*Titan #1: Taking Wing* Michael A. Martin,Andy Mangels,2005-04-01 William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

Until, that is, his failure to seize the tantalising advances of the ancient First Federation. Now, in the more peaceful universe of the United Federation of Planets, Tiberius sees his second chance. And a new ally will help him take it - his alter ego for whom he has nothing but contempt - Starfleet Captain James T. Kirk. Honorable, idealistic and decent, James T. Kirk is many things Tiberius is not. But he is also a man deeply in love with his wife - and Teilani is dying. To save her life, Kirk is prepared to compromise his ideals and enter into his most dangerous alliance yet. Battling Captain Jean-Luc Picard and a new generation of Starfleet heroes, Kirk must guide Tiberius to a long-abandoned First Federation base which conceals a power so great it will enable Tiberius to conquer the mirror universe - and his own. But on that journey Kirk uncovers long-hidden secrets that raise the stakes far beyond the mere survival of family and friends. At the heart of their quest, something else is waiting: an object from a civilisation whose technology is far more advanced than any Kirk or Tiberius could hope to acquire, placed there for Kirk's eyes only by mysterious aliens who appear to have influenced life within the galaxy over eons of time - a message from the Preservers...
