Citroen Lance Cole,2014-03-31 In this new view of the Citroen story, automotive/aviation writer and design specialist Lance Cole investigates not just the details of the cars of Citroen, but the aeronautical and cultural origins that lay behind Citroen's form and function. The book digs deep into the ethos of Automobiles Citroen to create a narrative on one of the greatest car manufacturers in history. Using interviews, translations, archive documents and specially-commissioned photographs, the Citroen journey is cast in a fresh perspective. It explains in detail the influences upon Citroen design: Voisin, Lefebvre, Bertoni, Boulanger, Mages, Opron and recent Citroen designers such as Coco, Blakeslee and Soubirou. As well as all the men of the great period of 1920s-1970s expansion, it also cites less well-known names of Citroen's French engineering, design, and influence such as Cayla, Gerin, Giret, Harmand, Dargent and others, to give a full picture of Citroen heritage. The book provides in-depth analysis of all major Citroen models with an engineering and design focus and profiles key individuals and cars up to the present day and Citroen's 'DS'-branded resurgence. It features many newly commissioned photographs, rare archive drawings and interviews with Citroen owners. Researched amongst leading Citroen experts and restorers, Lance Cole provides a fresh perspective on the Citroen car manufacturer, its design language and the legacy of its extraordinary engineering which will be of great interest to all Citroen and motoring enthusiasts. Superbly illustrated with 329 colour photographs, many newly commissioned along with rare archive drawings.

Peugeot 205 T16 Graham Robson,2016-01-21 Four-wheel-drive was authorised in rallying from 1979, but for a time no serious car-manufacturer even tried to harness it to their cars. Soon, though, it was Audi who produced the world's first rally-winning four-wheel-drive car the Quattro. However it was Peugeot who designed, developed, campaigned and won with the first truly sophisticated four-wheel-drive Group B Car the 205 Turbo 16. It was the first truly great, purpose-designed, Group B car. Determined to win at almost any cost, Peugeot hired Jean Todt (who would later transform the fortunes of the Ferrari F1 organisation) in 1981, and set him an ambitious target. His dream car had to be running in 1983, homologated in 1984, and capable of winning World Championships by 1985. Nothing, no excuses and no lack of application, was to get in the way of that. Apart from being obliged to use the silhouette of the still-secret new 205 road car, Todt was able to ask for anything.

Getting approval for whatever he needed and fast-tracking the engineering of the four-wheel-drive rally was not an issue in reaching one simple objective victory. This is precisely what was achieved. This book tells the detailed story, and lists all the cars, the influences, and the personalities behind a magnificent success story. No sooner had the new turbocharged, transverse-mid-engined car started competing than it was ready to win, yet its dominant career was cut short at the end of 1986 by an abrupt change in rallying regulations. Not only is the engineering story laid out in great detail, but the interaction between company personalities, super-star drivers (including Ari Vatanen) and the highly-charged atmosphere of motorsport at this time is all analysed. Because Group B was cancelled even before the 205 T16 had reached maturity, it went on to have a successful career in desert Raid rallies, and at Pike Peak in the USA, all of which is described in this amazingly authoritative study. Packed with illustrations, technical details, facts, figures and successes of this innovative car this book is a must for any rally fan.

My Other Wife Is a Car John M. Wright, 2010-10 Strap yourself in for a light-hearted and passionate celebration of 30 years of driving - the best and worst cars, the biggest lies, the most glorious failures, the cars that got away, and what it feels like to go full throttle for the first time through the kink into Caltex Chase. This book is about the passion of life in the fast lane.

The Bucks Stop Here Jim Parton, 2011-04 Updated edition of the City bestseller, with a brand new epilogue. By most people's standards, Jim Parton was being paid vast sums of money for doing nothing very much in the City. That is until, right in the middle of the recession, he is unceremoniously fired by his ungrateful boss. Sound familiar? Of course. But this is not 2009 mid credit crunch, this is the early 1990s. This a story from the last crisis, telling how Jim survived the shock of losing his job, the fallout from it, and how, despite all of it, he went on to have a happier life (in the end). This is Jim's story of 'before and after'; of Maseratis and designer clothes; of dim people earning disgusting salaries; of fashionable redundancy becoming feared unemployment - and of what really happens when you spend more time with your wife and family. A tale from the previous crash then, but one offering hope to those in the City right now and to those outside the City providing an insight to what life is like for people who populate the Square Mile. Find out what happens when the money stops...
