May,2011-11-01 Fans of the greatest reindeer of all will have a double helping of Christmas fun with this collection, which includes the title story plus Rudolph Shines Again. Near and dear to so many hearts, this is the story, the original story, of Rudolph the Red-Nosed Reindeer, written by Robert L. May in 1939. Rudolph, loveable and generous, humble and good, embodies the spirit of Christmas, and reminds us of the magical possibilities that exist within us all. In the companion story, Rudolph Shines Again, Rudolph loses his light and is certain he is of no use to Santa now; he decides to go far away, where no one knows how bright his nose used to be. But on his journey, something magical happens. As enchanting as the original story, Robert L. May's uplifting sequel to his classic tale Rudolph the Red-Nosed Reindeer is a joyous celebration of the spirit of Christmas. Also included in the audio is a selection of holiday songs for kids to help you ring in the season: Jingle Bells, Up on the Housetop, Deck the Halls, Over the River and through the Woods, We Wish You a Merry Christmas, and O, Christmas Tree.

*The Red and the Black* Stendhal,2015-07-17 Excerpt from The Red and the Black: A Chronicle of 1830 So far, in fact, as what we may call the external physical basis of the story is concerned, the material is supplied not by the life of the author, but by the life of a young student of Besancon, of the name of Berthet, who duly expiated on the threshold that crime which supplied the plot of this immortal novel. But the soul, the brain of Julien is not Berthet but Beyle. And what indeed is the whole book if not a vindication of beylisme, if we may use the word, coined by the man himself for his own outlook on life? For the procedure of Stendhal would seem to have placed his own self in his hero's shoes, to have lived in imagination his whole life, and to have recorded his experience with a wealth of analytic detail, which in spite of some arrogance, is yet both honest and scientific. The Red Spell (Classic Reprint) Francis Gribble,2017-12-22 Excerpt from The Red Spell Certain things happened, it is true - the picturesque things that people talked about. A few priests were arrested - your true Parisian revolutionist is never quite so happy as when he is arresting priests. A few nuns were taken from their convents and packed off to the penitentiary at Saint Lazare - the relations between revolutionists and nuns are nearly always strained. Queer stories were told, too, of the unseemly midnight revelry of loose company at the Prefecture of Police. And detachments of the National Guard, more often drunk than sober, would knock at the door of any house they chose to pitch upon, and search the premises for conspirators, who would be promptly uniformed and marched off to the trenches at Neuilly or Courbevoie. **Into the Red** Nick Mason,Mark Hales,2004 Nick Mason has had a lifelong passion for motor racing. The sports and racing cars he's chosen to own form a unique stable, not just because of their diversity, but because every car is meant to be driven, and driven hard. These are not museum pieces sitting tamely in glass cases. With test driver Mark Hales, Nick Mason has pushed twenty-two of his cars to the limit and created Into The Red, a book which captures the power, the exhilaration and the feel of the actual cars driven by the world's greatest racing drivers, including Enzo Ferrari, Stirling Moss, Jacky Ickx and Mario Andretti. Some are incredibly fast: the powerhouse Porsche 935, the limited edition McLaren F1. Some extremely rare: the legendary V16 BRM is one of only three known to exist. Some highly expensive: the Ferrari 250GT0 had a value of GBP10 million at its peak. And others are all-time classics, including the Bugatti T35B, the Maserati 250F, and the Ferrari T3 that brought Gilles Villeneuve victory in the 1978 Montreal Grand Prix. But although their past is what makes the cars so special, each car has been put through the same demanding test sequence at Silverstone, using the latest equipment, no quarter given. The results are often surprising. Mark Hales details the distinctive sensations,

sounds and vibrations of each car's handling ability, down to the feel of the gears and the response of the brakes. Nick Mason gives his personal view of the history and heritage of each model, with the inside track on the ups and downs of collecting classic cars.

**Red Russia (Classic Reprint)** John Foster Fraser,2018-03-13 Excerpt from *Red Russia* A chocolate-faced, smirking, Slit-eyed, crop headed Japanese moves down the circle between many tables. He is in evening dress, and bows and shakes hands and puts his hand over his heart and bows again - for no foreigner is more popular in the capital Of Russia to-day than the Japanese. There is no enmity in the heart of the Russian that the little, ill-shaped people Of the Far East should have overthrown the big Muscovite in combat. The young generals and the young armies of France marched on with firm and rapid tread, victory waiting upon them at every' step. The readings included treat the most important issues in the database area--the basic material for any DBMS professional. This fourth edition has been substantially updated and revised, with 21 of the 48 papers new to the edition, four of them published for the first time. Many of the sections have been newly organized, and each section includes a new or substantially revised introduction that discusses the context, motivation, and controversies in a particular area, placing it in the broader perspective of database research. Two introductory articles, never before published, provide an organized, current introduction to basic knowledge of the field; one discusses the history of data models and query languages and the other offers an architectural overview of a database system.
