**Rebecca Locksley**

The Cohens of Tzefat Miriam Stark Zakon,1985 A wounded Jewish officer in the Yom Kippur War feels his mind fill with a panorama of events tracing the history of his people and his part of Israel.

Orpahs Odyssey Celia Crotteau,2018-01-23 Did Orpah behave that badly?! The Book of Ruth paints a glowing picture of the Moabite widow who sacrificed homeland, faith, and family to accompany her mother-in-law Naomi to Israel. Ruths choice paid off . In Israel, she remarried and eventually became the great-grandmother of the illustrious King David. But what happened to Naomis other widowed daughter-in-law, Orpah, who decided not to go to Israel? Mentioned briefly in the Book of Ruth, Orpah chose to return to her birth family, an accepted custom. Nevertheless, religious tradition has excoriated Orpah for her decision. She has been labeled a traitor and worse. Why? What difference could that one unexceptional young woman have made? Or was she more remarkable than she has been previously portrayed? What happened to Orpah after she parted from Naomi and Ruth? What if a recently unearthed ancient scroll revealed those mysteries? Hidden centuries ago to prevent

the revelation of shocking truths, the scroll bears Orpah's account of the famous story narrated in the Book of Ruth and more. Specifically, it offers secrets which some would prefer remain buried. However, why not allow Orpah to tell her side and defend her name, actions, and reputation? Here she does just that, looking back on a long, eventful life filled with anguish and joy, adventure and intrigue, and interaction with Biblical characters who may not have behaved as correctly, or, in some cases, as incorrectly, as history would have us believe. Sometimes the choices people make are not for their own reasons, but because a higher power has plans for them other than the obvious. And Jonah was not the only reluctant Old Testament prophet, as you are about to discover.

*Beyond a Darkened Shore* Jessica Leake, 2018-04-10 Vikings meets Frostblood in this romantic historical fantasy stand-alone from author Jessica Leake. The ancient land of Éirinn is mired in war. Ciara, princess of Mide, has never known a time when Éirinn's kingdoms were not battling for power, or Northmen were not plundering their shores. The people of Mide have always been safe because of

Ciara's unearthly ability to control her enemies' minds and actions. But lately a mysterious crow has been appearing to Ciara, whispering warnings of an even darker threat. Although her clansmen dismiss her visions as pagan nonsense, Ciara fears this coming evil will destroy not just Éirinn but the entire world. Then the crow leads Ciara to Leif, a young Northman leader. Leif should be Ciara's enemy, but when Ciara discovers that he, too, shares her prophetic visions, she knows he's something more. Leif is mounting an impressive army, and with Ciara's strength in battle, the two might have a chance to save their world. With evil rising around them, they'll do what it takes to defend the land they love...even if it means making the greatest sacrifice of all.

Glitter Aprilynne Pike, 2018 Outside the palace of Versailles, it's modern day. Inside, the people dress, eat, and act like it's the eighteenth century. The palace has every indulgence, but for one pretty young thing, it's about to become a very beautiful prison. When Danica witnesses an act of murder by the young king, her mother makes a cruel power play...blackmailing the king into making Dani his queen on her eighteenth birthday. That gives Dani six months to escape her terrifying destiny.--Page

**Invictus** Ryan Graudin,2017-09-26 A heart-stopping adventure that defies time and space--New York Times bestselling author Marie Lu calls it an incredibly intricate, brilliantly paced, masterfully written journey. Farway Gaius McCarthy was born outside of time. The son of a time traveler from 2354 AD and a gladiator living in ancient Rome, Far's very existence defies the laws of nature. All he's ever wanted was to explore history for himself, but after failing his entrance exam into the government program, Far will have to settle for a position on the black market-captaining a time-traveling crew to steal valuables from the past. During a routine heist on the sinking Titanic, Far meets a mysterious girl named Eliot who always seems to be one step ahead of him. Eliot has secrets-big ones-that will affect Far's life from beginning to end. Armed with the knowledge that history is not as steady as it seems, she will lead Far and his team on a race through time to set things right before the clock runs out.

**Angels A to Z** Evelyn Dorothy Oliver, James R Lewis, 2008-05-01 Written by two recognized authorities on nontraditional religious movements, this resource is one of the most comprehensive books on angels and related topics currently available. More than 300 entries are included and drawn from multiple religions, such as Christianity, Islam, and Hindu traditions, as well as from pop culture. A variety of angel topics are discussed, including celebrity angels, classifications of angels, obscure angels still waiting for their big break, guardian angels, fallen angels, Anaheim angels, biblical figures associated with angels, angels in art and architecture, and angels in the media and literature. Angels are also discussed in terms of the occult and metaphysics, with entries on UFOs, fairies, and witches. A comprehensive resource section lists movies, books, magazines, and organizations related to angels.

