Young, implementing preventive heart screenings, knowledge of CPR, and placement of AEDs. It is a journey of the Heart and the discovery that The Heart is the Home of our two greatest gifts-Love and Life-and must be safeguarded as our most valued possession.

Limits of Anarchy Sam C. Nolutshungu,1996 The emergence and disintegration of states, often under conditions of appalling violence, is a problem of primary importance in the world. Chad's long experience of civil strife and

foreign intervention illustrates some of the fundamental difficulties involved in the attempt to achieve political stability through armed intervention. Covering Chad's thirty years of civil strife, *Limits of Anarchy* looks at foreign intervention in Chad's civil war and the effects of such intervention on state construction. The first major study of Chad to appear in English for many years, the book pays particular attention to French, Chadian, and other African political reflections on the problem of Chad. Chadians still hope to construct a viable national state. Nolutshungu looks at their rival approaches to state building under external constraints and at reasons for their failure.

Dangerous Love Chad Ford, 2020-06-23 "Chad Ford reminds us that humanity lies within all of us, and although conflict is everywhere in today's world, we have the tools we need to overcome obstacles and to thrive. This is a fantastic, timely book that I highly recommend. -Steve Kerr, Head Coach, Golden State Warriors Knowing how to transform conflict is critical in both our personal and professional lives. Yet, by and large, we are terrible at it. The reason, says longtime mediator Chad Ford, is fear. When conflict comes, our instincts are to run or fight. To transform conflict, Ford says we need to turn toward the people we are in conflict with, put down our physical and emotional weapons, and really love them with the kind of love that leads us to treat others as fellow human beings, not as objects in our way. We have to open ourselves up with no guarantee that anyone on the other side will do the same. While this can feel even more dangerous than conflict itself, it allows us to see the humanity of others so clearly that their needs and desires matter to us as much as our own. Ford shows dangerous love in action through examples ranging from his work in the Middle East to a deeply moving story about reconciling with his father. He explains why we disconnect from people at the very time we need to be most connected and the predictable patterns of justification and escalation that ensue. Most importantly, he gives us a path to practice dangerous love in the conflicts that matter most to us.

people remember Chad Green, they think of things like: a legal battle between the state and the parents, or a sickly leukemic child being whisked off to Mexico for some questionable treatment. It

Chad E. George H. Joffé, Valérie Day-Viaud, 1995 Chad's geographical position in the heart of Africa gives it considerable contemporary strategic significance. At the same time, the social and ethnic divisions within the country have ensured that its government has been in a state of crisis since the nation gained independence in 1960. This volume is the most comprehensive review of publications on Chad in the English-speaking world.

Black Magic Chad Sanders, 2022-02-08 A “daring, urgent, and transformative” (Brené Brown, New York Times bestselling author of *Dare to Lead*) exploration of Black achievement in a white world based on honest, provocative, and moving interviews with Black leaders, scientists, artists, activists, and champions. “I remember the day I realized I couldn’t play a white guy as well as a white guy. It felt like a death sentence for my career.” When Chad Sanders landed his first job in lily-white Silicon Valley, he quickly concluded that to be successful at work meant playing a certain social game. Each meeting was drenched in white slang and the privileged talk of international travel or folk concerts in San Francisco, which led Chad to believe he needed to emulate whiteness to be successful. So Chad changed. He changed his wardrobe, his behavior, his speech—everything that connected him with his Black identity. And while he finally felt included, he felt awful. So he decided to give up the charade. He reverted to the methods he learned at the dinner table, or at the Black Baptist church where he’d been raised, or at the concrete basketball courts, barbershops, and summertime cookouts. And it paid off. Chad began to land more exciting projects. He earned the respect of his colleagues. Accounting for this turnaround, Chad believes, was something he calls Black Magic, namely resilience, creativity, and confidence forged in his experience navigating America as a Black man. Black Magic has emboldened his every step since, leading him to wonder: Was he alone in this discovery? Were there others who felt the same? In “pulverizing, educational, and inspirational” (Shea Serrano, #1 New York Times bestselling author of *Basketball (And Other Things)*) essays, Chad dives into his formative experiences to see if they might offer the possibility of discovering or honing this skill. He tests his theory by interviewing Black leaders across industries to get their take on Black Magic. The result is a revelatory and essential book. Black Magic explores Black experiences in predominantly white

environments and demonstrates the risks of self-betrayal and the value of being yourself.

Smart, Not Spoiled Chad Willardson, 2021-08-26 Two-thirds of American parents today think their children are spoiled. From toys and laptops to smartphones and cars, our kids have grown increasingly entitled in what they believe we should do for them. Kids may not appreciate the value of a dollar, but it's hard to blame them. After all, what have they learned about money? Managing finances is rarely covered in schools, and as a parent, you probably don't know where to start. How do you provide a strong foundation of financial knowledge for your kids with these gaps? What should they learn each year? How do you teach a skill set you never received yourself? In *Smart, Not Spoiled*, financial expert and bestselling author Chad Willardson provides you with practical tools, tips, and stories that will help you teach the kids in your life how to think about money. Chad explores the seven skills your kids should know-and master-before they're adults and helps you improve the financial literacy of everyone in your household.

Living by the Gun in Chad Marielle Debos, 2016-10-15 How do people live in a country that has experienced rebellions and state-organised repressions for decades and that is still marked by routine forms of violence and impunity? What do combatants do when they are not mobilised for war? Drawing on over ten years of fieldwork conducted in Chad, Marielle Debos explains how living by the gun has become both an acceptable form of political expression and an everyday occupation. Contrary to the popular association of violence and chaos, she shows that these fighters continue to observe rules, frontiers and hierarchies, even as their allegiances shift between rebel and government forces, and as they drift between Chad, Libya, Sudan and the Central African Republic. Going further, she explores the role of the globalised politico-military entrepreneurs and highlights the long involvement of the French military in the country. Ultimately, the book demonstrates that ending the war is not enough. The issue is ending the 'inter-war' which is maintained and reproduced by state violence. Combining ethnographic observation with in-depth theoretical analysis, *Living by the Gun in Chad* is a crucial contribution to our understanding of the intersections of war and peace.

The Curse of the Father Chad Daniel, 2019-07 What dwells in the depths of the Suicide Forest? Lore whispers of lost souls and malevolent beings. But when Chad and his film crew venture off the beaten path and into the notorious x-zone, they must confront a much more sinister entity: themselves. In this dark and provocative story, Chad finds, not only new strength through the bonds of friendship, but the ultimate revelation about the value of life and the significance of the things we leave behind. Join Chad as he is forced to face the demons of his past to find hope for the future; if he can find his way out of the forest.
