How to Train a Wild Elephant Jan Chosen Bays,2011-07-12 A growing body of research is showing that mindfulness can reduce stress, improve physical health, and improve one's overall quality of life. Jan Chosen Bays, MD—physician and Zen teacher—has developed a series of simple practices to help us cultivate mindfulness as we go about our ordinary, daily lives. Exercises include: taking three deep breaths before answering the phone, noticing and adjusting your posture throughout the day, eating mindfully, and leaving no trace of yourself after using the kitchen or bathroom. Each exercise is presented with tips on how to remind yourself and a short life lesson connected with it.

The Vow-Powered Life Jan Chosen Bays,2016-01-19 A vow is like a GPS system for your life. When taken on mindfully it can be a source of surprising wisdom and powerful energy, enabling you to accomplish things you never dreamed possible. It can have profound effects even beyond the original intention—and it can even live on after you're gone. A vow can be as small as the aspiration to smile at someone at least once every day, or it can be as big as marriage; it can be as personal as deciding to be mindful whenever you pick up the phone, or it can be as universal as a commitment to save all sentient beings. But whatever its inspiration, when it's done with conscious intention a vow becomes a conduit for the energy of your life. In this guide to the vow-directed life, Jan Chosen Bays provides a wealth of practical exercises to use for formulating and implementing vows of your own and for using them to navigate your life with honesty and compassion.

Jizo Bodhisattva Jan Chosen Bays,2003-11-11 Jizo is an important bodhisattva or saint of the Mahayana Buddhist tradition. Most prominent today in Japanese Zen, Jizo is understood to be the protector of those journeying through the physical and spiritual realms. This bodhisattva is closely associated with children, believed to be their guardian before birth, throughout childhood, and after death. Here, an American Zen master offers an engaging and informative overview of the history of this important figure and conveys the practices and rituals connected with him, including a simple ceremony for remembering children who have died. Inspired by her own personal experience with Jizo practice, Bays explains how the Buddhist teachings on Jizo can bring peace to those confronted with suffering and loss.