**A Brother's Price** Wen Spencer, 2005-07-05 In a world where male children are rare, a man is a

valuable commodity—to be sold to the highest bidder... It isn't easy being the oldest boy in a house run by women—especially for Jerin Whistler. The grand-matriarchs of his clan are descended from soldiers, spies, and thieves. That's partly what's kept their family alive in the wilderness. But it also means Jerin's doomed to marry the girls next door—a fate he's convinced is worse than death. But Jerin gets in even worse trouble when, in the process of a daring rescue, he falls in love with a royal princess who's as high above his station as it's possible to be. Ren knows that Jerin is too far below her class to be an appropriate match for her and her royal sisters. But then she hears rumors of a long-held Whistler family secret—one that might provide a way for them to finally be together. Unfortunately, she still has four sisters to convince. And that's before Jerin even comes to the capital—where simmering political tensions will threaten not just their love, but all their lives... “Don't plan on getting anything else done if you start a Wen Spencer novel; they are exceedingly hard to put down!”—Nebula Award-Winning Author Catherine Asaro

*COBRA: Rugby* Buichi Terasawa, 2015-06-30 After a long time, Cobra had encountered

Dominique and was asked by her, the Galaxy Patrol to do a job. In exchange, Cobra was guaranteed that they would erase all his criminal records and a reward of two million Galaxy dollars. His job was to infiltrate the Land stadium on Planet Rall by disguising as a player and seizing the evidence of a secret drug route. Rugby was a very dangerous sport that caused many death casualties. The stadium was outside of the jurisdictions of the Galaxy patrol and once you join the team, you cannot escape for one year. The Red Saxons which is the team and its rough players were waiting for Cobra to join the team. COBRA a Japanese comic which was a hit all over the world, now comes in e-book, full color CG edition. \* The series is comprised in 15 volumes (Schedule to be sequentially released). This is volume Fourteen of the COBRA series.

Into the Looking Glass John Ringo, 2005-06-01 WORST TWO OUT OF THREE When a 60 kiloton nuclear explosion destroys the University of Central Florida, terrorism is the first suspect. But terrorists don't generally leave doorways to another world in their wake. Or, rather, a generator of doorways to multiple other worlds. With time of the essence, the Secretary of Defense scrounges up the nearest

physicist with a high level security clearance. With doctorates in everything from nuclear physics to electrical engineering, William Weaver, PhD, is the egghead's egghead. On the other hand, with skills in everything from mountain biking to screaming electric guitar, he's also fast enough and tough enough to survive when the alien gates start disgorging demons. As a snap decision, he appears to be the perfect choice, smart, tough and capable. Now if he could only patch things up with his girlfriend, get his boss off his back and get his cellphone bill paid. Oh, yeah, and figure out why the heck these gates keep opening. Okay, so sometimes he's got priority issues. As the gates spread and evil aliens spread with them, it is up to Weaver and SEAL Command Master Chief Miller to find a way to stop the proliferation and close the hostile gates. The problem being that the only way they can see to save the earth is destroy it. Then there's not going to be any more girlfriends or cellphones or bosses . . .

Hmmm... Okay, two out of three of those are bad. They're really, really bad. Bad on toast. Bad like the Pacific is watery. Every day a Monday, bad. One and a half at the very least. Worst two out of three. Gotta prioritize. Guess Weaver and Miller are just gonna have to save the world. At the publisher's

request, this title is sold without DRM (Digital Rights Management).

*Red Storm Rising* Tom Clancy,1987-07-01 From the author of the Jack Ryan series comes an electrifying #1 New York Times bestseller—a standalone military thriller that envisions World War 3... A chillingly authentic vision of modern war, *Red Storm Rising* is as powerful as it is ambitious. Using the latest advancements in military technology, the world's superpowers battle on land, sea, and air for ultimate global control. It is a story you will never forget. Hard-hitting. Suspenseful. And frighteningly real. “Harrowing...tense...a chilling ring of truth.”—TIME

*Watchbird* Robert Sheckley,2018-03-16 This is a classic science fiction short story by Robert Sheckley, a Hugo and Nebula Award nominated author. The story deals with the subject of artificial intelligence and the questions that arise from allowing them to have the power to decide right from wrong. This work is part of our Vintage Sci-Fi Classics Series, a series in which we are republishing some of the best stories in the genre by some of its most acclaimed authors, such as Isaac Asimov, Marion Zimmer Bradley, and Robert Sheckley. Each publication is complete with a short introduction to

the history of science fiction.

