📖 The Boy and the Bird Hardik Bhatt, The story dealt with the twists arising out of rising age, maturity and growing practicality in our society. Many a times in our life we come across incidences or to put it better situations where we are put into dilemma of whether to think practically or emotionally. In today’s IT innovation age we are more leaned towards being pragmatic to attain material gains and that is all that matters for us. But we don’t realize what we lose in that process. This story is to make you realize what we lose by thinking pragmatic each time and why to think emotionally at the moments needed is a good option. I would in turn like to have honest feedback on story, the writing and overall reading experience you have.

A place no bird would ever want to visit. On a secret mission, the doves are taken hostage by a villainous stork whose dark plan is to rule the bird-world. Danger lurks in every corner of the caves the doves are imprisoned in, and they wonder whom they can trust? The talkative green pigeon, the mesmerizing whistling thrush or the magnificent golden eagle? The feather-raising adventure ends finally in a story the doves dub as ‘the story of all stories’--one that deeply affects Shikar and alters his notions of himself, his past and his origins.
