We Don't Know Ourselves: A Personal History of Modern Ireland Fintan O'Toole,2022-03-15 “[L]ike reading a great tragicomic Irish novel.” —James Wood, *The New Yorker* “Masterful . . . astonishing.” —Cullen Murphy, *The Atlantic* A landmark history . . . Leavened by the brilliance of O'Toole's insights and wit.” —Claire Messud, *Harper's Winner • 2021 An Post Irish Book Award — Nonfiction Book of the Year •* from the judges: “The most remarkable Irish nonfiction book I’ve read in the last 10 years”; “[A] book for the ages.” A celebrated Irish writer’s magisterial, brilliantly insightful chronicle of the wrenching transformations that dragged his homeland into the modern world. Fintan O’Toole was born in the year the revolution began. It was 1958, and the Irish government—in despair, because all the young people were leaving—opened the country to foreign investment and popular culture. So began a decades-long, ongoing experiment with Irish national identity. In *We Don’t Know Ourselves*, O’Toole, one of the Anglophone world’s most consummate stylists, weaves his own experiences into Irish social, cultural, and economic change, showing how Ireland, in just one lifetime, has gone from a reactionary “backwater” to an almost totally open society—perhaps the most astonishing national transformation in modern history. Born to a working-class family in the Dublin suburbs, O’Toole served as an altar boy and attended a Christian Brothers school, much as his forebears did. He was enthralled by American Westerns suddenly appearing on Irish television, which were not that far from his own experience, given that Ireland’s main export was beef and it was still not unknown for herds of cattle to clatter down Dublin’s streets. Yet the Westerns were a sign of what was to come. O’Toole narrates the once unthinkable collapse of the all-powerful Catholic Church, brought down by scandal and by the activism of ordinary Irish, women in particular. He relates the horrific violence of the Troubles in Northern Ireland, which led most Irish to reject violent nationalism. In O’Toole’s telling, America became a lodestar, from John F. Kennedy’s 1963 visit, when the soon-to-be martyred American president was welcomed as a native son, to the emergence of the Irish technology sector in the late 1990s, driven by American corporations, which set Ireland on the path toward particular disaster during the 2008 financial crisis. A remarkably compassionate yet exacting observer, O’Toole in coruscating prose captures the peculiar Irish habit of “deliberate unknowing,” which allowed myths of national greatness to persist even as the foundations were crumbling. Forty years in the making, *We Don’t Know Ourselves* is a landmark work, a memoir and a national history that ultimately reveals how the two modes are entwined for all of us.

The Last Hand Eric Wright,2002-02-14 Charlie Salter, Staff Inspector with the Toronto police, is Eric Wright's best-known and most loved character. Over the years, Salter has made a name for himself with his cunning detective skills and his determination to get the job done. However, Salter's days with the force appear to be numbered. He has recently turned sixty and is starting to realize that he isn't as young as he used to be. Tasks that used to be easy are now more difficult and he is convinced that his family is watching his every move. On top of that, there's Salter's career to consider. He hasn't handled a case in months and realizes that he has slowly become an office clerk. He may be down, but he's definitely not out. A recent murder that has the police stumped is the perfect opportunity for Salter to prove that he is still up to the job. When a well-known and respected lawyer is stabbed to death in his home and the prime suspect, a hooker last seen near the apartment, disappears, the heat is on the police. They aren't having any luck and things get more tense when the victim's sister, a Member of Provisional Parliament and a potential candidate for Attorney General, becomes involved. That is when Lieutenant Marinelli of Homicide is only too happy to throw the case to Salter. Knowing that the tenderloin district has already been thoroughly searched, Salter believes the hooker will be found much closer to the lawyer's home. The trail takes him into a large poker game organized by the city's top lawyers. Is this a smart move for someone on the verge of retirement? Will he find what he is looking for or only damage his legacy with the force? *The Last Hand* combines suspense with the wry humor that marks Wright's stories and is an outstanding culmination to the series.

Come An' Get It Ramon F. Adams,1972-05-01 Come an’ Get It was the most familiar and welcome call on the range era of the great trail drives following the Civil War. In this entertaining volume, Ramon F. Adams, author of the popular *Western Words*, tell the story of the old cowboy cooks, and the result is another highly original contribution to the folklore of the cattle country. Although the cowboy cleared the Southwestern frontier of savage Indians and opened the land for settlement, the cook and his commissary contributed greatly to the success of the operation; for as an army depends upon its mess-kitchens, so the cowboys depended upon the chuck wagon. Without it, there would have been no trail drives to rescue Texas from bankruptcy following the Civil War, no roundups to speed the development of the cattle industry, and no beef for the heavily populated areas of the United States. The author records the place and influence of the range cook upon Western life. He discusses the functions of “coosie,” the food he served, and his methods of preparing it-giving recipes for sourdough biscuits, fluff-duffs, son-of-a-bitch stew, and other distinctive dishes of the range. He describes, too, “the wagon,” its evolution, and its place in the hearts of the men who called it home. Although there remain a few chuck wagons on the larger ranches today, they have become so scarce that one is rarely seen except in a museum or a rodeo parade, and the younger generation of cooks, like the cowboys themselves has been tamed. Every cook was a “character,” perhaps with reason, for no man ever worked under greater difficulties or with fewer conveniences. Anecdotes and incidents which illuminate the idiosyncrasies of these “Sultans of the Skillets” are recounted with gusto. Nick Eggenhofer’s drawings help Mr. Adams bring the cook and his accoutrement vividly to life.

