*The Mighty Lwf* C. M. Venom, 2014-05-31 The Mighty LWF is the true story of the Lunatic Wrestling Federation, the renegade Chicago wrestling company that started former WWE Champion CM Punk on his path to the top. Written by CM Venom, co-founder of the LWF and CM Punk's ex-tag team partner, The Mighty LWF is an exciting tale of friendship, family, business, and ultimately, betrayal. The LWF had been reduced to a footnote on a Wikipedia page, and that's gone on for far too long. author CM Venom says. CM Punk's version of the

past was that he was the only one serious about the business, and left the LWF behind when we didn't share his passion. In reality, his ego grew to uncontrollable heights, and he eventually attempted to destroy his friends, family, and the very company that he helped build from the ground up. There's a lot about his actions in the past that CM Punk doesn't want anyone to know. The Mighty LWF isn't written to be a hatchet job or a sordid tell-all about CM Punk, but is an accurate and sometimes irreverent history of the LWF from the very beginning, detailing both the good and the bad. Dissatisfied with the direction of televised pro wrestling, several like-minded friends created the LWF, which quickly grew into a coarse and borderline vulgar form of guerrilla wrestling theater. After plying their trade in a home-built ring in front of hundreds of ravenous fans, the LWF eventually decided to go legitimate, and faced a massive uphill battle trying to break into the closeted Chicago wrestling scene. Driven by their manic and arrogant creative spirit, they defied all conventional wisdom by succeeding in changing the very landscape of professional wrestling in Chicago. The Mighty LWF is also available in e-book format on the Amazon Kindle store at <http://www.amazon.com/dp/B00KMHP0JW> And please leave a review! It would be greatly appreciated. ABOUT THE AUTHOR CM Venom is a co-founder of the Lunatic Wrestling Federation, and for over a decade, acted as booker, commentator, wrestler, and company historian. Having been present at the very beginning and during the meteoric rise of the LWF, he is uniquely qualified to chronicle the company's turbulent history. He is also a Staff Writer for Absolutely Reliable News & Rumors, and is the creator of Thag the Brute, the weekly National Football League caveman columnist featured on 411Mania.com. **MOX** Jon Moxley, 2021-11-02 A vivid trip through the mind of the top professional wrestler in the business—a nobody from nowhere who achieved his ambitions and walked away with the gold and the girl of his dreams. Ride alongside Jon Moxley as he retraces some of the highways traveled on his remarkable journey. Revel in the never-before-told stories about his early life in Cincinnati, Ohio; the gritty independent wrestling scene where he cut his teeth; the complicated corporate landscape of the WWE where he bucked against authority; and the rebellious upstart AEW, where he won the championship in 2020 and was finally free to achieve the vision of the wrestler he'd always wanted to be. With plenty of pitstops and revelatory insights, including grisly ultraviolent encounters, crazy characters who became lifelong friends, and his unforgettable matches in Japan, MOX is the riveting account of the life of a brawler. It is a tale written in blood and soaked in debauchery, with a good dose of wisdom accumulated along the way. More than a backstage pass into the arena, MOX is a ticket into the ring. Once inside, you'll never look at pro wrestling the same again.

**#WWE** Dru Jeffries, 2019-12-01 The millions of fans who watch World Wrestling Entertainment (WWE) programs each year are well aware of their role in building the narrative of the sport. **#WWE: Professional Wrestling in the Digital Age** explores the intersections between media, technology, and fandom in WWE's contemporary programming and business practices. In the Reality Era of WWE (2011 to the present), wrestling narratives have increasingly drawn on real-life personalities and events that stretch beyond the story-world created and maintained by WWE. At the same time, the internet and fandom have a greater influence on the company than ever before. By examining various sites of struggle and negotiation between WWE executives and in-ring performers, between the product and its fans, and between the company and the rest of the wrestling industry, the contributors to this volume highlight the role of various media platforms in shaping and disseminating WWE narratives. Treating the company and its product not merely as sports entertainment, but also as a brand, an employer, a company, a content producer, and an object of fandom, **#WWE** conceptualizes the evolution of professional wrestling's most successful company in the digital era.
