The Disneylands That Never Were Shaun Finnie, 2006-08-01 In 1955 Walt Disney presented the world's first theme park. Disneyland opened with just 18 rides and attractions. Today there are eleven Disney parks around the globe. Visitors can spend weeks at a time in these resorts, often staying in one of Disney's own hotel rooms. But in the last fifty years the Disney Imagineers have designed thousands of rides, attractions, hotels, and even entire theme parks that have never been built. Many of these concepts have remained hidden in the company's private archive for decades. until now. *The Disneylands That Never Were* documents the biggest, best and most outrageous of these abandoned plans. It details everything from Walt Disney's initial ideas for Mickey Mouse Park to his planned ski resort in California. From small developments like The Disney Hotel in New York's Times Square to the huge Port Disney concept, over five decades of dreams are brought to life in *The Disneylands That Never Were*.

THE ADVENTURES OF DIGGLEDY DAN - A children's story of the circus EDWIN P. NORWOOD, 2020-09-29 Have you ever been to a circus where the seal plays the bass drum, the monkey plays the violin, the elephant plays the cello and the kangaroo plays the bassoon! Well, at least the camel doesn't play the didgeridoo – or does he?. This is a circus where the ring master is a tiger and the lion-tamer is, well, a lion! Well you'll get all this and more at the Spangleland Circus in "The Adventures of Diggeldy Dan." Too-Bo-Tan sends a speaking messenger bird to Diggeldy Dan the clown. The bird tells him that after the circus is over and everyone has gone home and the circus folk are in their tents and caravans, that after dinner they will all fall asleep – except for Diggeldy Dan, who must hide in the round white tent that stands in the center of all the bigger tents, and wait for the messenger who will come out of the west.' Dan does this and when the messenger arrives, his adventures begin. What are the adventures you ask? Well you'll have to download and read this book for yourself to find out. 10% of the profit from the sale of

The Family: Book six of the Sandie Shaw Mysteries R T Green, 2023-05-29 Revenge can be a force hard to fight. When it's a family matter, sometimes it works both ways. Even after nine years. Sandie and Daphne discover their office has been wrecked. It's one day after the crime boss who Sandie's father was responsible for putting away died in prison. Nine years have passed since he brought down the family, and lost his life in doing it. It was the tragic event that led to Sandie taking over the family business. For a year afterwards the need for revenge burned away inside her. Then she accepted she'd already got it. The family had been destroyed because of her father's determination to take them down. The head of the family and his eldest son were incarcerated for a long time. The hoods who worked for them but escaped prison went to work for Capone or Moran. The family was no more. Or so Sandie thought. The wrecked office is a sign someone hasn't got closure. It's not difficult to work out who it is. The boss's second son, considered by his father too soft to join the family business, is out to prove he isn't soft at all. It's a dangerous scenario. The message left in the office places a target squarely on Sandie's back. If she doesn't implicate him before he takes the ultimate revenge, lives will be at risk. She's all too aware that someone out to prove he's got what it takes, when in reality he hasn't, makes him the worst kind of loose cannon. The old feelings have returned with a vengeance. When it's a family matter, sometimes it works both ways... Check out everything we do on the rtgreen website. And enjoy!
