Edward S. Young

The Basilica Cistern (Yerebatan Sarayı) and the Other Cisterns of Istanbul Leyla Tonguç, 1988

Cisterns Alireza Dehghani-sanij, Ali Sayigh, 2022-09-01 Cisterns: Sustainable Development, Architecture and Energy was written on beliefs that based on historical evidence and actual findings, Iran is most probably the country where cisterns, or Aub-anbars in Farsi, were first developed and built. Therefore, it is quite natural for the author to name cisterns in the text Aub-anbars, as it has been called for centuries in this country, the translation of the same name having been used in other countries too. Although in some books, journals and papers published out of Iran by foreign and Iranian scholars, the names Cistern or Water Reservoir have been used. The word Aub-anbar is a compound noun in Farsi; Aub means water and Anbar means tank/reservoir. Putting them together gives the noun Aub-anbar and it should be used as one word. People of the region wanting reserved cool water whether in cities or in different locations across the harsh desert during their travel. Rainwater Cisterns Edward S. Young, 1981 In deze technische inleiding over regenwater-reservoirs ten behoeve van huiseigenaren wordt uiteengezet hoe deze kunnen worden gebouwd, welke watertoevoer mag worden verwacht voor het huishouden, en hoe corrosie en verontreiniging van het

The Cistern James N. Ezell, 2017-11-03 What did he see in the photograph taken late one afternoon when the setting sun broke through the clouds? What lay beyond the trees along the stream on the other side of the pasture? A few pixels and shadows lead to an obsession an obsession that might take his life and that of his beloved Genevieve. Nothing could prepare them for the horror that lay ahead.

Frogs in the Cistern Deirdre Potter, 2019-06-04 When a strange noise is heard at night, one little girl and her family set off to follow the noise and solve the mystery. Could there really be frogs in the cistern?

Cistern Secrets Jan Jansen, 2007-06 The story of the love of friends who form familial ties crossing over gender, race, and age. In Michigan's Upper Peninsula, the discovery of skeletal remains of two unknown persons on the property of one of the family members leads to a search for answers that unearth long-buried secrets and reveals heartbreaks long-wished forgotten. The story's main characters are Dora Langer Davis - the family matriarch and potato magnate; Twin Herbert - the mixed-race son of unwed parents and bearer of the family torch; and Sara Miller - the retired police forensic scientist who investigates and reveals many buried secrets. The story opens in 1995 when Sara relates the events of the cistern discovery to old friends who have come to visit her. In telling the story, she travels back and forth in time through the twentieth-century, revealing a mosaic of personalities and intrigue. Historic themes of gender and racial bigotry, Prohibition and bootlegging, economic survival during the Great Depression, and the loss of loved ones in World War II, are touched upon as the characters play out their roles.

The Ladies of Grace Adieu Susanna Clarke,2009-12-21 A gorgeously illustrated book of short stories from the world of Jonathan Strange and Mr Norrell, the 4-million-copy global bestseller 'These tales read as if Jane Austen had rewritten the Brothers Grimm ... wonderful' Spectator Faerie is never as far away as

you think. Sometimes you find you have crossed an invisible line and must cope, as best you can, with petulant princesses, vengeful owls, ladies who pass their time embroidering terrible fates or with endless paths in deep, dark woods and houses that never appear the same way twice. The heroines and heroes bedevilled by such problems in these fairy tales include a conceited Regency clergyman, an eighteenth-century Jewish doctor and Mary, Queen of Scots, as well as two characters from Jonathan Strange & Mr Norrell: Strange himself and the Raven King.

Broken Cisterns Sarah Ivill,2020-07-20 Today many of us are figuratively drinking from broken cisterns that hold no water. Rather than finding satisfaction in God, the Fountain of living waters, we seek to satisfy ourselves with the broken cisterns of this world, and we remain discontented. In **Broken Cisterns** , Sarah Ivill exposes these broken cisterns—addictions to things like social media, physical appearance, shopping, sex, and others. She helps us understand why we are drawn to these things and how dangerous it is to seek contentment in them. Using Scripture, she also gently and practically leads us to the Fountain of living waters, who will transform our hearts and eternally satisfy our thirst. Endoscopic and microsurgical anatomy of the upper basal cisterns Wolfgang Seeger,2008-10-17 This detailed atlas illustrates the anatomical structures of the upper basal cisterns, their topography and relationship to other intra- and extradural structures. The author expands his well-established efforts to convey his outstanding neuroanatomical knowledge to the basal cisterns. His famous anatomical drawings are based upon anatomical preparations, cadaver dissections and intraoperative pictures, in order to point out important aspects concerning microsurgical and endoscopic approaches to these parts of the brain.

Broken Cisterns Francis Schaffer,2003-10 Taken from Jeremiah 2:13, the author contends that the Church has made the same mistake as ancient Israel in forsaking God, the fountain of living waters, and building broken cisterns to take His place.
