Happy Endings Jim Norton, 2008-06-10 The popular stand-up comedian offers an offbeat, frequently raunchy memoir of his life, in which he shares his affinity for hookers, the time he stalked Black Sabbath and Alan Alda, his experiences with Opie and Anthony, his arrest on the infamous Voyeur Bus, and other controversial events. Merchants of Truth Jill Abramson, 2020-02-11 Former executive editor of The New York Times and one of our most eminent journalists Jill Abramson provides a “valuable and insightful” (The Boston Globe) report on the disruption of the news media over the last decade, as shown via two legacy (The New York Times and The Washington Post) and two upstart (BuzzFeed and VICE) companies as they plow through a revolution that pits old vs. new media. “A marvelous book” (The New York Times Book Review), *Merchants of Truth* is the groundbreaking and gripping story of the precarious state of the news business. The new digital reality nearly kills two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials. “Abramson provides this deeply reported insider account of an industry fighting for survival. With a keen eye for detail and a willingness to interrogate her own profession, Abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance” (Vanity Fair). We get to know the defenders of the legacy presses as well as the outsized characters who are creating the new speed-driven media competitors. The players include Jeff Bezos and Marty Baron (The Washington Post), Arthur Sulzberger and Dean Baquet (The New York Times), Jonah Peretti (BuzzFeed), and Shane Smith (VICE) as well as their reporters and anxious readers. *Merchants of Truth* raises crucial questions that concern the well-being of our society. We are facing a crisis in trust that threatens the free press. “One of the best takes yet on journalism’s changing fortunes” (Publishers Weekly, starred review), Abramson’s book points us to the future.

Here are forty recipes—some traditional, some unconventional—that commemorate the low points with the same culinary conviction with which we celebrate the highs. Part cookbook, part candid confessions, this book of good food for bad times reminds us that even the worst of days yield something worth sharing. **INTERSECTIONAL FEAST OF PERSPECTIVES:** This book of tales of truly comforting food features a highly diverse, all-star who’s who from the worlds of music, food, art, literature, performance, activism, and pop culture. **ALL-STAR CONTRIBUTORS:** Storytellers include Samantha Irby, Alice Waters, Bowen Yang, Michael W. Television Rewired Martha P. Nochimson, 2019-07-15 In 1990, American television experienced a seismic shift when *Twin Peaks* premiered, eschewing formulaic plots and clear lines between heroes and villains. This game-changing series inspired a generation of show creators to experiment artistically, transforming the small screen in ways that endure to this day. Focusing on six shows (*Twin Peaks*, with a critical analysis of both the original series and the 2017 return; *The Wire*; *Treme*; *The Sopranos*; *Mad Men*; and *Girls*), *Television Rewired* explores what made these programs so extraordinary. As their writers and producers fought against canned plots and moral simplicity, they participated in the evolution of the exhilarating new auteur television while underscoring the fact that art and entertainment don’t have to be mutually exclusive. Nochimson also makes provocative distinctions between true auteur television and shows that were inspired by the freedom of the auteur series but nonetheless remained entrenched within the parameters of formula. Providing opportunities for vigorous discussion, *Television Rewired* will stimulate debates about which of the new television series since 1990 constitute “art” and which are tweaked “business-driven storytelling.”

Malicious Deceivers Ioana B. Jucan, 2023-08-08 In *Malicious Deceivers*, Ioana B. Jucan traces a genealogy of post-truth intimately tied to globalizing modernity and connects the production of repeatable fakeness with capitalism and Cartesian metaphysics. Through case studies that cross times and geographies, the book unpacks the notion of fakeness through the related logics of dissimulation (deception) and simulation (performativity) as seen with software/AI, television, plastics, and the internet. Specifically, Jucan shows how these (dis)simulation machines and performative objects construct impoverished pictures of the world, ensuring a repeatable sameness through processes of hollowing out embodied histories and lived experience. Through both its methodology and its subjects—objects of study, the book further seeks ways to counter the abstracting mode of thinking and the processes of voiding performed by the twinning of Cartesian metaphysics and global capitalism. Enacting a model of creative scholarship rooted in the tradition of writing as performance, Jucan, a multimedia performance-maker and theater director, uses the embodied I as a framing and situating device for the book and its sites of investigation. In this way, she aims to counter the Cartesian voiding of the thinking I and to enact a different kind of relationship between self and world from the one posited by Descartes and replayed in much Western philosophical and — more broadly — academic writing: a relationship of separation that situates the I on a pedestal of abstraction that voids it of its embodied histories and fails to account for its positionality within a socio-historical context and the operations of power that define it.