Nightshade Tom Henighan,2010-08-02 Short-listed for the 2011 Shamus Awards *Deadly nightshade* – the poison plant par excellence – and in historic Quebec City at an important scientific conference concerning the genetic manipulation of trees it means murder! Police, RCMP, and a mysterious FBI agent from Washington converge on the scene. But the sharpest eye belongs to Sam Montcalm, a despised bedroom snooper from Ottawa whose primary concern is to clear a First Nations activist of the crime. Sam is middle-aged, tough, and sophisticated, yet he’s also a lone wolf

who feels displaced nearly everywhere, and his relations with his colleagues, the police – and with women – are always complicated. You’re a psychic wound without a health card, a friend comments The story moves to its surprising climax as Montcalm follows the trail of murder back to Canada’s capital and into the Gatineau Hills, his deep sense of cynicism about human nature confirmed as he closes in on the killer and struggles to come to terms with himself.

Canon of The Non-Sacred Writings Richard K. Tobin,2017-11-20 As Holmesians are aware, the literary works of Sir Arthur Conan Doyle are referred to as the Canon of the Sacred Writings. The title of this collection of short stories reflects my desire to belong to the extensive list of authors and fans that want to grow the literary and entertainment history of Sherlock Holmes. In the five short stories, readers will note Holmes' continued mastery of forensic science and logical reasoning as the cornerstones of resolving the thorny issues presented. Holmes' analysis and deductions are the centerpieces of the stories that form this collection. I hope you enjoy your time with Sherlock.

6000 Miles of Fence Cordia Sloan Duke,Joe B. Frantz,2010-06-28 The fabulous XIT Ranch has been celebrated in song, story, and serious history. This book of reminiscences of old XIT cowmen puts on record the everyday life of the individuals who made the ranch run. Their forthright, yet picturesque, discussion of ranching hardships and dangers dissipates Hollywood and TV glamorizing. They relate in honest cowboy language what actually happened inside the XIT's 6,000 miles of fence. Cordia Sloan Duke, wife of an XIT division manager, Robert L. Duke, many years ago realized that only those who had experienced ranch life could depict it with deep understanding. As the young wife of a rising young ranch hand, she kept in her apron pocket a notebook and pencil, recording all manner of interesting details as they caught her attention. This diary was the nucleus for the present book. Conceiving of an account of life on the XIT as presented by XIT cowboys, Mrs. Duke set about drawing from reticent, sometimes reluctant, ranch hands the impressions of the XIT (occasionally written down by their more literate wives or daughters) which they had retained through the years. Cordia Sloan Duke and Joe B. Frantz have organized the reminiscences around key aspects of ranch life, retaining the language of the cow hands.

Her childhood obsession with the old farmhouse resurfaces, and at the same time she discovers she is pregnant. Feeling unable to cope on her own, she vows to have an abortion. A confrontation at the farmhouse and a threatened miscarriage bring things to a head. When the farmhouse burns to the ground she finds herself forced to confront events in both the recent and more distant past.

The Old-Time Cowhand Ramon Frederick Adams,1989-01-01 The American cowboy emerges from these pages as a recognizable human being with little resemblance to the picturesque inventions of the horse opera. Ramon F. Adams, a highly respected authority on the old West, talks straight about what the cowhand really did and thought. His cow-punching, broncobusting, trail driving; his rodeo riding, poker playing, socializing; his horse, guns, rope, clothing, sleeping bag; his eating and drinking habits; his attitude toward God, women, bosses; his unwritten code of conduct—everything about this vanished breed is told with absorbing authenticity, in the rich and varied lingo of the range.

That's Gross! Crispin Boyer,2012 Fun, fun and more fun oozes from the covers of That's Gross!, a perfect book for reading by torchlight under the covers or bathroom reader. Just don't tell them how much real science and history they're learning.

But when her wild auntie prods her toward a Celtic music festival on the other side of the continent, Charlie’s more than ready to go—even though trouble will surely follow. The rocky coasts of Nova Scotia have attracted more than just ceilidh lovers. Someone is stealing sealskins from the area’s selkies, demanding they support an oil well scheduled to drill next to a seal rockery. Vile tricks and chaotic magic await around every corner, and the people who should be her allies are the most confusing of all. All Charlie can do is chase down answers wherever they lead. Because some challenges are meant only for the wild...

Practically Perfect Dale Brawn,2013-07-06 Twisted tales of killers who almost got away with perfect murders. A man murders the first four infants he fathers with his lover, then tries again with a fifth. Two men have three things in common: each commits what seems like a perfect murder, each marries his victim’s wife far too soon, each has an overdue appointment with the gallows. A man cuts up the body of his victim into little pieces and gets away with the crime until he slaughters another neighbour six years later. Practically Perfect details the crimes of killers who very nearly got away with perfect murders, including the tale of Marie Beaulne, who laced her husband’s food with poison, only to be found out when a priest recalled someone else dying that way in his village. Each tale provides specific details on the planning of each murder, the events leading up to the discovery of the criminal, and the results of the trial, usually resulting in an execution.
