Transcentury Church of the Transfiguration (Cranston, R.I.),David C. Stineback,1993*

The Church of the Transfiguration Community of Jesus (Orleans, Mass.),2013 The Church of the Transfiguration is a contemporary expression of fourth-century basilican architecture. The more than 200 photographs in this book reveal the church's extensive art program: a rich blend of mosaics, frescoes, and sculpted bronze, glass, and stone. This building is the liturgical home of the Community of Jesus, an ecumenical Christian community in the Benedictine monastic tradition that has resided on the shores of Cape Cod, Massachusetts, for over forty years. The church stands as a visible sign of God's saving action in redeeming humanity, points to the coming of Christ in glory, and gives testimony to the power of beauty to heal. The Church of the Transfiguration is also the story of lives that were shaped by planning and building this church and the rhythm of the daily prayer life that takes place within its walls. The building and people together are one community's attempt to glorify God through worship, hospitality, a common life, and the creative arts.

Community of the Transfiguration Paul R Dekar,2008-08-28 In the 1930s, German theologian Dietrich Bonhoeffer anticipated the restoration of the Church after the coming Second World War through a new kind of monasticism, a way of life of uncompromising adherence to the Sermon on the Mount in imitation of Christ. Since then, the renewal of Christian monasticism has become a great spiritual movement. Imbued with a love for God and neighbour, and with a healthy self-love, people are going to monasteries to deepen their relationship with God, to pray, and to find peace. While some monastic institutions are suffering a decline in traditional vocations, many Christians are exploring monastic lifestyles. This book introduces The Community of the Transfiguration in Australia, the story of a new monastic community and an inspiring source of hope for the world at another time of spiritual, social, and ecological crisis.

Metamorphosis Andreas Andreopoulos,2005 This book taps the vein of the blending of theology and art in the Middle Ages, in particular, the evolution of the imagery and theology surrounding the Transfiguration Of Christ. In this well-researched volume, Andreas Andreopoulos discusses in detail every philosophical and ritual application of the Transfiguration icon - the mountain, the cloud, the mandorla, the positioning of the apostles, the Old Testament prophets, and the image of Christ himself - taking the reader through an illustrated historical journey. The author simplifies the complex relationship between the dogma of the church fathers and Byzantine art and makes it understandable to a non-specialist audience. Nevertheless, theologians, historians, and art historians alike will appreciate the interdisciplinary value of this clearly presented documentation. Andreopoulos's expert use of patristic texts and Jewish sources, as well as the New Testament and apocryphal writings and pagan sources, elucidates the development of art and doctrine that surround this scriptural epiphany.--BOOK JACKET.

The Glory of God and the Transfiguration of Christ Arthur Michael Ramsey,2009-06-01

This is My Beloved Son Andreas Andreopoulos,2012-03-01 This misunderstood moment—is essential to what it means to be Christian The Transfiguration of Christ is one of the most impressive and mysterious miracles of Christ, and yet one of the least known and understood biblical events. Yet, it spawned a long tradition of spiritual ascent and contemplative prayer. This book examines the Transfiguration in the context of the Gospel, Christian spirituality, and the traditions of the church. Andreopoulos explains the Transfiguration—the revelation of the full divinity of Christ in front of his disciples—as a continuous event. He also explains threads that are common in the event of the Transfiguration and in other parts of the gospels, such as the voice of the Father heard first at John's baptism of Jesus. This Is My Beloved is a book that bridges East and West in its pursuit of understanding the power and meaning of what transfiguration meant then, and now.

Maximus the Confessor Paul M. Blowers,2016 This study contextualizes the achievement of a strategically crucial figure in Byzantium's turbulent seventh century, the monk and theologian Maximus the Confessor (580-662). Building on newer biographical research and a growing international body of scholarship, as well as on fresh examination of his diverse literary corpus, Paul Blowers develops a profile integrating the two principal initiatives of Maximus's career: first, his reinterpretation of the christocentric economy of creation and salvation as a framework for expounding the spiritual and ascetical life of monastic and non-monastic Christians; and second, his intensifying public involvement in the last phase of the ancient christological debates, the monothelete controversy, wherein Maximus helped lead an East-West coalition against Byzantine imperial attempts doctrinally to limit Jesus Christ to a single (divine) activity and will devoid of properly human volition. Blowers identifies what he terms Maximus's cosmo-politeian worldview, a contemplative and ascetical vision of the participation of all created beings in the novel politeia, or reordered existence, inaugurated by Christ's new theandric energy. Maximus ultimately insinuated his teaching on the christoformity and cruciformity of the human vocation with his rigorous explication of the precise constitution of Christ's own composite person. In outlining this cosmo-politeian theory, Blowers additionally sets forth a theo-dramatic reading of Maximus, inspired by Hans Urs von Balthasar, which depicts the motion of creation and history according to the christocentric plot or interplay of divine and creaturely freedoms. Blowers also amplifies how Maximus's cumulative achievement challenged imperial ideology in the seventh century-- the repercussions of which cost him his life -- and how it generated multiple recontextualizations in the later history of theology.
