Chingling Nirmal DeLong,1966

Return to the Middle Kingdom Yuan-tsung Chen,2008 The author chronicles three generations of her late husband's family, all of who fought against the injustices they encountered in their homeland of China.

Madame Chiang Kai-shek and Miss Emma Mills Thomas A. DeLong,2007-02-28 Mayling Soong came to America at the age of 10. Her father, Charlie Soong, a practicing Christian who had spent time in America, was convinced that China's youth would need progressive, Western educations before returning to their homeland to take their places as leaders in the fields of government, education and engineering. The youngest of three daughters, Mayling followed her older siblings to the United States in search of a Western education, eventually entering Wellesley in 1913 at age 16. Here she made numerous friends including classmate Emma DeLong Mills. This lifelong friendship lasted through Mayling's 1927 marriage to General Chiang Kai-shek and his subsequent rise to power. After the undeclared Sino-Japanese war broke out Emma began a series of letters detailing the political climate in the isolationist United States, providing Mayling with invaluable insight into American attitudes regarding China and her Asian neighbors. Beginning with the early days of their friendship in America, the volume describes the identity struggle both women faced following their 1917 graduation from Wellesley. Following Emma's visit to China (and somewhat unwilling return to New York), the friendship continued through their correspondence. Emma's role in the newly organized American Bureau of Medical Aid to China is discussed as are Madame Chiang Kai-shek's international fund-raising efforts on behalf of Chinese war relief. While military and political history is not the focus of the work, it is portrayed as it impacts the friendship, which is the subject of this book.

The China Mirage James Bradley,2015-04-21 Bradley is sharp and rueful, and a voice for a more seasoned, constructive vision of our international relations with East Asia. --Christian Science Monitor James Bradley introduces us to the prominent Americans--including FDR's grandfather, Warren Delano--who in the 1800s made their fortunes in the China opium trade. Meanwhile, American missionaries sought a myth: noble Chinese peasants eager to Westernize. The media propagated this mirage, and FDR believed that supporting Chiang Kai-shek would make China America's best friend in Asia. But Chiang was on his way out and when Mao Zedong instead came to power, Americans were shocked, wondering how we had lost China. From the 1850s to the origins of the Vietnam War, Bradley reveals how American misconceptions about China have distorted our policies and led to the avoidable deaths of millions. The China Mirage dynamically explores the troubled history that still defines U.S.-Chinese relations today.

Chiang Kai-Shek Emily Hahn,2015-10-13 An in-depth biography of the towering 20th-century Chinese military and political figure who led the government, first on the mainland and then in exile in Taiwan, from the acclaimed New Yorker correspondent who lived in China when he was head of state In 1911, 24-year-old Chiang Kai-shek was an obscure Chinese student completing his military training in Japan, the only country in the Far East with a modern army. By 1928, the soldier who no one believed would ever amount to anything had achieved world fame as the leader who broke with Russia and released the newly formed Republic of China from Communist control. Emily Hahn's eye-opening book examines Chiang's friendship with revolutionary Sun Yat-sen and chronicles his marriage to the glamorous, American-educated Soong May-ling, who converted him to Christianity and helped him enact social reforms. As the leader of the Nationalist Party, Chiang led China for over two decades: from 1927 through the Japanese invasion, World War II, and the civil war that ended with a Communist victory in 1949. After defeat, he retreated with his government to Taiwan where he continued to lead as president of the exiled Republic of China until his death in 1975. Famous for forging a new nation out of the chaos of warlordism, he was an Allied leader during the Second World War, only to end up scorned as an unenlightened dictator at the end of his life. Casting a critical eye on Sino-American relations, Hahn sheds new light on this complex leader who was one of the most important global political figures of the last century.

Ching Ling Foo: America's First Chinese Superstar Samuel D. Porteous,2021-05-21 On the eve of the 20th century, Chinese magician Ching Ling Foo, one of the greatest illusionists ever seen on American soil, along with his talented family of musicians and acrobats overcomes deportation attempts, homeland tragedy, crooked managers and a diabolically clever American copycat to make an indelible impact on American culture becoming one of the highest paid and most popular acts in the United States twice. First, between 1898 and 1900 then once more between 1912 and 1915. Foo's story is indeed a magical one but, it is also so much more.

With its focus on the interplay between Chinese and Western culture, celebrity, intercultural teen singing sensations, geopolitics, international intrigue, nativism, and disruptive technology, careful readers will discover Foo may hold many lessons for our own increasingly unruly era.

