

Circus

Zhe Xu

The Night Circus Erin Morgenstern, 2011-09-13 #1 NATIONAL BESTSELLER • Two starcrossed magicians engage in a deadly game of cunning in the spellbinding novel that captured the world's imagination. • Part love story, part fable ... defies both genres and expectations. —The Boston Globe The circus arrives without warning. No announcements precede it. It is simply there, when yesterday it was not. Within the black-and-white striped canvas tents is an utterly unique experience full of breathtaking amazements. It is called Le Cirque des Rêves, and it is only open at night. But behind the scenes, a fierce competition is underway: a duel between two young magicians, Celia and Marco, who have been trained since childhood expressly for this purpose by their mercurial instructors. Unbeknownst to them both, this is a game in which only one can be left standing. Despite the high stakes, Celia and Marco soon tumble headfirst into love, setting off a domino effect of dangerous consequences, and leaving the lives of everyone, from the performers to the patrons, hanging in the balance.

The Many Worlds of Circus Robert Sugarman, 2009-05-27 Acrobats and manipulators of objects, trained animals, and clowns – have been performing throughout history. In the eighteenth century, the invention of the circus ring provided a focus for the activities, and the modern circus was born. Once the circus was the most spectacular entertainment many Americans saw. When the supply of cheap labor disappeared and other forms of entertainment became available, the giant circuses shrank, and in the last quarter of the twentieth century new one ring circuses returned. The Circus and Circus Culture area of the Popular Culture Association has been examining circus history, circus life, the relationship of circus to society, and the impact of circus on the visual and literary arts since 1997. This book is a collection of papers from its annual conferences. This fascinating collection showcases the transnational richness and cultural depth of the circus in an array of historical and contemporary settings. Strongly recommended for circus enthusiasts and students of popular culture, history, and theater. —Janet M. Davis, Associate Professor, Chair of the Department of American Studies, College of Liberal Arts at UT Austin, author of *The Circus Age: Culture and Society under the American Big Top*

Step Right Up! LaVahn G. Hoh, William H. Rough, 1990 Describes all aspects of the circus and the evolution of every act from its beginnings to today's performances. With more than 300 photographs.

Fall of the Big Top David Lewis Hammarstrom, 2016-04-25 Once an eagerly awaited spectacle, the traveling circus—that miracle of red wagons, trumpeting elephants and spangled trapeze artists that slipped into town at dawn and disappeared by midnight—has all but vanished from the American landscape. This work explores circus history from 1793 to the present and addresses the forces of modern culture (such as the popularity of Cirque du Soleil, and pressure from the animal rights movement) that are pushing big top shows toward what the author calls “circus ballet.” Numerous photographs and in-depth interviews conducted with show owners, performers and directors enrich the narrative. Overall, the book reveals a sobering contrast between circuses of yesterday and today, even as it honors the outstanding performers who created, and have sustained, the enduring appeal of the circus.

The Big Top on the Big Screen Teresa Cutler-Broyles, 2020-01-10 Circuses and film are a natural pairing, and the new essays making up this volume begin the exploration of how these two forms of entertainment have often worked together to create a spectacle of onscreen alchemy. The films discussed herein are an eclectic group, ranging from early silent comedies to animated, 21st century examples, in which circuses serve as liminal or carnivalesque spaces wherein characters—and by extension audience members—can confront issues as far-reaching as labor relations, sensuality, identity, ethics, and more. The circus as discussed in these essays encompasses the big top, the midway, the sideshow and the freak show; it becomes backdrop, character, catalyst and setting; and it is welcoming, malicious or terrifying. Circus performers are family, friends, foe or all of the above. And film is the medium that brings it all together. This volume starts the conversation about how circuses and film can combine to form productive, exciting spaces where almost anything can happen.

Here We are Again Robert Edmund Sherwood, 1926

The Greatest Shows on Earth Linda Simon, 2014-11-12 “Step right up!” and buy a ticket to the Greatest Show on Earth—the Big Top, containing death-defying stunts, dancing bears, roaring tigers, and trumpeting elephants. The circus has always been home to the dazzling and the exotic, the improbable and the impossible—a place of myth and romance, of reinvention, rebirth, second acts, and new identities. Asking why we long to soar on flying trapezes, ride bareback on spangled horses, and parade through the streets in costumes of glitter and gold, this captivating book illuminates the history of the circus and the claim it has on the imaginations of artists, writers, and people around the world. Traveling back to the circus's early days, Linda Simon takes us to eighteenth-century hippodromes in Great Britain and intimate one-ring circuses in nineteenth-century Paris, where Toulouse-Lautrec and Picasso became enchanted with aerialists and clowns. She introduces us to P. T. Barnum, James Bailey, and the enterprising Ringling Brothers and reveals how they created the golden age of American circuses. Moving forward to the whimsical Circus Oz in Australia and to New York City's Big Apple Circus and the grand spectacle of Cirque du Soleil, she shows how the circus has transformed in recent years. At the center of the story are the people—trick riders and tightrope walkers, sword swallows and animal trainers, contortionists and clowns—that created the sensational, raucous, and sometimes titillating world of the circus. Beautifully illustrated and filled with rich historical detail and colorful anecdotes, *The Greatest Shows on Earth* is a vibrant history for all those who have ever dreamed of running away to the circus.

Contortionists and Cannons Marc Tyler Nobleman, 2010 Describes how circuses got their start and what is happening under the big top today.