Traffic Ben Smith,2024-05-07 “Engrossing and suspenseful. —The New York Times “Expertly pulls readers in . . . Graced with a keen eye and sharp wit.” —The Guardian The origin story of the post-truth age: the candid inside tale of two online media rivals, Nick Denton of Gawker Media and Jonah Peretti of HuffPost and BuzzFeed, whose delirious pursuit of attention at scale helped release the dark forces that would overtake the internet and American society. If attention is the new oil, Traffic is the story of the time between the first gusher and the perceptible impact of climate change. The curtain opens in Soho in the early 2000s, after the first dot-com crash but before Google, Apple, and Facebook exploded, when it seemed that New York City, rather than Silicon Valley, might become tech’s center of gravity. There, Nick Denton’s merry band of nihilists at his growing Gawker empire and Jonah Peretti’s sunnier team at HuffPost and BuzzFeed were building the foundations of viral internet media. Ben Smith, who would go on to earn a controversial reputation as BuzzFeed News’s editor in chief, was there to see it, and he chronicles it all with marvelous lucidity underscored by dark wit. Traffic explores one of the great ironies of our time: The internet, which was going to help the left remake the world in its image, has become the motive force of right populism. People like Steve Bannon and Andrew Breitbart initially seemed like minor characters in the narrative in which Nick and Jonah were the stars. But today, anyone might wonder if the opposite wasn’t the case. To understand how we got here, Traffic is essential and enthralling reading.

Waiting for the Punch Marc Maron,Brendan McDonald,2017-10-10 Public figures as you rarely if ever hear them: strikingly personal, surprisingly open, and profoundly emotional. — Entertainment Weekly I’m British, so I’m medically dead inside, but even I can’t help but open up whenever I talk to Marc. He uses his honesty like a scalpel, cutting himself open in front of anyone he’s talking to, and in doing so, invites you to do the same. —John Oliver From the beloved and wildly popular podcast WTF with Marc Maron comes a book of intimate, hilarious and life changing conversations with some of the funniest, and most important people in the world like you’ve never heard them before. Waiting for the Punch features the stories and thoughts of such luminaries as Amy Schumer, Mel Brooks, Will Ferrell, Amy Poehler, Sir Ian McKellen, Lorne Michaels, Judd Apatow, Lena Dunham, Jimmy Fallon, RuPaul, Louis CK, David Sedaris, Bruce Springsteen, and President Obama. This book is not simply a collection of these interviews, but instead something more wondrous: a running narrative of the world’s most recognizable names working through the problems, doubts, joys, triumphs, and failures we all experience. With each chapter covering a different topic: parenting, childhood, relationships, sexuality, success, failures and others, Punch becomes a sort of everyman’s guide to life. Barack Obama candidly discusses the challenges of the presidency, and the bittersweet moments of seeing your children grow up. Amy Schumer recounts the pain of her parents’ divorce. Molly Shannon uproariously remembers the time she and her best friend hopped a plane from Ohio to New York City when they were twelve on a dare. Amy Poehler dishes on why just because you become a parent doesn’t mean you have to like anybody else’s kids but your own. Bruce Springsteen expounds on the dual nature of desperation to both motivate and devastate. Full of stories that are at once laugh-out loud funny, heartbreakingly honest, joyous, tragic and powerful, Waiting for the Punch is a book to be read from cover to cover, but it is also one to return to again and again.

Humor, Seriously Jennifer Aaker,Naomi Bagdonas,2021-02-02 WALL STREET JOURNAL, LOS ANGELES TIMES, AND USA TODAY BESTSELLER • Anyone—even you!—can learn how to harness the power of humor in business (and life), based on the popular class at Stanford’s Graduate School of Business. Don’t miss the authors’ TED Talk, “Why great leaders take humor seriously,” online now. “The ultimate guide to using the magical power of funny as a tool for leadership and a force for good.”—Daniel H. Pink, #1 New York Times bestselling author of *When and Drive* We are living through a period of unprecedented uncertainty and upheaval in both our personal and professional lives. So it should come as a surprise to exactly no one that trust, human connection, and mental well-being are all on the decline. This may seem like no laughing matter. Yet, the research shows that humor and laughter are among the most valuable tools we have at our disposal for strengthening bonds and relationships, diffusing stress and tension, boosting resilience, and performing when the stakes are high. That’s why Jennifer Aaker and Naomi Bagdonas teach the popular course *Humor: Serious Business* at the Stanford Graduate School of Business, where they help some of the world’s most hard-driving, blazer-wearing business minds infuse more humor and levity into their work and lives. In *Humor, Seriously*, they draw on findings by behavioral scientists, world-class comedians, and inspiring business leaders to reveal how humor works and—more important—how you can use more of it, better. Aaker and Bagdonas unpack the theory and application of humor: what makes something funny, how to mine your life for material, and simple ways to identify and leverage your unique humor style. They show how to use humor to rebuild vital connections; appear more confident, competent, and authentic at work; and foster cultures where levity and creativity can thrive. President Dwight David Eisenhower once said, “A sense of humor is part of the art of leadership, of getting along with people, of getting things done.” If Dwight David Eisenhower, the second least naturally funny president (after Franklin Pierce), thought humor was necessary to win wars, build highways, and warn against the military-industrial complex, then you might consider learning it too.