Civil Society in China Karla W Simon,2013-05-02 This is the definitive book on the legal and fiscal framework for civil society organizations (CSOs) in China from earliest times to the present day. Civil Society in China traces the ways in which laws and regulations have shaped civil society over the 5,000 years of China's history and looks at ways in which social and economic history have affected the legal changes that have occurred over the millennia. This book provides an historical and current analysis of the legal framework for civil society and citizen participation in China, focusing not merely on legal analysis, but also on the ways in which the legal framework influenced and was influenced in turn by social and economic developments. The principal emphasis is on ways in which the Chinese people - as opposed to high-ranking officials or cadres — have been able to play a part in the social and economic development of China through the associations in which they participate. Civil Society in China sums up this rather complex journey through Chinese legal, social, and political history by assessing the ways in which social, economic, and legal system reforms in today's China are bound to have an impact on civil society. The changes that have occurred in China's civil society since the late 1980's and, most especially, since the late 1990's, are nothing short of remarkable. This volume is an essential guide for lawyers and scholars seeking an in depth understanding of social life in China written by one its leading experts.

The Soong Sisters Emily Hahn,2014-04-01 “If the story of the Soong family were told as fiction, people would say it was fascinating but too improbable. . . . A dramatic human chronicle . . . engrossing.” —The New York Times Book Review In the early twentieth century, few women in China were to prove so important to the rise of Chinese nationalism and liberation from tradition as the three extraordinary Soong sisters—Eling, Chingling and Mayling—who would each marry historic figures. Told with wit and verve by New Yorker correspondent Emily Hahn, a remarkable woman in her own right, the biography of the Soong sisters reveals the story of China through both World Wars. It also chronicles the changes to Shanghai as they relate to a very eccentric family that had the courage to speak out against the ruling regime. Greatly influencing the history of modern China, they interacted with their government and military to protect the lives of those who could not be heard, and appealed to the West to support China during the Japanese invasion. “[A] first-rate reportorial job on three distinguished women.” —Kirkus Reviews “A spirited, well-informed book . . . a fascinating saga . . . Hahn skillfully interweaves the personal material which she has collected in abundance with some indispensable background knowledge of Chinese history.” —The Atlantic

Emily Hahn on China Emily Hahn,2018-11-06 Chinese history is brought to vivid life by the “quintessential New Yorker narrator” and author of *The Soong Sisters*, who lived in China from 1935 to 1941 (The New York Times). Chiang Kai-Shek: As the head of the Nationalist Party, Chiang led the Republic of China for over two decades from 1927 through the Japanese invasion, World War II, and the civil war that ended with a Communist victory in 1949. After defeat, he retreated with his government to Taiwan, where he continued to lead as president of the exiled Republic of China. Published in 1955, this in-depth biography by legendary New Yorker writer Emily Hahn examines Chiang’s childhood in southern China, his relationship with revolutionary Sun Yat-Sen, his rise to power, and his battles with the Japanese Imperial Army and Communist forces led by Mao Zedong, as well as chronicling his marriage to the glamorous, American-educated Soong May-ling (the youngest of the influential siblings portrayed in Hahn’s *The Soong Sisters*), who converted her husband to Christianity and helped him enact social reforms. Casting a critical eye on Sino-American relations, Hahn sheds new light on a complex leader, who was one of the most important global political figures of the last century. “[Hahn] writes . . . with an impassioned warmth . . . colorful reading . . . An irreparable past is echoed in the forlorn note sounded here.” —Kirkus Reviews *China Only Yesterday, 1850–1950*: With an insider’s knowledge of Chinese culture and politics, Hahn delivers a sharply observant book that illuminates a century of China’s tumultuous history. Her “absorbing” history begins with the Treaty of Nanking, which gave Western powers access to five of China’s eastern ports, and covers the British colonization of Hong Kong, the rise of the tea trade, the Opium Wars, the arrival of Christian missionaries, the Boxer Rebellion, the revolutionary movement led by Sun Yat-Sen, the overthrow of the Ch’ing Dynasty, the escalating tensions between the Communist and Nationalist parties, and the Japanese invasion on the eve of World War II—which Hahn experienced firsthand (Kirkus Reviews). The final chapters cover the civil war, which ended with Chairman Mao’s formation of the People’s Republic of China and Chiang Kai-shek’s retreat to Taiwan. “[An] observant, satisfying book.” —Kirkus Reviews

Big Sister, Little Sister, Red Sister Jung Chang,2019 The most famous sisters in China, the three Soong sisters from Shanghai were at the center of power during a time of wars, revolutions and seismic transformations. Red Sister, Ching-ling married Sun Yat-sen; Little Sister, May-ling, became Madame Chiang Kai-shek; Big Sister, Ei-Ling, became Chiang's unofficial main adviser, and made herself one of China's richest women.

Tombs and Transnational History in Greater China Gotelind Müller,2022-08-09 This collection of case studies is concerned with tombs that testify to transnational history. Special attention is given to tombs of Westerners and Russians still extant in Greater China, but also to those of some noted Chinese who were involved in transnational history during the 20th century. Tombs have a special potential to cast familiar things in a new light. They also provide the possibility to counter-check received narratives which might have been tailored along certain vested interests and circulated with specific target groups in mind. Gotelind Müller is Professor of Chinese Studies at the University of Heidelberg.
