Jaed Coffin

The Coffin Phil Hester, 2001 Dr. Ahmad has found a way to keep the soul alive- a complex suit that houses the inner being of the deceased.

The Coffin of Heqata Harco Willems, 1996 The coffin published in this book represents a type that had some popularity in southern Upper Egypt in the early Middle Kingdom, but which, despite its extraordinary decoration had not attracted attention so far. The most striking feature of the decoration is that the object friezes - the pictorial rendering of ritual implements usually found on coffin interiors of the period - also include complete ritual scenes, some of which are attested only here. Apart from this, the decoration includes an extensive selection of the religious texts known as the Coffin Texts. The author first studies the archaeological context and dating of the coffin and attempts a reconstruction of the construction procedures from his technical description of the monument. The detailed account of the decoration in the rest of the book interprets the ritual iconography and offers fresh translations and interpretations of the Coffin Texts. A methodological innovation is that he regards the scenes and texts not as individual decoration elements, but as components of an integral composition. The background of this composition is argued to be a view of life in the hereafter in which the deceased is involved in an unending cycle of ritual action which reflects the funerary rituals that were actually performed on earth. On the one hand, these netherworldly rituals aim at bringing the deceased to new life by mummification, on the other the newly regenerated deceased partakes in embalming rituals for gods representing his dead father (Osiris or Atum). These gods, in their turn, effectuate the deceased's regeneration. The entire process results in a cycle of resuscitation in which the afterlife of the deceased and of the 'father gods' are interdependent. The sociological bias of this interpretation, with its emphasis on kinship relations, differs significantly from earlier

attempts to explain Egyptian funerary religion.

Rose Coffin M. P. Kozlowsky, 2019-10-15 Rose Coffin can't win. She's teased for her secondhand clothes. She's teased for blushing all the time. And she's teased for slipping into song at inopportune moments, though that's the only thing that keeps her panic at bay. After a particularly mortifying incident, Rose escapes to the woods where she's captured by a group of otherworldly creatures. They take her to Eppersett-a magical, eerily beautiful place where cemeteries are full of dead dreams, moving castles roll along on tracks, and most shocking of all . . . people seem to love Rose at first sight. They tell her that she's the one they've been waiting for. The one who's going to save them. An evil force called the Abomination is on the loose, and there's only one thing powerful enough to stop it-her voice. There's just one catch. Rose hasn't been brought to Eppersett to fight the Abomination. She's going to be sacrificed to it. She's the chosen one all right . . . the one who's been chosen to die. In this startlingly original fantasy, M.P. Kozlowsky takes readers on a journey like no other-an adventure that'll transform everything you thought you knew about friendship, love, and the true power of finding your voice.

Coffin Hardware in Nineteenth-century America Megan E

Springate,2016-06-16 Using data from archaeological excavations, patent filings, and marketing catalogs, this book provides a broad view of the introduction, spread, and use of mass-produced coffin hardware in North America. At the book's heart is a standardized typology of coffin hardware that recognizes stylistic and functional changes and a fresh look at the meanings and uses of the various motifs and decorative elements. Within the discussion of mass-produced coffin hardware in North America is new work connecting the North American industry with its British antecedents and a fresh analysis of the prime factors that led to the introduction and spread of mass-produced coffin hardware. Extensively illustrated with examples of coffin hardware to aid scholars and professionals in identification.

Tristram's Treasures Sally Coffin,2018-01-19 I have created this artistic expression of a storybook version of the Coffin Family legacy, with original paintings, collages with vintage photos, into illustrations for a special coffee-table book, the true story of the seafaring Coffin Family legacy, connecting their historical homes, historical museums, and events, beginning in Normandy, France. The Norman Coffins lived in possession of Chateau Cortiton in 1066, which still stands today. After migrating to England with William the Conqueror in the 1200s, Sir Richard Coffin built Portledge Manor in Devonshire, England, also still standing today. In 1642, Tristram Coffin Sr. of Devonshire, England, with his family, left a civil war and was among the first of the race that settled in America. Living alternatively in the colony of Massachusetts, he arranged for the purchase of Nantucket and Martha's Vineyard by a company he organized of nine men on July 2, 1659. The fourth son of Tristram Coffin, Sr., was John Tristram Coffin, who was the first of the Coffins to take up residence on Martha's Vineyard and was a notable blacksmith and considerable owner of real estate. My family line is directly linked to John Coffin. He died on September 11, 1711, leaving the oldest headstone on Martha's Vineyard. Continuing is the story of

Abigail Starbuck Coffin, doctor/midwife. She was a daughter of the Mormon pioneers who was caught in the western swirl of migration. Another connection is automobile magnate Howard E. Coffin, the Father of Standardization, predecessor of United Airlines, a prince of Detroit, and the king of the Georgia Coast. He shared in the visionary influence of his ancestors from Nantucket Island in the 1600s and thus extended Tristram Coffin's legacy to the southeastern Atlantic coast of Georgia. In this way, the original owners of Nantucket Island, Martha's Vineyard, and Sea Island, Georgia, connect over three hundred years, just one of many Coffin connections. To me, my ancestors are timeless. They are like a rare and treasured collection of antiques from a time gone by. They could be called, Tristram's Treasures. Time can be eerie, especially when our ancestors have left behind so many indelible footprints all throughout American history. It's as though a part of them will never really be gone and that has inspired me to create a special storybook where they all belong, with their historical homes, museums, famous and epic stories, along with their outstanding achievements, monuments, and headstones, that even time can never erase. I invite you, the reader, through my original collages of artwork to follow me on this epic journey as we look at the Coffin Family legacy and the many connections they share throughout American history.

