Chrono Cross the Radical Dreamers Edition Game Guide Rita Ken,2022-04-17 Chrono Cross is a story about a boy named Serge. Unlike other Chrono games about time travel, this one is mostly about alternate dimensions. One of the key story elements of Chrono Cross is traveling between two alternating dimensions. Presumably these are the same worlds, with the same inhabitants, but because each dimension works differently, things turn out differently. This builds on themes of how one's past choices shape their present and how some seemingly small differences can have a huge butterfly effect. Like its predecessor, the present can be changed by actions taken in the past, and some decisions in one dimension can be transferred to another. It's an interesting idea that doesn't get explored very often, and adds a welcome layer of complexity to the story. Elements play an important role in Chrono Cross battle strategy. Each character is assigned an innate elemental preference, represented by one of six colors. Each enemy also has its own innate element, so creating groups and assigning elements based on elemental abilities can make a huge difference in boss fights. If you're fighting a boss whose native color is blue, it can be beneficial to equip lots of red items. The disadvantage is that the red team members deal more damage to the blue elemental attacks. In addition to balancing the elements with their opponents, the elements also have base levels. Attacking with stronger elements requires more manipulation to make them usable. Many elements can be equipped above or below their base level, enhancing or weakening them accordingly. Each element can only be used once per battle. Combat is a traditional turn-based event common in JRPGs, but with innovative twists. Characters start with seven action points that can be used for multiple attacks with different hit chances and damage potential. Basic attacks can charge up elemental attacks and can be used like spells. Ordinary combat doesn't give experience, so there's no level grinding in the traditional sense. Teams earn stars after defeating bosses, and the following battles will grant small stat bonuses to active characters. Combat earns gold and crafting materials, but the animation of everything makes combat very slow. This is where options to turn off enemy encounters or speed up the game come in handy.

The Slavery of Death Richard Beck,2013-12-23 According to Hebrews, the Son of God appeared to break the power of him who holds the power of death--that is, the devil--and free those who all their lives were held in slavery by their fear of death. What does it mean to be enslaved, all our lives, to the fear of death? And why is this fear described as the power of the devil? And most importantly, how are we--as individuals and as faith communities--to be set free from this slavery to death?In another creative interdisciplinary fusion, Richard Beck blends Eastern Orthodox perspectives, biblical text, existential psychology, and contemporary theology to describe our slavery to the fear of death, a slavery rooted in the basic anxieties of self-preservation and the neurotic anxieties at the root of our self-esteem. Driven by anxiety--enslaved to the fear of death--we are revealed to be morally and spiritually vulnerable as the sting of death is sin. Beck argues that in the face of this predicament, resurrection is experienced as liberation from the slavery of death in the martyrological, eccentric, cruciform, and communal capacity to overcome fear in living fully and sacrificially for others.

Más allá del Tiempo Mariela González,2015-11-01 Chrono Trigger es un videojuego que ha sabido dejar su impronta y enfrentarse a los peligros del paso del tiempo, como su protagonista, pero también a mucho más: al cambio de generación y mentalidad, a las barreras del idioma, a versiones diferentes y en ocasiones controvertidas. Todo ello sin perder ni por un momento el cariño incondicional de los fans. Su sucesor, Chrono Cross, recogió la historia y asumió el reto de labrarse su propia personalidad, utilizando la misma semilla pero extendiendo sus raíces en diferentes terrenos. También este segundo título ha crecido con los años en reconocimiento y ha marcado un camino muy valioso para otros JRPG. Algo tiene que haber en este universo capaz de perdurar y conectar veinte años después con los jugadores, y sin duda merece la pena montarse en el Epoch y lanzarse a explorarlo. En Más Allá del Tiempo Mariela González propone un viaje por el contexto de la serie, sus características más notorias y su repercusión en el género, incluyendo un reportaje fotográfico de una de las colecciones de merchandising más completas del mundo y entrevistas con dos de los miembros más relevantes en su desarrollo: el director Masato Kato y el compositor Yasunori Mitsuda.

community in the rural Midwest. It sounded like a simple and faithful way to follow Jesus, not to mention a great place to raise kids. In Mystics and Misfits, Peterson discovers that community life is never really simple and that she needs resources beyond her own to weather the anxiety and exhaustion of trying to save a dying farm and a floundering congregation. She turns to Christian mystics like Francis of Assisi, Simone Weil, and Dorothy Day to find sustenance for the everyday struggles and unique hardships of community life. With a contemplative’s spirit and poet’s eye, Peterson leads readers into an encounter with the God of the wild mystics and the weird misfits.

According to Mr. Krassa, Father Alfredo Pellegrino Ernetti, born in 1926 and who died mysteriously in 1996, developed the apparatus over a period of 40 years. Ernetti, a professor of Archaic Music, was obsessed with the notion of finding out what an Old Roman opera, Thyestes, sounded like when played with musical instruments of that period.