A Fistful Of Sky Nina Kiriki Hoffman, 2004-05-25 Gypsum LaZelle had nearly given up. She'd already watched her two older siblings experience the transition—the sudden, debilitating process that turned them from ordinary children into mages, gifted spellcasters like their beautiful mother. Perhaps she was a late bloomer, she thought until her younger siblings came into their powers as well. Now, at twenty, Gypsum fears that she must accept her fate: a mundane life without magic. She can live with being ordinary, an outsider. After all, someone in the family had to take after her father...But one day, alone at home wither family away, Gypsum falls terribly ill. And when the symptoms pass, something has changed. Something she's dreamed of for such a long time—and suddenly, isn't ready for at all. "One of the most original and important writers of fantasy working in America today."—The New York Review of Science Fiction

She and Her Cat Makoto Shinkai, Naruki Nagakawa, 2022-11-22 For fans of Mieko Kawakami's *Breasts and Eggs* and Murata Sayaka's *Earthlings*, this Japanese bestseller from renowned anime

director Makoto Shinkai features four inspirational and heartwarming vignettes following women and their cats in their quests for love and connection. Lying alone on the edge of the sidewalk in an abandoned cardboard box, a nameless narrator contemplates the indifferent world around him. With his mother long gone, his only company is the sound of the nearby train. Just as he fears that the end is near, a young woman peers down at him, this fateful encounter changing their lives forever. So begins the first story in *She and Her Cat*, a collection of four interrelated, stream-of-conscious short stories in which four women and their feline companions explore the frailty of life, the pain of isolation, and the limits of communication. With clever narration alternating between the cats and their owners, *She and Her Cat* offers a unique and sly commentary on human foibles and our desire for connection. A whimsical short story anthology unlike any other, it effortlessly demonstrates that even in our darkest, most lonesome moments, we are still united to this wonderous world—often in ways we could never have expected.

**Hogfather** Terry Pratchett, 2021-04-22 It's the night before Hogswatch. And it's too quiet.

Superstition makes things work in the Discworld, and undermining it can have consequences. It's just not right to find Death creeping down chimneys and trying to say 'Ho Ho Ho...' It's the last night of the year, the time is turning, and if Susan, gothic governess and Death's granddaughter (sort of), doesn't sort everything out by morning, there won't be a morning. Ever again... Adapted by Terry Pratchett's long-time collaborator Stephen Briggs, this play text version of Pratchett's bestselling Discworld novel *Hogfather* wittily and faithfully reimagines the story for the stage.

**Mobile Suit Gundam** Yoshiyuki Tomino, 2012-04-03 The Gundam creator's own vision of his spectacularly successful cult franchise, in a new edition for hungry fans.

**The Descent** Jeff Long, 1999-11-12 We are not alone. Some call them devils or demons. But they are real. They are down there. And they are waiting for us to find them. In a cave in the Himalayas, a guide discovers a self-mutilated body with a warning: Satan exists. In the Kalahari Desert, a nun unearths evidence of a proto-human species and a deity called Older-than-Old. In Bosnia, something has been feeding upon the dead in a mass grave. So begins mankind's most shocking realization: the

underworld is a vast geological labyrinth populated by another race of beings. With all of Hell's precious resources and territories to be won, a global race ensues. Nations, armies, religions, and industries rush to colonize and exploit the subterranean frontier. A scientific expedition is launched westward to explore beneath the Pacific Ocean floor, both to catalog the riches there and to learn how life could develop in the sunless abyss. But in the dark underground, as humanity falls away from them, the scientists and mercenaries find themselves prey not only to the savage creatures, but also to their own treachery, mutiny, and greed. One thing is certain: Miles inside the earth, evil is very much alive.

**The Old Man in the Corner** Illustrated Baroness Orczy, 2021-05-12 The Old Man in the Corner is an unnamed armchair detective who appears in a series of short stories written by Baroness Orczy. He examines and solves crimes while sitting in the corner of a genteel London tea-room in conversation with a female journalist. He was one of the first of this character-type created in the wake of the huge popularity of the Sherlock Holmes stories. The character's moniker is used as the title of

the collection of the earliest stories featuring the character.