Circus Songs William Emmett Studwell, Charles P. Conrad, Bruce R. Schueneman, 1999 Circus Songs: An Annotated Anthology provides musicians and librarians with the scores of 100 circus songs along with brief historical annotations. You will also discover the history of American circus music as well as some background on circus musicians that will delight and enchant even the most avid music buff. Circus Songs provides you with an appreciation of the role of circus music in American culture and preserves these songs for future generations to enjoy.

Circus Linda Granfield, 1997 Acclaimed writer Linda Granfield takes readers behind the scenes of the Big Top, revealing plenty of hard work and tradition Cf. *Our choice*, 1998-1999

The Big Tent Gregory J. Renoff, 2012-11-01 For many people, the circus, with its clowns, exotic beasts, and other colorful iconography, is lighthearted entertainment. Yet for Greg Renoff and other scholars, the circus and its social context also provide a richly suggestive repository of changing attitudes about race, class, religion, and consumerism. In the South during the nineteenth and early twentieth centuries, traveling circuses fostered social spaces where people of all classes and colors could grapple with the region's upheavals. The Big Tent relates the circus experience from the perspectives of its diverse audiences, telling what locals might have seen and done while the show was in town. Renoff digs deeper, too. He points out, for instance, that the performances of these itinerant outfits in Jim Crow-era Georgia allowed boisterous, unrestrained interaction between blacks and whites on show lots and on city streets on Circus Day. Renoff also looks at encounters between southerners and the largely northern population of circus owners, promoters, and performers, who were frequently accused of inciting public disorder and purveying lowbrow prurience, in part due to residual anger over the Civil War. By recasting itself as a showcase of athleticism, equestrian skill, and God's wondrous animal creations, the circus appeased community leaders, many of whose businesses prospered during circus visits. Ranging across a changing social, cultural, and economic landscape, *The Big Tent* tells a new history of what happened when the circus came to town, from the time it traveled by wagon and river barge through its heyday during the railroad era and into its initial decline in the age of the automobile and mass

consumerism.

Ringlingville USA Jerry Apps,2013-01-07 The Ringling Brothers began their business under the most modest of circumstances and through hard work, business savvy, and some luck created the largest, most famous circus in the world. They became wealthy men, one 50 cent admission ticket at a time. Ringlingville USA chronicles the brothers' journey from immigrant poverty to enduring glory as the kings of the circus world. The Ringlings and their circus were last studied in depth over four decades ago. Now, for the first time, the brothers' detailed financial records and personal correspondence are available to researchers. Jerry Apps weaves together that information with newspaper accounts, oral histories, colorful anecdotes, and stunning circus ephemera and photos, many never before published, to illuminate the importance of the Ringlings' accomplishments. He describes how the Ringling Brothers confronted the challenges of taxation, war, economic pressure, changing technology, and personal sorrows to find their place in history. The brothers emerge as complex characters whose ambition, imagination, and pure hucksterism fueled the phenomenon that was the Ringling Brothers' Circus.

Circus Thematic Unit Daphne Ransom,2002-02

Big Apple Circus Dominique Jando,2003 The Big Apple Circus is one of the world's most celebrated circuses. Hundreds of thousands of fans fill the seats of its one-ring tent every year; they can see and smell and almost touch the sawdust, the trained animals, and the daring and frequently hila

The American Circus Wilton Eckley,1984

Rey [book]--Spot goes to the circus/Eric Hill [book]--Circus numbers/Rodney Peppe [book]--The circus/Brian Wildsmith [book]--The world's greatest elephant/Ralph Helfer [book]--All about the circus [DVD]--A day at the circus [DVD]--3 wooden puzzles [toy].

Women of the American Circus, 1880-1940 Katherine H. Adams,Michael L. Keene,2012-11-01 During the years 1880 to 1940, the glory days of the American circus, a third to a half of the cast members were women--a large group of very visible American workers whose story needs telling. This book, using sources such as diaries, autobiographies, newspaper accounts, films, posters, and route books, first considers the popular media's presentation of these performers as unnatural and scandalous--as well as romantic and thrilling. Next are the stories told by circus women, which contradict and complicate other versions of their lives. Across America in those years an array of acts featured women, such as tableaux, freak shows, girly shows, tiger acts, and aerial performances, all involving special skills and all detailed here. The book offers a unique and fascinating view of not just the circus but of what it meant to be an American woman at work.

Under the Big Top Bruce Feiler,2009-10-13 Both a great American adventure and a rare entry into asheltered world, Under the Big Top describes one man's pursuit of every child's fantasy: running away to join the circus. Bruce Feiler's unforgettable year as a clown will forever change your view of one of the world's oldest art forms and remind you of how dreams can go horribly wrong -- and then miraculously come true.

Circus Esse O'Brien (Forrester),1959

This book delves into Circus. Circus is a vital topic that needs to be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Circus, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Circus
 - Chapter 2: Essential Elements of Circus
 - Chapter 3: Circus in Everyday Life
 - Chapter 4: Circus in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, the author will provide an overview of Circus. The first chapter will explore what Circus is, why Circus is vital, and how to effectively learn about Circus.
3. In chapter 2, this book will delve into the foundational concepts of Circus. The second chapter will elucidate the essential principles that must be understood to grasp Circus in its entirety.
4. In chapter 3, the author will examine the practical applications of Circus in daily life. This chapter will showcase real-world examples of how Circus can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Circus in specific contexts. This chapter will explore how Circus is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Circus. The final chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Circus.

Circus Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Circus PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Circus PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make

these resources available. In conclusion, the availability of Circus free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Circus Books

1. Where can I buy Circus books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Circus book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Circus books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections.
