Under A Velvet Cloak Piers Anthony, 2015-07-21 Nox, the Incarnation of Night and Mistress of Secrets... It is the year 500 AD. Kerena, a beautiful young girl living near King Arthur's Camelot, is apprenticed to Morely the Seer. Morely teaches her fantastic magic, but when he mysteriously disappears, Kerena finds herself out on the street and must resort to prostitution to survive. Kerena prospers as a skilled courtesan until she is taken into service by Morgan le Fey, the sorceress sister of King Arthur. Kerena's knowledge of magic grows as she is required to carry out nefarious deeds for the evil Lady Fey. One of her missions is to seduce Sir Gawain, Knight of the Round Table, to prevent him from locating the Holy Grail. But Gawain and Kerena fall in love and she conceives his child, a child she discovers is cursed to die an early death. Using her Seer abilities, Kerena tries to locate the fabled Incarnations of Immortality, seeking their aid in removing the taint from her baby. Rebuffed by all seven major Incarnations, Kerena vows revenge. But revenge against such mighty immortals would require an even greater power... (Book 8 of Piers Anthony's Incarnations of Immortality series.)

The Invisibility Cloak Ge Fei, 2016-10-11 An NYRB Classics Original The hero of *The Invisibility Cloak* lives in contemporary Beijing—where everyone is doing their best to hustle up the ladder of success while shouldering an ever-growing burden of consumer goods—and he's a loser. Well into his forties, he's divorced (and still doting on his ex), childless, and living with his sister (her husband wants him out) in an apartment at the edge of town with a crack in the wall the wind from the north blows through while he gets by, just, by making customized old-fashioned amplifiers for the occasional rich audio-obsessive. He has contempt for his clients and contempt for himself. The only things he really likes are Beethoven and vintage speakers. Then an old friend tips him off about a special job—a little risky but just don't ask too many questions—and can it really be that this hopeless loser wins? This provocative and seriously funny exercise in the social fantastic by the brilliantly original Ge Fei, one of China's finest living writers, is among the most original works of fiction to come out of China in recent years. It is sure to appeal to readers of Haruki Murakami and other fabulists of contemporary irreality.

The Girl in the Cloak F. A. Fisher, 2018-07-28 The long-awaited third book in the CLOAKS series! Hundreds of years ago, the Settlers created the quistrils to kill for them, then die for them--ultimately leaving the planet empty for them. Their plans didn't work as expected, and now the Settlers are gone; but the quistrils remain, keeping the world stagnant under their authoritarian rule. Heldrick has been fighting a lone battle against quistril domination for years, but with the recent coup, he's suddenly become the Ascendant of Kallikot Citadel. It's a great opportunity to institute change--except that in order to secure his position, he seems forced into taking the very actions he's been fighting against. As if that weren't enough, Estrienn, one of his closest associates, is actually a spy for Norvenmot. But Estrienn has her own difficulties. Over the past six months her respect for Heldrick

has grown, and she's fallen in love with Grayvle, Heldrick's prime lieutenant. Everything was fine while Heldrick and Grayvle were fighting against the Citadel, but now that Heldrick is in charge of it, her Norvenmot masters are pushing harder for information that she's no longer anxious to provide. No matter which course she takes, she'll feel like a traitor. Meanwhile, Norvenmot itself is hatching plans that not even Estrienn is aware of. And a small village near the Norvenmot-Kallikot border may just be getting ready to take actions that could spell disaster--for everyone.

Firefly Cloak Sheri Reynolds, 2012-08-21 Firefly Cloak is the powerfully vivid coming-of-age story of Tessa Lee, who, after being abandoned by her mother, sets off on a risky journey to discover what she has lost. When eight-year-old Tessa Lee and her brother, Travis, are abandoned in a campground by their desperate mother and her boyfriend of the moment, they are left with only two things: a phone number written in Magic Marker on Travis's back and their mother's favorite housecoat, which she leaves wrapped around her sleeping children. This housecoat, painted with tiny fireflies, becomes totemic for Tessa Lee, providing a connection to her past and to the beautiful mother she lost. Seven years later, when word arrives that her mother has been spotted working at a tourist trap on a seaside boardwalk not far from where Tessa Lee lives, she sets off on a dangerous journey to try to recover what has been taken from her. Steeped in the rich Southern atmosphere for which Sheri Reynolds has long been hailed, Firefly Cloak is a vivid coming-of-age novel of family, loss, and redemption.

Serafina has never had a reason to disobey her pa and venture beyond the grounds of the Biltmore estate. There's plenty to explore in her grand home, although she must take care to never be seen. None of the rich folk upstairs know that Serafina exists; she and her pa, the estate's maintenance man, have secretly lived in the basement for as long as Serafina can remember. But when children at the estate start disappearing, only Serafina knows who the culprit is: a terrifying man in a black cloak who stalks Biltmore's corridors at night. Following her own harrowing escape, Serafina risks everything by joining forces with Braeden Vanderbilt, the young nephew of the Biltmore's owners. Braeden and Serafina must uncover the Man in the Black Cloak's true identity...before all of the children vanish one by one. Serafina's hunt leads her into the very forest that she has been taught to fear. There she discovers a forgotten legacy of magic, one that is bound to her own identity. In order to save the children of Biltmore, Serafina must seek the answers that will unlock the puzzle of her past.