Gleaming Coffins. Iconography and Symbolism in Theban Coffin Decoration (21st Dynasty) Rogério Sousa, 2018-03-15

Egyptian coffin decoration is a complex and multidimensional phenomenon with its own history and evolution. 'Yellow' coffins were crafted in Thebes during a particular critical period in the Egyptian History, witnessing to a situation of political unrest and severe economic scarcity affecting Egypt, the Near East and the Mediterranean. And yet, there is no evidence for a decline in the production of these outstanding funerary artefacts. On the contrary, the corpus of 'yellow' coffins outnumbers the previous types of Egyptian anthropoid containers and stands out among the most complex and sophisticated objects ever crafted in the Ancient World. Besides this historical paradox, the 'yellow' corpus presents important epistemological challenges for our understanding of Egyptian material culture: what kind of space is created within the walls and forms of an anthropoid coffin? What role plays variability and change in this process? Last but not the least, can we understand the meaning behind the multiple shapes and endless variations adopted in coffin decoration during this period? This book addresses these questions presenting the results of a comparative study on coffin decoration involving an extensive sample of objects from the 'yellow' corpus dispersed in museums around the world. The results of this study reveal the principles of composition that ruled the work of the ancient Theban craftsmen and show how important coffin decoration was for the Theban priesthood of Amun to convey their own corporative values.

Coffin Honey Todd Davis, 2022-02-01 In *Coffin Honey*, his seventh book of poems, celebrated poet Todd Davis explores the many forms of violence we do to each other and to the other living beings with whom we share the planet. Here racism, climate collapse, and pandemic, as well as the very real threat of extinction—both personal and across ecosystems—are dramatized in intimate portraits of Rust-Belt Appalachia: a young boy who has been sexually assaulted struggles with dreams of revenge and the possible solace that nature might provide; a girl whose boyfriend

has enlisted in the military faces pregnancy alone; and a bear named Ursus navigates the fecundity of the forest after his own mother's death, literally crashing into the encroaching human world. Each poem in *Coffin Honey* seeks to illuminate beauty and suffering, the harrowing precipice we find ourselves walking nearer to in the twenty-first century. As with his past prize-winning volumes, Davis, whose work *Orion Magazine* likens to that of Wendell Berry and Mary Oliver, names the world with love and care, demonstrating what one reviewer describes as his knowledge of "Latin names, common names, habitats, and habits . . . steeped in the exactness of the earth and the science that unfolds in wildness."

A Double Coffin Gwendoline Butler, 2014-08-14 John Coffin is left reeling after the former Prime Minister makes a shocking confession. A dark and gripping crime novel from one of the most appraised English mystery writers, perfect for fans of Agatha Christie.

Roughhouse Friday Jaed Coffin, 2019-06-18 A beautifully crafted memoir about fathers and sons, masculinity, and the lengths we sometimes go to in order to confront our past [A] lucidly written memoir . . . Coffin's triumph lies in ridding the language of his father, a language that compelled him to dwell in a house he did not recognize. —Matthew Janney, *The Los Angeles Review of Books* While lifting weights in the Seldon Jackson College gymnasium on a rainy autumn night, Jaed Coffin heard the distinctive whacking sound of sparring boxers down the hall. A year out of college, he had been biding his time as a tutor at a local high school in Sitka, Alaska, without any particular life plan. That evening, Coffin joined a ragtag boxing club. For the first

time, he felt like he fit in. Coffin washed up in Alaska after a forty-day solo kayaking journey. Born to an American father and a Thai mother who had met during the Vietnam War, Coffin never felt particularly comfortable growing up in his rural Vermont town. Following his parents' prickly divorce and a childhood spent drifting between his father's new white family and his mother's Thai roots, Coffin didn't know who he was, much less what path his life should follow. His father's notions about what it meant to be a man—formed by King Arthur legends and calcified in the military—did nothing to help. After college, he took to the road, working odd jobs and sleeping in his car before heading north. Despite feeling initially terrified, Coffin learns to fight. His coach, Victor "the Savage," invites him to participate in the monthly Roughhouse Friday competition, where men contend for the title of best boxer in southeast Alaska. With every successive match, Coffin realizes that he isn't just fighting for the championship belt; he is also learning to confront the anger he feels about a past he never knew how to make sense of. Deeply honest and vulnerable, Roughhouse Friday is a meditation on violence and abandonment, masculinity, and our inescapable longing for love. It suggests that sometimes the truth of what's inside you comes only if you push yourself to the extreme.
